<sup>1</sup>The Met Standard for TAKS in Spring 2003 was 2 SEM (standard errors of measurement) below the State Board Panel's Recommendation. In Spring 2004 the Met Standard value equaled 1 SEM below the Panel's Recommendation for Grades 3-10. To complete the phase-in of the Panel's Recommendation, the Met Standard will move to the Panel's Recommendation in 2005. For comparative purposes, 2003 TAKS results shown here were recalculated at the 1 SEM level for Grades 3-10. Results for Grade 11 remain calculated at the 2 SEM level, to reflect the SBOE's decision to hold that cutoff level for this particular cohort of students.

Note: Results presented do not reflect those of the accountability (non-mobile) subset and thus will not match what appears in AEIS reports.
