

2020-2021 Return to Fall Athletics

General Operational Guidelines, Rules, and Safety Procedures

Required Screening

If staff have not been screened by the school for purposes of participating in instructional activities, schools must implement these screening protocols before allowing staff to participate in UIL activities.

1. Schools must require staff to self-screen for COVID-19 symptoms before participating in UIL activities or entering areas where UIL activities are being conducted. Symptoms are listed at the end of this document. The self-screening should include staff taking their own temperature. Staff must report to the school if they themselves have COVID-19 symptoms or are lab-confirmed with COVID-19, and, if so, they must remain off campus and away from areas where UIL activities are being conducted until they meet the criteria for re-entry as noted below. Additionally, they must report to the school if they have had close contact with an individual who is lab-confirmed with COVID-19, as defined at the end of this document, and, if so, must remain off campus and away from areas where UIL activities are being conducted until the 14-day incubation period has passed. Close contact is defined in this document below.
2. Parents must ensure they do not send a student to participate in UIL activities if the student has COVID-19 symptoms (as listed in this document) or is lab-confirmed with COVID-19 until the below conditions for re-entry are met. School systems may consider screening students for COVID-19 as well. Screening is accomplished by asking questions by phone or other electronic methods and/or in person. The screening questions should also be asked of a student's parent if that parent will be dropping off or picking up their student from inside areas where UIL activities are being conducted.
3. Before visitors are allowed access to areas where UIL activities are being conducted, school systems must screen all visitors to determine if they themselves have COVID-19 symptoms (as listed in this document) or are lab-confirmed with COVID-19, and if so, they must remain off campus and away from areas where UIL activities are being conducted until they meet the criteria for re-entry as noted below. Additionally, school systems must screen to determine if visitors have had close contact with an individual who is lab-confirmed with COVID-19, and if so they must remain off campus and away from areas where UIL activities are being conducted until the 14-day incubation period has passed. When practical, screening questions could be supplemented with temperature checks of adults.
4. Schools are permitted to prevent any individual who fails the screening criteria from being admitted into school facilities or sites where UIL activities are being conducted until they meet the criteria for re-entry as described below. Any individual for whom screening cannot be confirmed should be presumed symptomatic until confirmed otherwise.

Locker Rooms and Other Congregate Settings

1. Schools should make hand sanitizer, disinfecting wipes, soap and water, or similar disinfectant readily available in these areas.
2. All congregate areas should be regularly and frequently cleaned and disinfected including all frequently touched surfaces such as doorknobs, tables, chairs, lockers, and restrooms.
3. Any equipment that will be kept in student lockers and/or in these areas should be thoroughly cleaned and disinfected each day prior to students accessing these areas. Schools should develop a plan for managing the storage, cleaning and disinfecting, and redistribution of student equipment.

4. Schools should consider identifying staff to monitor locker rooms and other areas where students may congregate to ensure effective use of school protocols. When possible, schools should open windows and/or doors or otherwise work to improve air flow by allowing outside air to circulate in these areas.
5. Schools must require staff and students to wear face coverings while inside locker rooms, meeting rooms, training rooms, band halls and other areas where students may congregate other than shower facilities.
6. As part of their overall plan, schools should develop a plan for mitigating risk of spreading COVID-19 when disinfecting, cleaning, and laundering items such as towels, practice clothes, and uniforms. This plan should include protocols for redistributing these items to students. Involved staff should be trained specifically on these protocols.

Practice Activities

In addition to the above general guidelines and rules in the UIL Constitution and Contest Rules and UIL manuals and handbooks, the following applies to practice activities during the 2020-2021 school year.

1. All surfaces in practice areas should be thoroughly disinfected throughout and at the end of each day.
2. Any equipment should be regularly disinfected before, during, and after practice sessions.
3. Schools may provide food, water or other drinks. If they provide these items, schools should do so in a manner that ensures students are not sharing these items.

Face Coverings

Executive Order GA-29, regarding face coverings, applies to all UIL activities effective July 3, 2020. This includes the 2020-2021 school year. As the public health situation changes, and/or if subsequent Executive Orders are issued by Governor Greg Abbott, these guidelines may be further modified.

1. For the purposes of this document, face coverings include non-medical grade disposable face masks, cloth face coverings (over the nose and mouth), or full-face shields to protect eyes, nose, and mouth.
2. All employees, parents, visitors and students ten years of age or older must wear face coverings or face shields upon entry to an area where UIL activities are being conducted and when not actively practicing or playing in the contest, unless an exception listed below applies.
3. The face coverings requirements do not apply to a school in a county that meets the requirements of paragraph 11 of Executive Order GA-29, unless the local school system chooses to implement these requirements locally. Even in these circumstances, the wearing of face coverings or face shields is strongly encouraged.

Exceptions to the wearing of face coverings or face shields include:

- Any person with a medical condition or disability that prevents wearing a face covering;
- While a person is consuming food or drink;
- While the person is in a swimming pool, lake, or similar body of water.
- When a congregating group of persons maintains at least 6 feet of social distancing; or
- Any other reason or circumstance indicated under Executive Order GA-29.

Game, Contest, and Event Management

In addition to the above guidelines and rules in the UIL Constitution and Contest Rules and UIL manuals and handbooks, the following applies to games, scrimmages, and events:

Teams and Participants

1. If the school is planning to offer transportation for students, schools should follow TEA guidance related to such transportation.
2. Teams and participants are required to wear face coverings as described in Executive Order GA-29.
3. The host site should designate a cleaned and disinfected area for teams to unload and load buses separate from fans, spectators, and other individuals not essential to the team or group.
4. Visiting team /group locker rooms should be cleaned and sanitized by the host site before the visiting team arrives. Visiting teams/groups are responsible for cleaning and disinfecting equipment once it is unloaded. Schools should limit access to these facilities to only students and staff essential for the game, contest, or event.
5. Before each game, contest, or event, schools should follow the screening protocols described above to screen all staff members, contractors, volunteers, sports officials, contest judges, and any individuals

otherwise involved in working the event. These individuals should also self-screen as described in these screening protocols.

6. Fan and spectator areas including bleachers, stands, walkways, and other spectator areas should be at least six feet from team /group areas such as team benches or performance areas. Where distancing is not feasible, other methods should be utilized to slow the spread of COVID-19, such as face coverings, implementing engineered controls such as physical barriers, or other risk mitigation efforts the school deems appropriate.
7. As previously indicated, water or other drinks and/or food may be provided. Schools or host sites should consider doing so in a manner that ensures students are not sharing these items.
8. Other areas used by participants, such as press box areas, should be cleaned and disinfected prior to and after use. Sites should develop plans for providing access to these areas that limit or remove potential contact between participants and non-participants.
9. The host site should provide sports and contest officials an area to enter and exit separate from fans when possible. Officials should be provided a dressing and meeting area, if applicable, that has been cleaned and disinfected prior to their arrival.
10. Pregame or pre-event meetings between teams and/or sports and contest officials should be planned to allow appropriate distancing between individuals.
11. Pregame and post-game gestures of sportsmanship should be conducted between teams and sports and contest officials in ways planned to help reduce the risk of spread of COVID-19.
12. All participants should be provided with entry and exit plans for contest areas that maintain separation from non-participants and fans. Individuals not essential to the team or group should not be given access to contest areas, performance areas, courts, or fields at all before, during, or after contests and events.

Student Groups not directly involved in the game or contest

Student groups such as marching bands, cheerleaders, drill teams, and other groups approved by the school district may attend and perform at games or contests in which they are not competing. Schools should consider limiting the number of participants to those essential to the performance.

1. These student groups should remain separate from the game or contest participants at all times. These student groups should avoid mixing with fans or non-group members throughout the game or contest.
2. Student groups are required to wear face coverings as described in Executive Order GA-29.
3. Schools should consider limiting the number of students and staff given access to the playing areas and ensure protocols for entering and exiting the playing areas are in place.
4. Fans and spectators should be located to provide at least 10 feet of distance from bands playing wind instruments from the stands.
5. These students should maintain appropriate distancing from game or contest participants at all times, including when on the sideline.

Spectators, Audiences, Fans and Media

Schools may allow spectators to attend games, contests, or events within a maximum 50% capacity limitation, provided that appropriate spacing between spectators is maintained according to the protocol, and according to the following:

1. Schools and/or host sites should post visible signs and/or messaging stating any individuals who are confirmed to have, suspected of having, are experiencing symptoms of, or have been in close contact with an individual who has been confirmed to have COVID-19 should not enter the facility.
2. Spectators, audiences, fans and media are required to wear face coverings as described in Executive Order GA-29.
3. Sites are encouraged to utilize remote ticketing options to help manage capacity limitations within a maximum 50% occupancy. Paper tickets and programming should be minimized to help avoid transferable materials.
4. If possible, set reserved times for entry to avoid mass arrivals.
5. Groups should maintain at least six feet of distance from other groups at all times, including the process of admission and seating. A group is defined as no more than 10 people including the members of the household and those persons who traveled together to the facility.
6. Schools should not allow seating in consecutive rows, and should block off seating to maintain a minimum six feet of distance between groups.
7. Pathways for spectator ingress and egress should be clearly marked and unobstructed.
8. Schools should provide hand sanitizing stations and/or hand washing stations at entrances and inside the facility.

9. Seating, handrails, and other common surfaces should be cleaned and disinfected prior to each game or contest.
10. Press Box seating should include social distancing of at least six feet between individuals when possible.
11. Schools should limit access to working media providing coverage of the event to ensure protocols are followed.
12. Post-game interviews should be conducted while wearing face coverings and maintaining at least six feet of distance between the interviewer and individual being interviewed.

Concession Stands and Food Service

For games, contests, and events that will include concession stands or other food service, the following guidelines apply:

1. Staff, contractors, and volunteers involved in food service are required to wear face coverings as described in Executive Order GA-29.
2. Sites should avoid leaving condiments, silverware, flatware, glassware, or other traditional table top items on unoccupied tables or at the counter. Sites should only provide condiments or flatware upon request, and in single use, individually wrapped items.
3. Regularly clean and disinfect the food service counters and areas. Clean and disinfect dining areas (tables, etc.) after each patron departs.
4. Limit contact between the individuals involved in food service and patrons as much as possible. Have employees, contractors, and volunteers follow proper food-handling protocols.
5. Before each game, schools should follow the screening protocols described above to screen staff, contractors, and volunteers who will be involved in food service prior to events. These individuals should also self-screen as described in these screening protocols.

Ticketing

Austin ISD will be using only online ticketing for the 2020-21 school year. A link to purchase online tickets will be available on the district Athletics website and on each campus website. After purchase online, the ticket(s) will be emailed to the purchaser so that they may present their electronic ticket(s) via their mobile phone at the gate. Paper tickets will NOT be available at the venue.

- ❖ If the individual has symptoms that could be COVID-19 and wants to return before completing the isolation period, the individual must obtain a note from a medical professional clearing the individual for return based on a diagnosis other than COVID-19.

● COVID-19 Symptoms

In evaluating whether an individual has symptoms consistent with COVID-19, consider the following question: Have they recently begun experiencing any of the following in a way that is not normal for them?

- Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit
- Loss of taste or smell
- Cough
- Difficulty breathing
- Shortness of breath
- Fatigue
- Headache
- Chills
- Sore throat
- Congestion or runny nose
- Shaking or exaggerated shivering
- Significant muscle pain or ache
- Diarrhea
- Nausea or vomiting
