How were the criteria for these ratings developed?

The legislation did not permit TEA to determine the criteria for these evaluations; criteria were to be developed by a local committee. The AISD District Advisory Council (DAC) was identified as the local committee.

October 2013: A DAC subcommittee made up of parents, teachers, staff, and community members met to discuss the new law and come up with a proposed framework.

December 2013: All district principals participated in workshops to help develop a list of ten indicators for each of the nine factors.

January 2014: Content experts were consulted to provide feedback and suggest improvements on the list of indicators. The DAC subcommittee reviewed the feedback and made modifications.

February 2014: The full DAC voted to accept the recommendation of the subcommittee. The proposed list of indicators was presented to Senior Cabinet, Principals, and Campus Advisory Councils.

March 2014: Community input was gathered through the district's website. Feedback from these groups was integrated.

April 2014: The proposed plan was taken to the Board of Trustees for discussion and feedback.

The 2013-14 school year served as a baseline year for this process. In 2014-15, the **DAC re-evaluated** the list of indicators and decided to maintain them for an additional **two years**.
