Your High School Future Awaits!

CTE PATHWAYS TO YOUR FUTURE

*Build your future through pathways in Career and
Technical Education courses.*

*Students and Parents will discover career clusters and
pathways offered in high school.*

February 3, 2021

8AM to 6PM

REGISTER TODAY!

About this Event

Middle school students and parents will learn about the 13 CTE Career Clusters and diverse pathways offered in each high school. Students will explore topics related to possible careers, courses offered, certifications and more!

Participating friends of CTE include Counselors, the College, Career, and Military Readiness Team, and Family Engagement and Student Support.

Each student will be on their own chromebook or personal device visiting booths at their own pace to explore the different career clusters. All participants must register to attend. On the day of the event, students and participants will enter through:

<https://wfscapitalareacareerexpo.easyvirtualfair.com/>.

Upon "arriving" to the event, attendees will be greeted by a welcome video message and instructions on how to move around in the fair.

Join us from 8am-6pm on February 3, 2021.
