Austin Independent School District

Andrews Elementary School - TIP

2022-2023 Targeted Improvement Plan

Campus Number: 227901102

Board Approval Date: December 15, 2022
ESF Diagnostic Date: April 6, 2023

Superintendent: Dr. Anthony Mays
DCSI/Grant Coordinator: La Kesha Drinks

Principal: Audrey Guerrero
ESC Case Manager: Adrienne King
ESC Region: 13
Assurances

DCSI/Grant Coordinator

I, the District Coordinator of School Improvement/Grant Coordinator, attest that I will provide or facilitate the provision of all the necessary district-level commitments and support mechanisms to ensure the successful implementation of the Targeted Improvement Plan for this campus. I understand I am responsible for the implementation of all intervention requirements. If I am the principal supervisor, I understand I am responsible for ensuring the principal carries out the plan elements as indicated herein.

Signature: La Kesha Drinks

Principal Supervisor

I, as supervisor of the principal for this campus, attest that I will coordinate with the DCSI/Grant Coordinator to provide or facilitate the provision of all the necessary district-level commitments and support mechanisms to ensure the principal I supervise can achieve successful implementation of the Targeted Improvement Plan for this campus. I understand I am responsible for ensuring the principal carries out the plan elements as indicated herein.

Signature: La Kesha Drinks

Principal

I, as principal for this campus, attest that I will coordinate with the DCSI/Grant Coordinator (and my supervisor, if they are not the same person) to use the district-provided commitments and support mechanisms to ensure the successful implementation of the Targeted Improvement Plan for this campus. I agree to carry out the plan elements as indicated herein.

Signature: Audrey Guerrero

Data Analysis

Student Achievement

What accountability goal has your campus set for this year?

This year, the students at Andrews Elementary will achieve 75% Approaches, 35% Meets, and 15% Masters across all grades and subjects. This will help us achieve our goal of a C in Student Achievement.
School Progress

What accountability goal has your campus set for this year?

This year, 76% of the scholars at Andrews Elementary will meet their personal progress targets in Reading and Math. This will help us achieve our goal of a B in Domain 2A and an B Overall.
Closing the Gaps

What accountability goal has your campus set for this year?

This year, Andrews Elementary will meet 2 out of 14 Academic Achievement Targets, 9 out of 10 Growth targets, their ELP target, and 1 out of 8 Student Success targets. This will result in a Closing the Gaps score of 76 (C). This will help us achieve our goal of an 80 (B) overall.
Subject Areas and Student Groups

Which subjects are a focus this year when thinking about student performance? Why have you identified these specific subject areas? What is the intended impact on your accountability domain scores?

This year, Andrews Elementary will focus on Reading Achievement for Hispanic students and students experiencing poverty because we have not yet met the Closing the Gaps target for either group.

Which student group outcomes are you targeting in these goals? What is the intended impact on your accountability domain scores?

Meeting these targets will support us in meeting our Closing the Gaps score of a C (76).
Essential Actions

Cycles 1-3

Essential Action 1.1: Develop campus instructional leaders with clear roles and responsibilities.
Implementation Level: Fully Implemented
Key Practices:

Essential Action 2.1: Recruit, select, assign, induct and retain a full staff of highly qualified educators.
Implementation Level: Beginning Implementation
Key Practices:

Essential Action 3.1: Compelling and aligned vision, mission, goals, values focused on a safe environment and high expectations.
Implementation Level: Not Yet Started
Key Practices:

Essential Action 4.1: Daily use of high-quality instructional materials aligned to instructional planning calendars and interim and formative assessments.
Implementation Level: Partial Implementation
Key Practices: Daily lesson-level, unit, and interim assessments are administered to determine if students learned what was taught. Assessments are at the appropriate level of rigor and aligned to TEKS and instructional materials. Time for reteach is built into the scope and sequence.

Essential Action 5.1: Effective classroom routines and instructional strategies.
Implementation Level: Partial Implementation
Key Practices: Campus instructional leaders provide training and ongoing support so that teachers effectively use high-quality instructional materials and research-based teaching practices that promote critical-thinking skills and include differentiated and scaffolded supports for students with disabilities, English learners, and other student groups.

Essential Action 5.3: Data-driven instruction.
Implementation Level: Partial Implementation
Key Practices: Campus instructional leaders review disaggregated data to track and monitor the progress of all students and provide evidence-based feedback to teachers. • Teachers use a corrective instruction action planning process, individually and in PLCs to analyze data, identify trends in student misconceptions, determine the root cause as to why students may not have learned the concept, and create plans for instructional adjustments. • Teachers (with content and grade-level teams whenever possible) have protected time built into the master schedule to meet frequently and regularly for in-depth conversations about formative and interim student data, effective instructional strategies, and possible adjustments to instructional delivery focused on meeting the needs of both struggling learners and learners needing acceleration.

Cycle 4

Essential Action 1.1: Develop campus instructional leaders with clear roles and responsibilities.
Implementation Level: Not Yet Started
Key Practices:

Essential Action 2.1: Recruit, select, assign, induct and retain a full staff of highly qualified educators.
Implementation Level: Not Yet Started
Key Practices:

Essential Action 3.1: Compelling and aligned vision, mission, goals, values focused on a safe environment and high expectations.
Implementation Level: Not Yet Started
Key Practices:

Essential Action 4.1: Daily use of high-quality instructional materials aligned to instructional planning calendars and interim and formative assessments.
Implementation Level: Not Yet Started

Key Practices:

Essential Action 5.1: Effective classroom routines and instructional strategies.
Implementation Level: Not Yet Started

Key Practices:

Essential Action 5.3: Data-driven instruction.
Implementation Level: Not Yet Started
Cycle 1 - (Sept – Nov)

Did you achieve your student performance data goals? Why or why not?: Reading - did not meet performance goals (27/3/2)
3rd grade lowest - gap based on missing systems and small group supports. PLCs took awhile to get started due to staffing issues and missing extended planning time. Tier 1 - classroom observations show need for rigor, need for sentence stems and structured student conversations (evident in all classrooms)
Having to modify district curriculum to fit campus needs (especially with alignment to DL and ML).
Text processing strategies - practicing with paper/pencil strategies that transfer to online context

Math - did not meet performance goals (57/23/11)
5th grade had 50% at meets or masters - Celebration!
4th grade 44% at least approaching - means about half not meting standards. Similar to reading - need instructional strategies to support student response and collaboration. Need focus on alignment of instruction to DDI and planning meetings in PLCs.
Alignment to YPG/IPGs easier in Math

Science - did not meet performance goals (48/10/5)
1 English class and 1 DL - challenging to find resources in Spanish (even in YPG
ACS Brian Wann working with teachers and supporting PLCs planning for science - focus on vocabulary (going well in English) and using sentence stems. New science teacher (ESL) started in November.

Growth - making needed progress in Math - need to focus on Reading
Weekly assessments in SC show growth - weekly common assessment performance improving
Additional practice with SchoolCity helping to prepare for online assessments

1. Essential Action 5.1: Effective classroom routines and instructional strategies.

Implementation Level: Partial Implementation

Key Practices: Campus instructional leaders provide training and ongoing support so that teachers effectively use high-quality instructional materials and research-based teaching practices that promote critical-thinking skills and include differentiated and scaffolded supports for students with disabilities, English learners, and other student groups.

Rationale: Andrews students represent a diverse group of learners from various language, ability, and socio-economic backgrounds. We must be able to meet the unique needs of our students at their current levels to support growth and achievement in all academic areas.

Who will you partner with?: TIL

How will you build capacity in this Essential Action? We will partner with Region XIII in the Data Driven Instruction (DDI) cohort. In this work, we will use our PLC time to monitor student progress and respond to it by creating plans for differentiation, reteaching, and best first instruction.

How will you communicate these priorities to your stakeholders? How will you create buy-in?: We will continue to highlight our essential actions for improvement at our staff meetings and during our Campus Advisory Council (CAC) meetings. We will create buy-in by highlighting student growth seen from our efforts with reteaching content and differentiation that we planned for in our PLC and DDI meetings.

Desired Annual Outcome: By the end of SY 22-23, 100% of teachers in grades 3-5 (n=6) will deliver lessons that reflect the campus vision for differentiated planning for language and ability needs. Evidence: quarterly observation notes and internalization documents

District Commitment Theory of Action: IF the district ensures that campus instructional leaders receive initial training and ongoing coaching to support the implementation of instructional leadership systems (feedback on instructional materials alignment and use, data-driven instruction, and observation and feedback), AND the district provides access
to interim assessments aligned to the standards and the expected level of rigor, THEN the campus will be able to effectively implement effective classroom routines and instructional strategies AND implement Data-Driven Instruction.

**Desired 90-day Outcome:** By the end of cycle 1, 100% ELAR and SLAR teachers in grades 3-5 will develop lesson plans that reflect the campus vision for differentiated planning for language and ability needs.

**District Actions:** Academic Coaching Specialists have been assigned to Learning Community 2 that will assist the campus in implementation of 5.1 and 5.3.

**Did you achieve your 90 day outcome?:** Yes

**Why or why not?:** PLC teams review the IPG and personalize lessons within our lesson planning template to reflect differentiation

<tr>
<th>What challenges do you think you'll encounter in achieving desired campus or student outcomes for this cycle?</th>
<th>What specific action steps address these challenges?</th>
<th>How does this action step address this challenge?</th>
</tr>
</thead>
<tbody>
<tr>
<td>We did not begin the year with a fully staffed school, which disrupted momentum in implementing PLCs and DDI.</td>
<td>Action Step 3</td>
<td>All 3 action steps articulated in Cycle 1 will support teachers while the campus continues to strive toward being fully staffed.</td>
</tr>
<tr>
<td>The number of students who speak languages other than English and Spanish continues to increase.</td>
<td>Action Step 1</td>
<td>By focusing ELAR and SLAR teachers on differentiation for students who speak LOTE</td>
</tr>
</tbody>
</table>

**Step 1 Details**

**Action Step 1:** CLT will provide professional learning for ELAR and SLAR teachers in grades 3-5 on how to utilize the PLC planning documents and IPGs to ensure they're meeting the needs of all students.

**Evidence Used to Determine Progress:** master calendar with PL scheduled; meeting agenda

**Person(s) Responsible:** Principal

**Non-Funded Resources Needed:** Extra duty pay for teachers to stay after school for PL and planning

**Addresses an Identified Challenge:** Yes

**Start Date:** September 22, 2022  -  **Frequency:** One Time  -  **Evidence Collection Date:** November 25, 2022

**Reviews**

**Progress toward Action Steps:** Met

**Necessary Adjustments/Next Steps:** provided training on how to internalize curriculum documents and continued coaching on the process within PLCs
### Step 2 Details

**Action Step 2:** ELAR and SLAR teachers in grades 3-5 will utilize the PLC planning documents for lesson planning. There will be an increased focus on differentiation for students who speak languages other than English (specifically Pashto and Dari).

- **Evidence Used to Determine Progress:** PLC planning documents (cover every 2 weeks)
- **Person(s) Responsible:** Campus Leadership Team
- **Non-Funded Resources Needed:** Support from Multilingual Education Team
- **Addresses an Identified Challenge:** Yes

**Start Date:** September 13, 2022 - **Frequency:** Weekly - **Evidence Collection Date:** November 25, 2022

**Progress toward Action Steps:** Met

**Necessary Adjustments/Next Steps:** Following PLC process to plan the lesson and agree on an assessment/exit ticket. Planning includes prepping vocabulary and predicting misconceptions to plan differentiated support for students with language needs. MET support with presentation about cultural info - broad and general

### Step 3 Details

**Action Step 3:** CLT will visit ELAR and SLAR classrooms in grades 3-5 at least three times in semester 1 to observe implementation of the small group instruction that was planned in PLCs.

- **Evidence Used to Determine Progress:** PPfT informal/formal observation documentation
- **Person(s) Responsible:** Principal and AP
- **Non-Funded Resources Needed:** none
- **Addresses an Identified Challenge:** Yes

**Start Date:** October 3, 2022 - **Frequency:** Quarterly - **Evidence Collection Date:** November 25, 2022

**Progress toward Action Steps:** Met

**Necessary Adjustments/Next Steps:** CLT has been able to observe 3-5 classrooms at least 3 times. Next step - bring in peer learning where CLT covers class so teacher can observe peers with small group instruction (start for cycle 2). Ms. King providing small group interventions - Principal and AP will also provide small group support starting semester 2.
Cycle 1 - (Sept – Nov)

2. Essential Action 5.3: Data-driven instruction.

**Implementation Level:** Partial Implementation

**Key Practices:** Campus instructional leaders review disaggregated data to track and monitor the progress of all students and provide evidence-based feedback to teachers. • Teachers use a corrective instruction action planning process, individually and in PLCs to analyze data, identify trends in student misconceptions, determine the root cause as to why students may not have learned the concept, and create plans for instructional adjustments. • Teachers (with content and grade-level teams whenever possible) have protected time build into the master schedule to meet frequently and regularly for in-depth conversations about formative and interim student data, effective instructional strategies, and possible adjustments to instructional delivery focused on meeting the needs of both struggling learners and learners needing acceleration.

**Rationale:** Andrews has recently moved from and F to a C rating. Part of this growth is the attention we gave to individual student progress on bi-weekly assessments and Short Cycle Assessments (SCAs). Maintaining this focus by continuing to respond to data should keep our school on an upward trajectory for growth and achievement.

**Who will you partner with?:** TIL

**How will you build capacity in this Essential Action?** During our PLC time we will work with classroom teachers to examine first teach data, create reteach plans, and monitor growth from the reteach. Teachers will enter their own data to examine patterns and trends in order to respond appropriately. This work will be supported by our partnership with Region XIII Data Driven Instruction Cohort.

**How will you communicate these priorities to your stakeholders? How will you create buy-in?:** We will continue to highlight our essential actions for improvement at our staff meetings and during our Campus Advisory Council (CAC) meetings. We will create buy-in by highlighting student growth seen from our efforts with reteaching content and differentiation that we planned for in our PLC and DDI meetings.

**Desired Annual Outcome:** By the end of SY 22-23, 100% of 3-5 grade level teams will engage in bi-weekly PLC meetings using DDI protocols to create, respond to, and monitor reteach plans. evidence - PLC agenda notes and CLT observation and feedback.

**District Commitment Theory of Action:** IF the district ensures that campus instructional leaders receive initial training and ongoing coaching to support the implementation of instructional leadership systems (feedback on instructional materials alignment and use, data-driven instruction, and observation and feedback), AND the district provides access to interim assessments aligned to the standards and the expected level of rigor, THEN the campus will be able to effectively implement effective classroom routines and instructional strategies AND implement Data-Driven Instruction.

**Desired 90-day Outcome:** By the end of cycle 1, the principal and DCSI will attend TIL DDI professional learning with Region XIII, and the principal will facilitate the first two DDI PLCs with 4th and 5th grade dual language teachers.

**District Actions:** DCSI will engage in a DDI coaching session with the principal based on the initial data meeting.

**Did you achieve your 90 day outcome?:** Yes

**Why or why not?:** Principal and DCSI attended TIL DDI PL at Region XIII and principal has facilitated first two DDI PLCs. Next step is to onboard new staff with DDI professional learning.

**Person(s) Responsible:** Teachers

ACS

Campus Leadership Team

**Non-Funded Resources Needed:** N/A

**Addresses an Identified Challenge:** Yes

**Start Date:** September 19, 2022 - **Frequency:** Weekly - **Evidence Collection Date:** November 18, 2022

**Reviews**

**Progress toward Action Steps:** Met

**Necessary Adjustments/Next Steps:** Schedule allows for additional PLC planning time. Additional support from Dr. Pirtle with PLC facilitation - especially 3rd grade.

Building capacity (taking time) with DDI protocols and getting systems in place to sustain DDI process.

**Step 2 Details**

**Action Step 2:** Campus instructional leaders review disaggregated data to track and monitor the progress of all students and provide evidence-based feedback to teachers. Specific attention will be paid to data around students who speak languages other than English and Spanish.

**Evidence Used to Determine Progress:** Campus Data Tracker

DDI Meeting Agenda

SCA & MAP Growth Data

**Person(s) Responsible:** Campus Leadership Team

Teachers

**Non-Funded Resources Needed:** None

**Addresses an Identified Challenge:** Yes

**Start Date:** September 26, 2022 - **Frequency:** Quarterly - **Evidence Collection Date:** November 18, 2022

**Reviews**

**Progress toward Action Steps:** Some Progress

**Necessary Adjustments/Next Steps:** Campus data tracking moving toward more granular view - so far looking at more interim/summative data but wanting to do more targeted data analysis on a more formative basis.
### Step 3 Details

**Action Step 3:** Teachers begin using individual student data folders with students to help foster ownership and goal setting for progress toward measurable goals (e.g., % of class and individual student mastering of objectives, individual student fluency progress, etc.). Evidence of this work is visible in every classroom and throughout the school.

- **Evidence Used to Determine Progress:** Individual Student Data Folders
- **Person(s) Responsible:** Teachers, Students, Campus Leadership Team
- **Non-Funded Resources Needed:** None
- **Addresses an Identified Challenge:** Yes

**Start Date:** October 17, 2022  
**Frequency:** Quarterly  
**Evidence Collection Date:** November 18, 2022

**Progress toward Action Steps:** Significant Progress  
**Necessary Adjustments/Next Steps:** shifting to 3-5 5th grade students are managing their own data folders well - working to strengthen these practices in 3rd and 4th.

### Step 4 Details

**Action Step 4:** The principal and leadership team will attend TIL DDI professional learning with Region XIII in order to build capacity in DDI PLC systems at campus.

- **Evidence Used to Determine Progress:** TIL Take Home Resources
- **Person(s) Responsible:** Principal and leadership team
- **Non-Funded Resources Needed:** Region 13 TIL Training
- **Addresses an Identified Challenge:**

**Start Date:** October 4, 2022  
**Frequency:** One Time  
**Evidence Collection Date:** October 5, 2022

**Funding Sources:** ESF Grant - 6200-Professional and contracted services - $7,387.50

**Progress toward Action Steps:** Significant Progress  
**Necessary Adjustments/Next Steps:** AP could not attend - needed to keep administrator on campus
Cycle 2 - (Dec – Feb)

Did you achieve your student performance data goals? Why or why not?:

1. Essential Action 5.1: Effective classroom routines and instructional strategies.

**Implementation Level:** Partial Implementation

**Key Practices:** Campus instructional leaders provide training and ongoing support so that teachers effectively use high-quality instructional materials and research-based teaching practices that promote critical-thinking skills and include differentiated and scaffolded supports for students with disabilities, English learners, and other student groups.

**Rationale:** Andrews students represent a diverse group of learners from various language, ability, and socio-economic backgrounds. We must be able to meet the unique needs of our students at their current levels to support growth and achievement in all academic areas.

**Who will you partner with?:** TIL

**How will you build capacity in this Essential Action?** We will partner with Region XIII in the Data Driven Instruction (DDI) cohort. What challenges do you think you'll encounter in achieving desired campus or student outcomes for this cycle?

Routines and procedures for planning with DDI are being put into place later than what is ideal due to staffing challenges at the beginning of the school year that delayed our ability to secure adequate protected time for PLC meetings.

What specific action steps address these challenges?

Action Step 1

How does this action step address this challenge?

Teachers now have protected time to meet in PLCs each week.

---

### Step 1 Details

**Action Step 1:** Teachers (with content and grade-level teams whenever possible) have protected time built into the master schedule to meet weekly in PLCs for in-depth conversations about formative and interim student data, effective instructional strategies, and possible adjustments to instructional delivery focused on meeting the needs of both struggling learners and learners needing acceleration.

</table>
Cycle 3 - (Mar – May)

Did you achieve your student performance data goals? Why or why not?:

1. Essential Action 5.1: Effective classroom routines and instructional strategies.

   **Implementation Level:** Partial Implementation

   **Key Practices:** Campus instructional leaders provide training and ongoing support so that teachers effectively use high-quality instructional materials and research-based teaching practices that promote critical-thinking skills and include differentiated and scaffolded supports for students with disabilities, English learners, and other student groups.

   **Rationale:** Andrews students represent a diverse group of learners from various language, ability, and socio-economic backgrounds. We must be able to meet the unique needs of our students at their current levels to support growth and achievement in all academic areas.

   **Who will you partner with?:** TIL

   **How will you build capacity in this Essential Action?** We will partner with Region XIII in the Data Driven Instruction (DDI) cohort. In this work, we will use our PLC time to monitor student progress and respond to it by creating plans for differentiation, reteaching, and best first instruction.

   **How will you communicate these priorities to your stakeholders? How will you create buy-in?:** We will continue to highlight our essential actions for improvement at our staff meetings and during our Campus Advisory Council (CAC) meetings. We will create buy-in by highlighting student growth seen from our efforts with reteaching content and differentiation that we planned for in our PLC and DDI meetings.

   **Desired Annual Outcome:** By the end of SY 22-23, 100% of teachers in grades 3-5 (n=6) will deliver lessons that reflect the campus vision for differentiated planning for language and ability needs. Evidence: quarterly observation notes and internalization documents

   **District Commitment Theory of Action:** IF the district ensures that campus instructional leaders receive initial training and ongoing coaching to support the implementation of instructional leadership systems (feedback on instructional materials alignment and use, data-driven instruction, and observation and feedback), AND the district provides access to interim assessments aligned to the standards and the expected level of rigor, THEN the campus will be able to effectively implement effective classroom routines and instructional strategies AND implement Data-Driven Instruction.

   **Desired 90-day Outcome:** By the end of cycle 3, 100% of ELAR, SLAR, and math teachers in grades 3-5 will deliver lessons that reflect the campus vision for differentiated planning for language and ability needs. Evidence: observation results and internalization documents

   **District Actions:** Academic Coaching Specialists have been assigned to Learning Community 2 that will assist the campus in implementation of 5.1 and 5.3.

   **Did you achieve your 90 day outcome?:**

   **Why or why not?:**

   **Did you achieve your annual outcome?:**
Cycle 3 - (Mar – May)

2. Essential Action 5.3: Data-driven instruction.

**Implementation Level:** Partial Implementation

**Key Practices:** Campus instructional leaders review disaggregated data to track and monitor the progress of all students and provide evidence-based feedback to teachers. • Teachers use a corrective instruction action planning process, individually and in PLCs to analyze data, identify trends in student misconceptions, determine the root cause as to why students may not have learned the concept, and create plans for instructional adjustments. • Teachers (with content and grade-level teams whenever possible) have protected time built into the master schedule to meet frequently and regularly for in-depth conversations about formative and interim student data, effective instructional strategies, and possible adjustments to instructional delivery focused on meeting the needs of both struggling learners and learners needing acceleration.

**Rationale:** Andrews has recently moved from an F to a C rating. Part of this growth is the attention we gave to individual student progress on bi-weekly assessments and Short Cycle Assessments (SCAs). Maintaining this focus by continuing to respond to data should keep our school on an upward trajectory for growth and achievement.

**Who will you partner with?:** TIL

**How will you build capacity in this Essential Action?** During our PLC time we will work with classroom teachers to examine first teach data, create reteach plans, and monitor growth from the reteach. Teachers will enter their own data to examine patterns and trends in order to respond appropriately. This work will be supported by our partnership with Region XIII Data Driven Instruction Cohort.

**How will you communicate these priorities to your stakeholders? How will you create buy-in?:** We will continue to highlight our essential actions for improvement at our staff meetings and during our Campus Advisory Council (CAC) meetings. We will create buy-in by highlighting student growth seen from our efforts with reteaching content and differentiation that we planned for in our PLC and DDI meetings.

**Desired Annual Outcome:** By the end of SY 22-23, 100% of 3-5 grade level teams will engage in bi-weekly PLC meetings using DDI protocols to create, respond to, and monitor reteach plans. Evidence - PLC agenda notes and CLT observation and feedback.

**District Commitment Theory of Action:** IF the district ensures that campus instructional leaders receive initial training and ongoing coaching to support the implementation of instructional leadership systems (feedback on instructional materials alignment and use, data-driven instruction, and observation and feedback), AND the district provides access to interim assessments aligned to the standards and the expected level of rigor, THEN the campus will be able to effectively implement effective classroom routines and instructional strategies AND implement Data-Driven Instruction.

**Desired 90-day Outcome:** By the end of cycle 3, campus leadership team or team lead is facilitating 100% of weekly 3rd grade PLCs in addition to 4th and 5th grade with coaching and support from the principal and/or ACS. Alternate weeks for Math and Reading using the DDI meeting protocols for weekly planning meetings and weekly data meetings.

**District Actions:** DCSI will engage in a DDI coaching session with the principal based on the initial data meeting.

**Did you achieve your 90 day outcome?:**

**Why or why not?:**

**Did you achieve your annual outcome?:**

Math PLC/TEK Study: What are we Teaching next week?

### Norms:

- 

### AISD Stem Department

#### Week of:
- **Unit:**
- **# of days:**
- **Attendees:**

#### Broad Focus of the week for Core:

**Process Standards:** *Everyday, Every lesson in Math*

- **Apply** math to everyday life. Use Problem Solving Model to analyze given info, formulate a plan or strategy, determine a solution and justify the solution. **Select** tools, objects, techniques, mental math, estimation and number sense to solve problems. **Create** and use representations to organize, record, and communicate math ideas. **Analyze** math relationships to connect and communicate math ideas. **Display**, explain, and justify math ideas and arguments using precise math language in written or oral communication.

**Math Components:**
- Fluency
- Core
- Guided Math

### What are the high leverage TEKS for the upcoming week?

<table>
<thead>
<tr>

Next Steps/ other Visual Models useful for the week:  
(some teachers like to paste Anchor samples here for teachers to share with team, etc)  
●
Language Arts

PLC/TEK Study: What are we Teaching next week?

Working Agreements:

- AISD Stem Department

Week of:
Unit:
# of days:
Attendees:

Learning Objective:
1. We will discuss the high leverage TEKS for the week of
2. We will review and solve the common assessment for the week and discuss what student mastery looks like
3. We will establish the learning objective, lang objective and success criteria for the week.

Success criteria/Lang Objective
- I can describe how students show mastery on the common assessment.
- I can write the learning objectives, language objectives and success criteria for the week of

Weekly Learning and Language Objective (tek):
