5.	Next Steps	12:55 p.m.	5 mins
6.	Adjourn*	1:00 p.m.	

# Approval of Minutes

# Consideration of Minutes

- BSC Meeting, Tuesday, June 28
- BSC Meeting, Wednesday, June 29

# Finance Update

# Timeline

# Timeline

- **Saturday, July 23 from 9:00 a.m. - 1:00 p.m.** - Complete BSC draft bond package(s)
  - BSC to adopt proposal(s) to forward to the Board
- **Monday, July 25, 6:00 p.m.** - Board Back-up Due - BSC proposal(s) due to the Board for Public Posting by 6:00 pm
- **Thursday, July 28** - Board Work Session
- **Tuesday, August 9** - Board Special Meeting - Vote to Call Board Election

# July 20 BSC Meeting Recap

# What We Heard on July 20

- CTE/Regional Hubs
- Partial / full mods
  - Looking at the cost and size of the mods
  - Phased modernizations at secondary campuses
- Sadler Means
- Open concept campuses
- Security
- Teacher housing
- Martin modernization
- Bear Creek
- New high school in southeast Austin
- Hill Elementary
- Austin High - secure vestibule, athletics
- O. Henry
- 1:1 devices for younger students
- Equity
- Passable
- Do not close schools
- Bus replacements and mission critical projects
- Northeast ECHS fields
- Anderson HS gym
- Security vestibules
- FMP 1-6 and 1-12
- Portables / fencing
- Mendez
- Pre-K
- Oak Springs
- SPED / Cameras
- Nelson Terminal
- McCallum deficiencies
- Work orders / net present value

# Additional Community Feedback

# What We Heard on July 21 (Spanish Session)

## What parts of the draft bond packages are most exciting to you?

- Security
- Improvements to the schools
- Technology
- New buses
- Help to students with special needs
- Special activities like art, dance and sports

## What concerns do you have about the draft bond packages?

- Oak Hill - AC, open concept feels unsafe
- Crockett - in worse shape than some schools that are included
- Williams - Need to be speaking about all schools when it comes to safety, that's more important than technology
- Navarro and Padron - safety more important than anything else
- Barrington - concern what will be done to keep kids safe amid rising COVID levels

## What ideas do you have to strengthen the bond packages?

- Not all schools are accessible for students with disabilities, need accessible exits
- Metal detectors at the doors
- Not familiar with secure vestibules, ideally we would have police officers, that would make me feel safer
- There should be a budget for reinforcement classes (professional development around safety and security) especially since our kids are Hispanic.

# What We Heard on July 21 (English Session)

## What parts of the draft bond packages are most exciting to you?

- Heating/cooling upgrades
- Safety upgrades
- Pecan Springs modernization
- That we are helping underserved communities
- Equity by design - seeing schools that are usually not included be prioritized
- Excited about Proposal B so we can help more students

## What concerns do you have about the draft bond packages?

- Not enough funding for McCallum - as old as Travis, issues with electrical, plumbing and HVAC, facility score
- Safety of previously modernized campuses - all glass
- Safety concerns at Oak Hill - near a gun range, no walls, exterior of both sides of building are solid glass, you can go right up to the building and say HI to kids.
- Concerned with low investments for Lively, Gullett and Highland Park

## What ideas do you have to strengthen the bond packages?

- Oak Hill is close to NXP, AMD, YETI but many at those companies send their kids to private schools in the area. If we modernize Oak Hill, we might be able to get those families. Only Dual Language school in the vertical team. Sometimes overlooked because it's on the west side.
- Students need wifi not just devices. Need to future proof and plan for the next 10 years with technology.

# Special Education Bond Feedback

## What buildings, features, environmental factors prevent a child from being successful?

- Lack of accessible playground and gym equipment
- Issues with entrances/exits - having one accessible exit is not safe in an emergency
- New buildings with interior windows instead of solid walls are distracting for students with attention issues
- Old schools with classrooms that don't have doors

## What things have you seen that you wish all schools had?

- Calming corners or a calm environment in a classroom with attention to lighting
- More and better outdoor spaces, with trees and spaces for children to connect with nature; accessible playgrounds
- Wide hallways, wide doors, accessible bathrooms, sensory equipment for classrooms
- Camera in all eligible Special Education classrooms
- Any kind of sound baffling, especially in gyms, cafeterias, or open echo-y spaces
- All gender neutral bathrooms
- Inclusion design for music might include a few smaller practice rooms for instruction. Would benefit all kids, including those who are overwhelmed by instruction with, say, the whole band or percussion section.

# Draft Bond Packages Discussion and Adoption

# Motions/Votes for Adoption

- Bylaws recommend consensus
  - By a motion and a second, the committee unanimously adopts Proposal(s)
- If no consensus is reached a vote to adopt is allowed
  - By a motion and a second, the committee votes
  - Vote of Y to N is recorded with names of those voting Yes and No
- If multiple proposals, a separate motion should be conducted for each

# Next Steps

# Upcoming Events

- **Wednesday, July 27** - Community Conversations
  - 12 – 1:30 p.m.
  - 6 – 8 p.m.
- **Thursday, July 28** - Board Work Session
- **Tuesday, August 9** - Board Special Meeting - Vote to Call Bond Election

# Thank You

# Adjourn
