AUSTIN INDEPENDENT SCHOOL DISTRICT

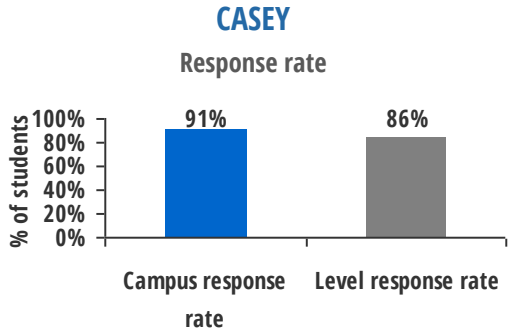
AISD Student Climate Survey: Results for Spring 2014 Through 2017

CASEY

Evidence indicates that positive school climate fosters a positive learning environment for students. Also, researchers have documented that a positive school climate helps increase school success among students from economically disadvantaged schools (Voight, Austin, & Hanson, 2013). This report displays school climate ratings for your school for the past three years, along with the 2017 ratings for all AISD schools at this level.

Survey Results

For each item in this report, the number displayed represents the percentage of students who agreed the statement is true a lot of the time or sometimes. Arrows indicate statistically meaningful changes from one year to the next. Items marked with * were not asked that year. To access reports from previous years, please visit the Department of Research and Evaluation's (DRE) website.



Behavioral environment

	CASEY				All ES
	2014	2015	2016	2017	2017
My classmates show respect to each other.	91% ↑	84% ↓	85%	86%	88%
