

Please join us on Zoom Video Conferencing Thursday, May 14<sup>th</sup> from 4:00 to 5:30 PM for **#AISDATHOME: Student Experiences**.

The Austin ISD Office of Equity has identified student voice and leadership as a crucial component of equitable learning in Austin ISD. **#AISDATHOME: Student Experiences** is a moderated student conversation designed to provide a virtual platform for some of our most marginalized middle and high school students in the district to discuss their experiences while learning from home. We hope the stories students share will inform the practices used by AISD leaders and educators for online learning and beyond.

This event will be moderated by Bavu Blakes, CP&I Specialist in the Cultural Proficiency & Inclusiveness Office.

Please RSVP to Evelin Ramos at [evelin.ramos@austinisd.org](mailto:evelin.ramos@austinisd.org) in order to receive the Zoom link for this special event that is open to AISD staff only.

This event is being sponsored by: The Office of Equity, the Cultural Proficiency & Inclusiveness Office, and the Department of Communications and Community Engagement.
