

Austin Independent School District / Overview of District Advisory Bodies

Descripción General de los Órganos Asesores del Distrito

District Policy BDF(Local) assigns the administration of each advisory body to either the Superintendent or the Board, and provides standards and expectations for all AISD advisory bodies, including websites, formal bylaws (for standing advisory bodies) or charters (for ad hoc advisory bodies), open meetings, and biennial sunset reviews. Although each advisory body has its own specialized staff assigned to it for support, the Superintendent ensures that a Coordinator of District Advisory bodies provides general oversight for implementation of policy BDF(Local). Bylaws were updated during the 2021-2022 school year and are being implemented beginning this school year.

La Política del Distrito BDF(Local) asigna la administración de cada órgano asesor al Superintendente o a la Junta y establece normas y expectativas para todos los órganos asesores de AISD, incluyendo sitios web, reglamentos formales (para órganos asesores permanentes) o estatutos (para órganos asesores ad hoc), reuniones abiertas y revisiones bienales de continuidad. Aunque cada órgano asesor cuenta con su propio personal especializado para brindar apoyo, el Superintendente garantiza que un Coordinador de Órganos Asesores del Distrito supervise la implementación de la política BDF(Local). Los reglamentos fueron actualizados durante el año escolar 2021-2022 y están siendo implementados a partir de este año escolar.

There is a main website for all district-level advisory bodies, at: <http://www.austinisd.org/advisory-bodies>. This “umbrella” website includes:

- Links to individual websites for all district advisory bodies
