12. **Financial Reports** – Staff and the committee reviewed and discussed this item.

   Mark Grayson asked that the minutes reflect that he already discussed with George Gogonas the 2013 Bond Report. While there have been no significant alterations in the overall view of the 2013 Bond, the report is very different. There are some projects that were formerly listed as inactive that needed to be “reactivated” in order to get them to the financial close-out phase. So, because there are discontinuities between last month’s 2013 Bond Financial Report and this month’s 2013 Bond Financial Report, we should take time to note this fact in the minutes in case anybody in the future wants to know what happened.

13. **HUB Program** – Staff and the committee reviewed and discussed this item.
