DISTRICT ADVISORY COUNCIL ANNUAL REPORT 2016-2017

Introduction

Each public school district in the state is required in §11.251 of the Texas Education Code to maintain a district-wide advisory committee to assist in the planning and decision-making process, and to provide advice and recommendations to the Superintendent and Board of Trustees. AISD policies BQ-Legal, BQA-Legal, and BQA-Local pertain to the District Advisory Council (DAC). This report documents DAC activities for the 2016-2017 school year, and is prepared in accordance with DAC bylaws for the information of the Board of Trustees.

Membership

DAC diversity data has been tracked since 2004-2005. According to DAC bylaws and district policy, the membership of the DAC shall strive to be reflective of the district's geographic, ethnic, and economic diversity. But, like other advisory bodies in the district, the DAC is challenged by an available pool of applicants which is limited in size and does not reflect the diversity of the district. However, in 2015-2016 and 2016-2017, the percentages of Hispanic DAC members were at all-time highs.

DAC member length of service data has been tracked since 2004-2005. The DAC strives to attract new members, but also appreciates the value of experienced members. As seen in the following table, although there is a general trend toward members with more experience, most members continue to have served one term or less on the DAC.

In compliance with statutory requirements, the DAC membership includes parents, teachers, community members, and business representatives. In addition, the DAC membership includes students, principals, counselors, librarians, at-large members, and classified staff members. Not all of the positions on the DAC are tied to campuses, but 41 different campuses are represented. The Superintendent and a Trustee designated by the Board may serve as *ex officio* members of the DAC.

Prospective DAC members are identified through various sources, including applications submitted through the standard process for district advisory bodies, references from campuses, references from other DAC members, references from the Austin Council of PTAs, and participants in the AISD UpClose program.

Staff Support

The Planning Supervisor of the Department of Campus and District Accountability serves as the DAC Coordinator. The Director of Campus and District Accountability provides senior staff level support to the DAC. In addition, during the course of the school year, various senior staff members of the district present items to the DAC.

The DAC Coordinator maintains the DAC webpage, makes arrangements for DAC meetings, maintains the DAC membership, provides orientation to new members, maintains DAC records, and serves as principal point of contact for the DAC.

Conclusion

For the period of report, the DAC provided the district with over 200 hours of assistance in considering a number of issues, and the DAC Executive Committee provided over 150 hours of service. DAC continues to provide an important contribution to accomplishing the mission and goals of the district.
