

REQUEST FOR AWARDING OF G/T CREDIT: CAMPUS LEVEL

The Department of Advanced Academic Services recognizes that select professional development offered at the campus level merits consideration for the awarding of G/T credit. In an effort to ensure that G/T credit is being awarded for staff development that reflects the goals and objectives of the AISD gifted program, the Texas State Plan for the Education of Gifted and Talented, and best practices in gifted education, the following procedure has been implemented.

G/T credit offering will be determined solely by the Department of Advanced Academic Services, and only those sessions that have been pre-approved using this form will qualify for the awarding of G/T credit hours. If you have a professional development offering that you feel merits consideration for awarding G/T credit, please complete this form and submit it for consideration to Dr. Jim Granada, Director, Advanced Academic Services, CAC.

Workshop Title: _____

Description:
(Attach outline
or agenda) _____

Presenter: _____

G/T credit hours requested _____ Total number of workshop hours _____

Please describe below the workshop presenter's qualifications to present material addressing the specific needs of gifted students (must have completed the initial 30 hours of G/T training): _____

What specific characteristics or areas of giftedness does the content of this workshop address? _____

How does this workshop specifically address the State Standards for gifted education (attached) and, if a curriculum/instruction workshop, the AISD Gifted Education Scope and Sequence?

Address below any specific approaches or strategies that will be presented in the workshop that support differentiation of instruction for high ability learners as defined by C. Tomlinson:

This completed form, with attached outline/agenda, will serve as documentation of workshop content. Workshops will need to meet all the above criteria to be considered for G/T credit. If approved, upon completion of the workshop, please submit registration forms for each teacher for processing and recording. Each campus is responsible for creating certificates for campus-level staff development, and copies of certificates of completion need to be submitted to the Department of Advanced Academic Services for filing.
