Campus Values

Texas Public Education Mission Statement

The mission of the public education system of this state is to ensure that all Texas children have access to a quality education that enables them to achieve their potential and fully participate now and in the future in the social, economic, and educational opportunities of our state and nation. That mission is grounded on the conviction that a general diffusion of knowledge is essential for the welfare of this state and for the preservation of the liberties and rights of citizens. It is further grounded on the conviction that a successful public education system is directly related to a strong, dedicated, and supportive family and that parental involvement in the school is essential for the maximum educational achievement of a child. (TEC Title 2, Ch 4, Sec.4.001)

Austin Independent School District Mission

Austin ISD educates more than 80,000 students and embraces 129 diverse school communities in one of the fastest-growing metroplexes in the country. In partnership with our families and our community, AISD's mission is to provide a comprehensive educational experience that is high-quality, challenging and inspires all students to make a positive contribution to society. We partner with world-class universities, innovative businesses, nonprofit organizations and engaged community leaders to prepare our students for college, career and life.

Every Student Succeeds Act (ESSA) Title I, Part A Schoolwide Program (SWP) Implementation Statutory Requirements

Element 1: The Comprehensive Needs Assessment (CNA) is included as an attachment for all campuses. The 2021-22 CIP/TIP Development and Review Timeline is attached to this plan. It includes dates that the data was analyzed, the CIP/TIP was developed/revised, and the CIP/TIP will be evaluated.

Element 2: CIP/TIP Requirements are identified as Strategies. Once published, a living draft of this plan can be found on the campus' school page at www.austinisd.org/schools.

The list of individuals and their roles who assisted with the development of the CIP is included in this plan.

Element 3: Parent and Family Engagement Requirements, including the Parent/Family Engagement written policy, can be found within the Title I compliance packet, which is available upon request from the campus principal. The signed Principal Confirmation checklist is attached to this plan.

Instructions for the Austin ISD ESF Campus Self-Assessment:

- 1. Review the Essential Actions, Key Practices, and Success Criteria for the Effective Schools Framework.
- 2. Determine your campus's level of implementation based on a scale of 1 Not Yet Started to 5 Fully Implemented.

| Effective Schools Framework | Lever 1: Strong School Leadership and Planning | Lever 2: Strategic Staffing | Lever 3: Positive School Culture | Lever 4: High-Quality Instructional Materials and Assessments | Lever 5 (5.1): Effective Instruction | Lever 5 (5.3): Data-Driven Instruction |
|---|--|---|--|--|---|--|
| Essential Action | Developing campus instructional leaders (principal, assistant principal, teacher leaders, and counselors) with clear roles and responsibilities. | Recruit, select, assign, induct, and retain a full staff of highly qualified educators. | Compelling and aligned vision, mission, goals, values focused on a safe environment and high expectations. | Daily use of high-quality instructional materials aligned to instructional planning calendars and interim and formative assessments. | Effective classroom routines and instructional strategies | Data-driven instruction |
| Essential Action Reflection Rating | 4 | 4 | 4 | 4 | 2 | 3 |

3. Read the following guiding questions for each essential action:

| 1. Are the necessary underlying systems and | 2. Does the essential action align with a significant | 3. Will engaging in the work associated with the |
|--|---|---|
| structures in place to support the development | district-led priority and/or will there be district-level support | essential action provide the highest leverage towards |
| of an essential action? | around high quality implementation of an essential action? | overall school improvement? |

4. Identify the specific 2 Essential Actions the campus will address in the CIP/TIP as the focus areas of improvement. Include the rationale for the selection of your essential actions.

| Focus Area for Improvement | Rationale |
|----------------------------|---|
| EA 5.1 | 5.1 Focus on daily formative assessments along with exemplar responses. Campus instructional leaders review lesson plans frequently for alignment to the standards, the scope and sequence, and the expected level of rigor, and provide teachers with feedback and lesson planning support weekly through PLC's. |
| EA 5.3 | 5.3 Focus on Identifying the gap: Determine key conceptual and procedural gaps between student work and exemplar, name the specific student error and misunderstanding. Follow Through: Write the corrective instruction action plan, including identified gap and dates for reteach, specific students to be addressed, date and method of assessment, follow-up date for reassessment data review. All classrooms include at least one visible student progress tracking artifact, which is regularly |

updated. Campus hallways include at least one visible student progress tracking artifact, which is regularly updated

Instructions for the Comprehensive Needs Assessment (CNA):

- 1. Locate the data source for each section and fill in the data. All CNA sections are required.
- 2. Answer reflection questions associated with each section.
- 3. Follow steps 3 and 4 at the end of the CNA.

Open Qualtrics using your portal tile, and click on the "Coordinated School Health Reporting, 2021" dashboard. Add your implementation subscale scores to the table below.

| | Overall Average | *CSH Implementation | *Health Education | *Physical Education/Physical Activity | *Food Services | Employee Wellness | SEL | Physical Environment | *Family Engagement | Community Engagement | Counseling/Mental Health/Social Services | Health Services |
|------------------|--------------------|------------------------|----------------------|---|-------------------|----------------------|-----|-------------------------|-----------------------|-------------------------|--|--------------------|
| SY 20-21 | 79 | 43 | 100 | 100 | 100 | 83 | 100 | 59 | 83 | 25 | 100 | 75 |

^{*}A score of <70% is considered Unacceptable. An Unacceptable score in any of the state required components (Coordinated School Health Implementation, Health Education, Physical Education/Physical Activity, Food Services, or Family Engagement) will result in the overall score also being Unacceptable.

Coordinated School Health reflection question: Some of your campus implementation scores will go up by returning to both in-person instruction and "business as usual." In which CSH areas do you feel something needs to change at the campus in order for the implementation score to reach 70%? (Note: These are the areas to focus on in your CIP/TIP this year. At a minimum, each campus must address CSH Implementation, SEL, and Family or Community Engagement.)

Discipline Data Reflection Questions: What trends do you observe in discipline dispositions for your students from <u>historically underserved student</u> groups?

Disciplinary actions have been consistently decreasing throughout the past 4 years. This is due to our implementation of the Neurosequential Model in Education by Dr. Perry. Staff and students have been educated to understand the function of the brain and how it can affect their learning. Students learn how to regulate, relate and reason when having strong emotions that may lead to behavioral issues.

What are the top 3 reasons students get referrals?

The referrals stated above were due to physical altercations. Students that belong to one of our specialized behavioral skills units account for 100% of the referrals.

MAP Growth Reflection Question: What trends do you observe in mastery for your students across grade levels and languages?

Students are achieving the mastery level at similar percentages across all grade levels. In the BOY students performed at a higher rate than by the EOY. Scores are similar in both English and Spanish.

STAAR/EOC reflection question: What trends do you observe in mastery for your students from historically underserved student groups?

We noticed about 60 students for each student group that historically have not fared as well. Special education has not done well in mastery. 5th grade math is doing much better than other student groups. Writing in an area that historically all student groups have struggled with. Our white population has a mixed of White and Afghan students.

Advanced Academics reflection questions:

How do you ensure GT and high-ability students are scheduled correctly (Elementary- cluster grouping)?

When creating rosters for the next school year, grade levels with support from the leadership team sit together and group students according to their needs. Clusters of at least 3 students are created in the groups in order to ensure that GT and high-ability students are paired with peers on a similar skill level as them.

How are you communicating with all families about GT and/or advanced learning opportunities?

Through coffee with the principal meetings, consistent flyers and communication via email, phone calls, robo calls and social media posts designated to inform parents of any and all learning opportunities offered at our school.

How do you support a culture that provides advanced learning opportunities to all students?

Students are encouraged to participate in various student groups created and led by leader teachers. AVID implementation in our school also helps and exposes the students to college readiness. We also celebrate College Day where staff members and students are encouraged to wear t-shirts from different institutions to help display their future educational opportunities.

Student Progress reflection question: What trends do you observe in growth for your students from <u>historically underserved student groups</u>? We notice students are closer to meeting their growth targets in Math than Reading. The percentage of students meeting their growth target are not significantly different between historically underserved groups and all student groups.

Reflection Questions: Which area/s will you focus on strengthening this school year? Why did you select this/these area/s? In this school year, we will focus on developing our campus culture of respect practices and goals, customer service prioritization, and our school grounds. We currently have 25 new staff members, including novice teachers, new TAs and front office staff, that will need training in these areas. Currently we have an active group of staff member volunteers who have created a plan on the beautification of our campus grounds.

3. All campuses will be required to address certain framework components (see below). Based on the results of the Comprehensive Needs Assessment, identify the <u>additional</u> framework components the campus will address in the CIP/TIP as focus areas of improvement.

REQUIRED Framework Components:

Coordinated School Health

- CSH Implementation
- Social and Emotional School Climate
- Either Family Engagement or Community Engagement

Essential Schools Framework: Two ESF Levers for TIPs and One ESF Lever for CIPs

Increased Enrollment

Exemplary Customer Service

ADDITIONAL Framework Components:

Coordinated School Health

- Health Education
- Physical Education and Physical Activity
- Food Services
- Employee Wellness
- Physical Environment/Sustainability
- Counseling, Mental Health, & Social Services
- Health Services

Positive School Culture

• Disproportionate Discipline Practices

Effective, Culturally Relevant and Sustaining Instruction

- BLENDed Learning
