The Austin Independent School District (AISD) Acceptable Use Guidelines

The guidelines are designed to ensure the safe and responsible use of technology resources by students, staff, and the community. These guidelines apply to all district devices and networks, including Chromebooks, Wi-Fi hotspots, and other technology resources.

- **Acceptable Use:** Chromebooks and Wi-Fi hotspots are provided to students and staff for educational and district-related purposes only. Unauthorized use, modification, or misuse of technology resources is not permitted.

- **Responsible Use:** Students and staff are expected to use technology resources responsibly, adhering to the district’s Acceptable Use Guidelines. Violations of these guidelines may result in disciplinary action.

- **Privacy:** The district collects and stores data to support educational programs and meet state and federal requirements. Students and staff are expected to respect the privacy of others and comply with local, state, and federal laws.

- **Liability:** The district is not responsible for any damages or injuries resulting from the use of technology resources. Students and staff are responsible for the safe and ethical use of technology resources.

- **Access:** Access to district technology resources is granted to authorized users only. Unauthorized access or attempting to gain unauthorized access is strictly prohibited.

- **Reporting:** Any violation of the Acceptable Use Guidelines should be reported to the appropriate authority.

- **Consequences:** Violations of the Acceptable Use Guidelines may result in disciplinary action, including suspension or expulsion, and legal consequences.

Additional information can be found in the AISD Acceptable Use Guidelines document, available in PDF format on the district’s website.
