Austin Independent School District
Garcia Young Men's Leadership Academy - TIP
2022-2023 Targeted Improvement Plan

Campus Number: 227901064
Board Approval Date: December 15, 2022

Superintendent: Dr. Anthony Mays
DCSI/Grant Coordinator: Dr. Angel Wilson
Principal: Jose Mejia
ESC Case Manager: Adrienne King
ESC Region: 13
Assurances

DCSI/Grant Coordinator

I, the District Coordinator of School Improvement/Grant Coordinator, attest that I will provide or facilitate the provision of all the necessary district-level commitments and support mechanisms to ensure the successful implementation of the Targeted Improvement Plan for this campus. I understand I am responsible for the implementation of all intervention requirements. If I am the principal supervisor, I understand I am responsible for ensuring the principal carries out the plan elements as indicated herein.

Signature: Dr. Angel Wilson

Principal Supervisor

I, as supervisor of the principal for this campus, attest that I will coordinate with the DCSI/Grant Coordinator to provide or facilitate the provision of all the necessary district-level commitments and support mechanisms to ensure the principal I supervise can achieve successful implementation of the Targeted Improvement Plan for this campus. I understand I am responsible for ensuring the principal carries out the plan elements as indicated herein.

Signature: Dr. Angel Wilson

Principal

I, as principal for this campus, attest that I will coordinate with the DCSI/Grant Coordinator (and my supervisor, if they are not the same person) to use the district-provided commitments and support mechanisms to ensure the successful implementation of the Targeted Improvement Plan for this campus. I agree to carry out the plan elements as indicated herein.

Signature: Jose Mejia

Data Analysis

Student Achievement

What accountability goal has your campus set for this year?

This year, the scholars at Garcia YMLA will achieve 70% Approaches, 30% Meets, and 15% Masters across all grades and subjects. This will help us achieve our goal of a 70 (C) in Student Achievement.
School Progress

What accountability goal has your campus set for this year?

This year, 85% of the scholars at Gus Garcia YMLA will meet their personal progress targets in Reading and Math. This will help us achieve our goal of an 93 (A) in Domain 2A and an 89 Overall.
Closing the Gaps

What accountability goal has your campus set for this year?

This year, Gus Garcia YMLA will meet 8 out of 16 Academic Achievement Targets, 16 out of 16 Growth targets, their ELP target, and 2 out of 8 Student Success targets. This will result in a Closing the Gaps score of 80 (B). This will help us achieve our goal of an 89 Overall.
Subject Areas and Student Groups

Which subjects are a focus this year when thinking about student performance? Why have you identified these specific subject areas? What is the intended impact on your accountability domain scores?

This year, Gus Garcia YMLA will focus on African American/Black and Hispanic Mathematics performance at Meets Grade Level. We have not yet met the Closing the Gaps target for either group. By meeting these targets (and others), we will meet our Closing the Gaps score of 80 (B).

Which student group outcomes are you targeting in these goals? What is the intended impact on your accountability domain scores?

This year, Gus Garcia YMLA will focus on African American/Black and Hispanic Mathematics performance at Meets Grade Level. We have not yet met the Closing the Gaps target for either group. By meeting these targets (and others), we will meet our Closing the Gaps score of 80 (B).
Essential Actions

Cycles 1-3

Essential Action 1.1: Develop campus instructional leaders with clear roles and responsibilities.
Implementation Level: Beginning Implementation
Key Practices:

Essential Action 2.1: Recruit, select, assign, induct and retain a full staff of highly qualified educators.
Implementation Level: Partial Implementation
Key Practices:

Essential Action 3.1: Compelling and aligned vision, mission, goals, values focused on a safe environment and high expectations.
Implementation Level: Partial Implementation
Key Practices:

Essential Action 4.1: Daily use of high-quality instructional materials aligned to instructional planning calendars and interim and formative assessments.
Implementation Level: Partial Implementation
Key Practices:

Essential Action 5.1: Effective classroom routines and instructional strategies.
Implementation Level: Partial Implementation
Key Practices: Campus instructional leaders provide training and ongoing support so that teachers effectively use high-quality instructional materials and research-based teaching practices that promote critical-thinking skills and include differentiated and scaffolded supports for students with disabilities, English learners, and other student groups.

Essential Action 5.3: Data-driven instruction.
Implementation Level: Partial Implementation
Key Practices: Teachers use a corrective instruction action planning process, individually and in PLCs to analyze data, identify trends in student misconceptions, determine the root cause as to why students may not have learned the concept, and create plans for instructional adjustments. • Teachers (with content and grade-level teams whenever possible) have protected time build into the master schedule to meet frequently and regularly for in-depth conversations about formative and interim student data, effective instructional strategies, and possible adjustments to instructional delivery focused on meeting the needs of both struggling learners and learners needing acceleration.

Cycle 4

Essential Action 1.1: Develop campus instructional leaders with clear roles and responsibilities.
Implementation Level: Not Yet Started
Key Practices:

Essential Action 2.1: Recruit, select, assign, induct and retain a full staff of highly qualified educators.
Implementation Level: Not Yet Started
Key Practices:

Essential Action 3.1: Compelling and aligned vision, mission, goals, values focused on a safe environment and high expectations.
Implementation Level: Not Yet Started
Key Practices:
Essential Action 4.1: Daily use of high-quality instructional materials aligned to instructional planning calendars and interim and formative assessments.
Implementation Level: Not Yet Started
Key Practices:

Essential Action 5.1: Effective classroom routines and instructional strategies.
Implementation Level: Not Yet Started
Key Practices:

Essential Action 5.3: Data-driven instruction.
Implementation Level: Not Yet Started
Key Practices:
Cycles

Cycle 1 - (Sept – Nov)

Did you achieve your student performance data goals? Why or why not?: Gus Garcia YMLA exceeded their student performance data goals for Science. They were close to meeting their goals in each performance level for Math, except for "meets" level, which exceeded the goal by 2%. Student performance goals were not yet met for ELA and Social Studies due to teacher turnover and the amount of beginning/intermediate emergent bilingual students Gus Garcia YMLA serves in 6th grade.

1. Essential Action 5.1: Effective classroom routines and instructional strategies.

Implementation Level: Partial Implementation

Key Practices: Campus instructional leaders provide training and ongoing support so that teachers effectively use high-quality instructional materials and research-based teaching practices that promote critical-thinking skills and include differentiated and scaffolded supports for students with disabilities, English learners, and other student groups.

Rationale: With the high staff turnover this year, we want to ensure teachers receive instructional support and timely feedback during PLCs to assist with the first teach to target all student population that minimize the need for extended interventions. Teachers will receive timely classroom feedback on implementation of instructional strategies designated in their lesson plans using the campus observation/feedback form.

Who will you partner with?: Other

How will you build capacity in this Essential Action? Leadership team will take time to review the Effective Schools Framework and the prioritized essential actions guides to create better classroom routines.

Teachers will focus on instructional practices that align to Kagan, AVID, and CLI. ESF grant money is available for professional learning.

Designed teachers will be selected as ambassadors for each instructional strategy to help develop ongoing professional development for staff. New teachers will receive campus based PD as part of their induction.

Leadership team will create a non-negotiable list of agreed upon classroom routines that align to the campus house system, creed, and school vision/mission.

How will you communicate these priorities to your stakeholders? How will you create buy-in?: Teachers will attend a leadership retreat that will help develop the 2022-2023 classroom instructional framework. In August the leadership team helped develop a non-negotiable list of items that need to be present for classroom routines. Classroom routines will be implemented and vetted through weekly campus administrative walkthroughs. Walkthroughs will be documented using the campus and district PPfT system.

Desired Annual Outcome: By the end of SY 22-23, 90% of core classrooms will demonstrate evidence of high quality first teach derived from PLC lesson planning. - evidence: walkthrough forms

District Commitment Theory of Action: If the district policies and practices support effective instruction in schools, then teachers will be able to be supported and receive feedback on instructional practices.

Desired 90-day Outcome: By the end of cycle 1 (Sept-Nov), at least 90% of ELAR and Math teachers (n=6) will demonstrate evidence of high quality first teach derived from PLC lesson planning and campus professional development. - evidence: walkthrough forms, lesson plans, and PLCs agendas.

District Actions: Academic Coaching Specialists will be assigned to Learning Community 2 to assist in facilitating twice weekly PLCs. The focus of Day 1 will be DDI and the focus of Day 2 will lesson planning. MTSS team is providing campus support sessions every 2 weeks.

Did you achieve your 90 day outcome?: Yes
**Why or why not?:** This has been a consistent team for the campus which contributed to our success with accomplishing this goal.

<td>The PLC framework is aligned to the needs of these student groups.</td>
</tr>
</tbody>
</table>

### Step 1 Details

**Action Step 1:** Gus Garcia YMLA will implement a PLC framework that offers twice weekly dedicated time for teachers to meet to review IPGs, data, and plan for targeted reteach in their upcoming lesson plans. Academic Coaching Specialists will assist in facilitating PLCs. The focus of Day 1 will be DDI and the focus of Day 2 will be lesson planning.

- **Evidence Used to Determine Progress:** weekly PLC notes and weekly lesson plans
- **Person(s) Responsible:** ILT
- **Non-Funded Resources Needed:** Support from Academic Coaching Specialists
- **Addresses an Identified Challenge:** Yes

**Start Date:** September 13, 2022  
**Frequency:** Weekly  
**Evidence Collection Date:** November 25, 2022

### Reviews

**Progress toward Action Steps:** Significant Progress  
**Necessary Adjustments/Next Steps:** We will continue this work in cycle 2

### Step 2 Details

**Action Step 2:** The Administrative team will visit ELAR and Math classrooms every other week to observe implementation of the PLC framework and provide targeted feedback to teachers. [PLC framework includes a 3-part objective, Know/Show charts, success criteria, main lesson focus (guided, independent) and exit ticket for DDI which guides reteach].

- **Evidence Used to Determine Progress:** PPfT informal/formal walkthrough forms (6 teachers x 7 weeks)
- **Person(s) Responsible:** ILT
- **Non-Funded Resources Needed:** Kagen PL on 10/14  
  CLI Ambassadors  
  Lead4ward Resources
- **Addresses an Identified Challenge:** Yes

**Start Date:** September 13, 2022  
**Frequency:** Quarterly  
**Evidence Collection Date:** November 25, 2022

### Reviews

**Progress toward Action Steps:** Some Progress  
**Necessary Adjustments/Next Steps:** None
### Step 3 Details

**Action Step 3:** To support new teachers and teachers identified as in need of support, the district's Multi-Tiered System of Support (MTSS) team will provide campus support sessions. Topics will include classroom expectations, routines and procedures, student service tracking, intervention development, and engagement strategies.

- **Evidence Used to Determine Progress:** campus support session sign-in sheets, reflection form/take-away
- **Person(s) Responsible:** MTSS Team, ILT
- **Non-Funded Resources Needed:** none
- **Addresses an Identified Challenge:** Yes

**Start Date:** September 15, 2022  
**Frequency:** Quarterly  
**Evidence Collection Date:** November 25, 2022

<table>

</tr>
</thead>
</table>
| **Progress toward Action Steps:** Met  
**Necessary Adjustments/Next Steps:** no action needed |
2. Essential Action 5.3: Data-driven instruction.

**Implementation Level:** Partial Implementation

**Key Practices:** Teachers use a corrective instruction action planning process, individually and in PLCs to analyze data, identify trends in student misconceptions, determine the root cause as to why students may not have learned the concept, and create plans for instructional adjustments. Teachers (with content and grade-level teams whenever possible) have protected time built into the master schedule to meet frequently and regularly for in-depth conversations about formative and interim student data, effective instructional strategies, and possible adjustments to instructional delivery focused on meeting the needs of both struggling learners and learners needing acceleration.

**Rationale:** We are focusing on DDI in order to build the capacity of the Principal, instructional leaders, and teachers to use student data to drive instruction and implement on-time interventions/enrichment to students that will help the school meet accountability goals in growth measurement.

**Who will you partner with?:** TIL

**How will you build capacity in this Essential Action?** The campus will partner with Region XIII's Texas Instructional Leadership team to build the capacity of the Principal and DCSI to conduct effective PLCs centered around analyzing student data and unpacking standards through know-and-show charts.

**How will you communicate these priorities to your stakeholders? How will you create buy-in?:** The campus will have ongoing staff meetings, dedicated PLC times, and ongoing walkthroughs for support. Families will be updated through CAC meetings and school events. The community will be kept in the loop through social media posts, photos, and the school website.

**Desired Annual Outcome:** By the end of SY 22-23, 90% of core classrooms will demonstrate evidence of re-teach and/or student intervention and enrichment plans derived from the data analysis conducted in PLCs. - evidence: walkthrough forms

**District Commitment Theory of Action:** IF the district has effective systems for identifying and supporting struggling learners, AND for assessments that are district-provided and graded, the district ensures that schools receive detailed reports within two instructional days, THEN the campus will be able to effectively implement Data-Driven Instruction.

**Desired 90-day Outcome:** By end of cycle 1, 90% of ELAR and Math classrooms will demonstrate evidence of re-teach (teachers will select guided discourse or modeling based on data) and/or student intervention and enrichment plans derived from the data analysis conducted in PLCs. - evidence: walkthrough forms, lesson plans, PLC agendas.

**District Actions:** The DCSI will engage the ILT in data analysis, following the TIL DDI protocol. The district will provide Academic Coaching Specialists to assist in facilitating PLCs. District learning walks will focus on areas identified by the campus, based on the campus TIP, recently collected student performance data, and recent classroom observations.

**Did you achieve your 90 day outcome?:** Yes

**Why or why not?:** This goal was met because teachers utilized SchoolCity to track data and specific targeted SEs from Short Cycle Assessment 1. Teachers continued to use DDI process during Monday PLCs to find patterns in student work of low, medium, and high.

Cycle 2 - (Dec – Feb)

Did you achieve your student performance data goals? Why or why not?:

1. Essential Action 5.1: Effective classroom routines and instructional strategies.

Implementation Level: Partial Implementation

Key Practices: Campus instructional leaders provide training and ongoing support so that teachers effectively use high-quality instructional materials and research-based teaching practices that promote critical-thinking skills and include differentiated and scaffolded supports for students with disabilities, English learners, and other student groups.

Rationale: With the high staff turnover this year, we want to ensure teachers receive instructional support and timely feedback during PLCs to assist with the first teach to target all student population that minimize the need for extended interventions. Teachers will receive timely classroom feedback on implementation of instructional strategies designated in their lesson plans using the campus observation/feedback form.

Who will you partner with?: Other

How will you build capacity in this Essential Action? Leadership team will take time to review the Effective Schools Framework and the prioritized essential actions guides to create better classroom routines.

Teachers will focus on instructional practices that align to Kagan, AVID, and CLI. ESF grant money is available for professional learning.

Designated teachers will be selected as ambassadors for each instructional strategy to help develop ongoing professional development for staff. New teachers will receive campus based PD as part of their induction.

Leadership team will create a non-negotiable list of agreed upon classroom routines that align to the campus house system, creed, and school vision/mission.

How will you communicate these priorities to your stakeholders? How will you create buy-in?: Teachers will attend a leadership retreat that will help develop the 2022-2023 classroom instructional framework. In August the leadership team helped develop a non-negotiable list of items that need to be present for classroom routines. Classroom routines will be implemented and vetted through weekly campus administrative walkthroughs. Walkthroughs will be documented using the campus and district PPtT system.

Desired Annual Outcome: By the end of SY 22-23, 90% of core classrooms will demonstrate evidence of high quality first teach derived from PLC lesson planning. - evidence: walkthrough forms

District Commitment Theory of Action: If the district policies and practices support effective instruction in schools, then teachers will be able to be supported and receive feedback on instructional practices.

Desired 90-day Outcome: Cycle 2 (Dec-Feb) At least 90% of Science and Social Studies (n=4) teachers will demonstrate evidence of high quality first teach derived from PLC lesson planning and campus professional development. - evidence: walkthrough forms, lesson plans, and PLC agendas.

District Actions: Academic Coaching Specialists will be assigned to Learning Community 2 to assist in facilitating twice weekly PLCs. The focus of Day 1 will be DDI and the focus of Day 2 will lesson planning.

Did you achieve your 90 day outcome?:

1. **Essential Action 5.1**: Effective classroom routines and instructional strategies.

   **Implementation Level:** Partial Implementation

   **Key Practices:** Campus instructional leaders provide training and ongoing support so that teachers effectively use high-quality instructional materials and research-based teaching practices that promote critical-thinking skills and include differentiated and scaffolded supports for students with disabilities, English learners, and other student groups.

   **Rationale:** With the high staff turnover this year, we want to ensure teachers receive instructional support and timely feedback during PLCs to assist with the first teach to target all student population that minimize the need for extended interventions. Teachers will receive timely classroom feedback on implementation of instructional strategies designated in their lesson plans using the campus observation/feedback form.

   **Who will you partner with?:** Other

   **How will you build capacity in this Essential Action?** Leadership team will take time to review the Effective Schools Framework and the prioritized essential actions guides to create better classroom routines.

   Teachers will focus on instructional practices that align to Kagan, AVID, and CLI. ESF grant money is available for professional learning.

   Designated teachers will be selected as ambassadors for each instructional strategy to help develop ongoing professional development for staff. New teachers will receive campus based PD as part of their induction.

   Leadership team will create a non-negotiable list of agreed upon classroom routines that align to the campus house system, creed, and school vision/mission.

   **How will you communicate these priorities to your stakeholders? How will you create buy-in?:** Teachers will attend a leadership retreat that will help develop the 2022-2023 classroom instructional framework. In August the leadership team helped develop a non-negotiable list of items that need to be present for classroom routines. Classroom routines will be implemented and vetted through weekly campus administrative walkthroughs. Walkthroughs will be documented using the campus and district PPT system.

   **Desired Annual Outcome:** By the end of SY 22-23, 90% of core classrooms will demonstrate evidence of high quality first teach derived from PLC lesson planning. - evidence: walkthrough forms

   **District Commitment Theory of Action:** If the district policies and practices support effective instruction in schools, then teachers will be able to be supported and receive feedback on instructional practices.

   **Desired 90-day Outcome:** Cycle 3 (March-May) By the end of SY 22-23, 90% of core classrooms will demonstrate evidence of high quality first teach derived from PLC lesson planning and campus professional development. - evidence: walkthrough forms, lesson plans, and PLC agendas.

   **District Actions:**

   **Did you achieve your 90 day outcome?:**

   Why or why not?:

   **Did you achieve your annual outcome?:**
2. Essential Action 5.3: Data-driven instruction.

**Implementation Level:** Partial Implementation

**Key Practices:** Teachers use a corrective instruction action planning process, individually and in PLCs to analyze data, identify trends in student misconceptions, determine the root cause as to why students may not have learned the concept, and create plans for instructional adjustments. Teachers (with content and grade-level teams whenever possible) have protected time build into the master schedule to meet frequently and regularly for in-depth conversations about formative and interim student data, effective instructional strategies, and possible adjustments to instructional delivery focused on meeting the needs of both struggling learners and learners needing acceleration.

**Rationale:** We are focusing on DDI in order to build the capacity of the Principal, instructional leaders, and teachers to use student data to drive instruction and implement on-time interventions / enrichment to students that will help the school meet accountability goals in growth measurement.

**Who will you partner with?:** TIL

**How will you build capacity in this Essential Action?** The campus will partner with Region XIII's Texas Instructional Leadership team to build capacity of the Principal and DCSI to conduct effective PLCs centered around analyzing student data and unpacking standards through know-and-show charts.

**How will you communicate these priorities to your stakeholders? How will you create buy-in?:** The campus will have ongoing staff meetings, dedicated PLC times, and ongoing walkthroughs for support. Families will be updated through CAC meetings and school events. The community will be kept in the loop through social media posts, photos, and the school website.

**Desired Annual Outcome:** By the end of SY 22-23, 90% of core classrooms will demonstrate evidence of re-teach and/or student intervention and enrichment plans derived from the data analysis conducted in PLCs. - evidence: walkthrough forms

**District Commitment Theory of Action:** IF the district has effective systems for identifying and supporting struggling learners, AND for assessments that are district provided and graded, the district ensures that schools receive detailed reports within two instructional days, THEN the campus will be able to effectively implement Data-Driven Instruction.

**Desired 90-day Outcome:** By the end of May ’23, 90% of core classrooms will demonstrate evidence of re-teach (teachers will select guided discourse or modeling based on data) and/or student intervention and enrichment plans derived from the data analysis conducted in PLCs. - evidence: walkthrough forms, lesson plans, PLC agendas.

**District Actions:**

**Did you achieve your 90 day outcome?:**

**Why or why not?:**

**Did you achieve your annual outcome?:**
