

# REALTOR TOUR OF SCHOOLS

Join us **Monday, April 29** for an exclusive tour of three Austin ISD schools!

## Tour Highlights

At **Palm Elementary School** (7601 Dixie Drive) we believe that through vibrant and engaging learning experiences, we will inspire independent thinkers to become lifelong learners. Palm is dedicated to providing students the tools they need to become responsible, contributing members of society. By working together in a supportive environment, we encourage students to reach their optimum levels of academic, social, physical, cultural and emotional achievement. At Palm, we foster the development of a positive attitude in all of our students, providing them with hope for a bright future and inspiration to be their best.

**Bailey Middle School** (4020 Lost Oasis Hollow) located in southwest Austin, offers a comprehensive middle school program for students in grades 6-8. The mission of Gordon A. Bailey Middle School is to educate all students so that they may achieve their maximum intellectual potential. Bailey Middle School offers a supportive atmosphere where staff, parents and community members work together to provide a variety of opportunities for students to grow socially, emotionally, physically, and aesthetically. Nationally recognized programs in band and orchestra, an award-winning yearbook program, and athletics and cheering programs are among more than 25 clubs and student activities offered at Bailey.

**Akins High School** (10701 S. First St.) located in far south Austin, is made up of six learning communities. Arts & Humanities, Business & Leadership, Green Tech, New Tech, Social Services and T-STEM. Through this structure, students are exposed to college and career pathways while receiving individualized instruction. The Akins High School community educates every student to be self-sufficient, strengthens every student to face challenges of mind and heart, and nurtures every student to become lifelong learners in a diverse world.

The school's namesake, Dr. W. Charles Akins, helped lead the change for Austin schools to value diversity, set high expectations and offer students and staff the opportunity to achieve their fullest potential.
