# Listening to Students: Sample of AVID Insights

---

Things that are NOT working for students, related to **Academics & CTE**:

- “There are not enough language classes, there should be at least 2 other options besides Spanish.”
- “There should be more options of career classes such as Workshop and Culinary.”
- “Too much homework, referrals and detentions given for too small of things, dress code is too strict and not applied fairly to all students (like certain groups and girls and curvier girls)”
- “...too much testing (put a cap on number of tests)”
- “The way we are taught. The content of the assignments is basic.”

Things that are NOT working for students, related to **Facilities**:

- “The old building looks like a prison. The bathrooms are terribly managed.”
- “We need to have different types of rooms, such as student spaces where students can hang out, relax, meditate, and calm down so that they can make better choices. Right now, students are crammed together, there aren’t enough working bathrooms, and students end up getting into trouble.”

A **goal** is the result of what AISD plans to accomplish

A **strategy** is the method(s) by which the goal is achieved
