## How were the criteria for these ratings developed?

The legislation did not permit TEA to determine the criteria for these evaluations; criteria were to be developed by a local committee. The AISD District Advisory Council (DAC) was identified as the local committee.

**October 2013:** A DAC subcommittee made up of parents, teachers, staff, and community members met to discuss the new law and come up with a proposed framework.

**December 2013:** All district principals participated in workshops to help develop a list of ten indicators for each of the nine factors.

**January 2014:** Content experts were consulted to provide feedback and suggest improvements on the list of indicators. The DAC subcommittee reviewed the feedback and made modifications.

**February 2014:** The full DAC voted to accept the recommendation of the subcommittee. The proposed list of indicators was presented to Senior Cabinet, Principals, and Campus Advisory Councils.

**March 2014:** Community input was gathered through the district's website. Feedback from these groups was integrated.

**April 2014:** The proposed plan was taken to the Board of Trustees for discussion and feedback.

The 2013-14 school year served as a baseline year for this process. In 2014-15, the DAC **re-evaluated** the list of indicators and decided to maintain them for an additional **two years**.
