Introduction

The Austin Independent School District (hereinafter referred to as “AISD” or the “District”) is seeking proposals from firms qualified and experienced in developing long-range facilities master plans for K-12 school districts. The planning services shall include an update to the 2019 Facilities Master Plan (FMP) that supports the district’s strategic plan and academic vision. The FMP shall include goals and strategies to address equity in facilities; overcrowding and under-enrollment; environmental sustainability; health, safety and security; academics and co-curricular supports; and protection of investments.

The 2021 FMP will serve as a guide to ensure that future decisions for facility and bond planning are aligned with District priorities and reflect community input. AISD is committed to providing every child in the District with a high-quality, well-rounded education that meets the needs of the whole child.

Background

The Austin Independent School District is a diverse, urban public school district located in Travis County in Central Texas. Austin ISD covers 230 square miles, serves nearly 81,000 students and employs approximately 10,600 staff. The district has 130 school programs (within 113 AISD facilities), including 85 elementary schools, 18 middle schools, 17 high schools, and 10 specialty campuses. In addition, the district has 13 support and athletic facilities.

The Board of Trustees adopted the 2017 Facilities Master Plan on April 3, 2017, which provided a path toward the transformation of AISD’s schools to modern learning environments and hubs for the communities they serve. It emphasized a shift away from the traditional classroom configuration to incorporate flexible space that allows for collaborative, interdisciplinary, and project-driven learning. The FMP guides the development of future capital improvements and supports planning for future bond elections.

On November 7, 2017, a majority, 72 percent, of Austin voters passed the district’s bond proposal for \$1,050,984,000 to create 21st-century learning spaces for all students. Key projects in the bond include:

- Construction of seventeen (17) new or modernized campus facilities;
- Improvements to address overcrowding and critical needs; and
- District-wide improvements to technology for teachers and students, and transportation needs.

In 2019, the district embarked on the School Changes plan to reimagine how our schools could be used to benefit students and communities, reinvesting resources to bring the district’s vision into reality and reinventing how students are educated in Austin ISD. This plan resulted in several district-wide initiatives to improve academic excellence, cultural proficiency and inclusiveness, expand before and after school hours, and provide strategic staffing of highly effective teachers. Additionally, four (4) elementary school closures were approved by the Board (effective school year 2020-21) to better leverage resources and address under-enrollment at three of the four schools. Eight (8) additional schools were proposed for closure, however, were not presented to the Board of Trustees during the initial School Changes phase.

In January 2020, the Board approved an update to the 2017 FMP referred to as the 2019 FMP which includes a new vision for Athletics and Wellness, Fine Arts and Creative Learning, and Career and Technical Education and Career-Connected Learning that will:

- provide equity for all learners through consistent program offerings;
- identify cross-curriculum opportunities across all three disciplines;
- promote strong relationships with local partners; and
- improve the overall student experience through the design and planning of flexible and adaptable spaces.

Historically Underutilized Business (HUB) Program Requirement

The Austin Independent School District (AISD) HUB Program promotes and strongly encourages the involvement and participation of Historically Underutilized Businesses (HUB) in District-wide procurements. The District encourages the use of certified firms on all procurements whenever possible. When AISD considers entering into a contract estimated at \$50,000 or more, the HUB Program will determine whether subcontracting opportunities are probable before publishing the solicitation.

Statement of Probability: The AISD HUB Program has determined that subcontracting opportunities are probable in connection with this solicitation. The established goal for this solicitation is 22% for minority-owned or women-owned business enterprises (MBE/WBE) HUB participation based on the current availability of qualified MBEs and WBEs. HUB subcontracting opportunities have been identified in, but not limited to the following trades: (a) Urban Planning and (b) Public Relations.

Therefore, all proposers are required to follow the HUB Compliance Guidelines included in this solicitation and complete the Statement of Responsibility (SOR), HUB Utilization Report – HUR (HUBATT 1) and Compliance Checklist (HUBATT 1A). All inquiries should be directed to Melfi Penn by email at melfi.penn@austinisd.org.

The HUR (HUBATT 1) shall become a provision of the Contract between the awarded Proposer and AISD. The awarded Proposer can only change the HUR if (a) the Proposer complies with the guidelines for a Request for Change; (b) the Proposer provides its changes to AISD for review; and (c) The HUB Program Director approves the proposed changes to its HUR in writing.

Required HUB forms may be turned in up to 24 hours after the RFP due date. Please submit them with your proposal, or send them to proconteam@austinisd.org by May 6, 2020 before 2:00PM CST.

Term

The term length of the contract shall be upon completion of the Facilities Master Plan. The FMP shall be completed with sufficient time to prepare for the next bond election, either November 2021, May 2022, or November 2022.

Scope of Service and Performance Requirements

1. Design a planning process, in coordination with AISD, that can be flexible to achieve a potential November 2021, May 2022, or November 2022 bond election.
2. Develop and implement a communications and engagement plan for multiple stakeholders including parents, students, district staff, interest groups, the general public, and Austin's diverse ethnic, immigrant, and refugee communities.
 - a. Produce web-accessible materials that effectively and visually communicate the goals, strategies and other elements of the planning process (data visualization)
 - b. Assist with coordination of and participate in community events
 - c. Collect, assess, and record community input
 - d. Adhere to deadlines for AISD translation of materials

3. Analyze and synthesize AISD data including, but not limited to:
 - a. Strategic Plan
 - b. Academic programs (distribution and types)
 - c. Student enrollment and population
 - d. Student demographics (race/ethnicity, socio-economic and special education identification, etc.)
 - e. Utilization of schools
 - f. Facility condition assessments (FCA)
 - g. Educational suitability assessments (ESA)
 - h. Attendance areas

Note: The firm will be using existing data sets, whether supplied by AISD or other consultants, and is not responsible for developing any of the data sets listed.

4. Manage the district's boundary consultant that will produce recommendations for district-wide attendance area boundary changes to:
 - a. Balance enrollments
 - b. Improve feeder pattern alignments
 - c. Increase diversity
 - d. Consolidate
5. Collaborate with the district's boundary consultant to identify school consolidation opportunities and school closure sites, if warranted.
6. Collaborate with the district's Facilities and Bond Planning Advisory Committee (FABPAC) on the development of the Facilities Master Plan. The FABPAC is a Board-appointed citizen's advisory committee charged with evaluating capital improvements needs of the district and providing recommendations to the Board of Trustees on long-range facilities planning, amendments to the Facilities Master Plan, and the scope and timing of future bond programs.
7. Provide resources and information on emerging trends in:
 - a. Facility design (including renovations and new construction)
 - b. Technology
 - c. Sustainability, energy and water efficiency, and maintenance
 - d. Other subject matters, as appropriate
8. Develop a prioritized, phased implementation plan for future bond programs
9. Produce Facilities Master Plan document
 - a. Document must be compliant with W3C WAI's Web Content Accessibility Guidelines 2.1/2.0, Level AA conformance, for website use.
Reference: <https://www.austinisd.org/accessibility>
 - b. All native files shall become property of the district
10. Present, in coordination with district staff, progress reports and draft proposals to district leadership and the Board of Trustees at key points during the planning and approval process.

Planning Management Team Requirements

The firm shall provide a fully dedicated Planning Management Team, with a designated Planning Manager during the entirety of the project. Membership of this team shall be stable, and any proposed changes in the personnel must be approved in advance by the district representatives. The team shall be composed of a sufficient number of consultants, with all the necessary skill set sets required, to accomplish the scope of work described in the RFP.

The Planning Manager shall, as directed by the District Representative, make presentations to the Board of Trustees, FABPAC (Facilities and Bond Planning Advisory Committee) and other groups. These groups may include school community representatives, student groups, parent-teacher organizations, neighborhood associations, governmental entities, employee organizations, the faith community, the business community and the public at large.

If the firm does not have experience working in the Austin area, the District recommends the firm consider finding local partners to assist with community engagement. The District Representative shall approve the process for communicating with the public and the information that is to be made available to the public before it is disseminated.

AISD shall have the right to replace the firm, thus terminating the contract, or request that any member of the Planning Management Team, including subcontractors, be replaced.

Other Services

AISD may request that the firm perform additional services related to the subject of this RFP. The services, fees and other terms will be in a mutually agreed additional services amendment to the initial contract.
