Q3.2 - What do you think the biggest challenges are for AISD Athletics? (Rank from 1-6, 1 =the greatest challenge, 6 = the least challenge)

Q3.3 - What is your opinion about the condition of the current AISD Centralized (Burger Center, Delco Center, House Park, Nelson Field, Noack Sports Complex) athletic facilities?

Themes:

- Old
- Outdated
- Poor
- Improvements needed

Q3.3_3_TEXT - Needs improvement

Went to Del Valle stadium yesterday for the 1st time... comparing to Lake Travis and Westlake, but now realize we are ahead of us.

We need more facilities closer to schools

video scoreboard, updates needed

very poor compared to surrounding districts

very out of date when looking at other district's central facilities. For instance, I graduated from AISD 20+ years ago. Burger Center has not changed a bit.

Very old.

Upgrades, safety, maintenance

upgrade

updating

Q3.3_4_TEXT - Failing

All are below the standard of the surrounding districts

All are subpar and old and aging fast.

Awful facilities and a joke compared to other districts.

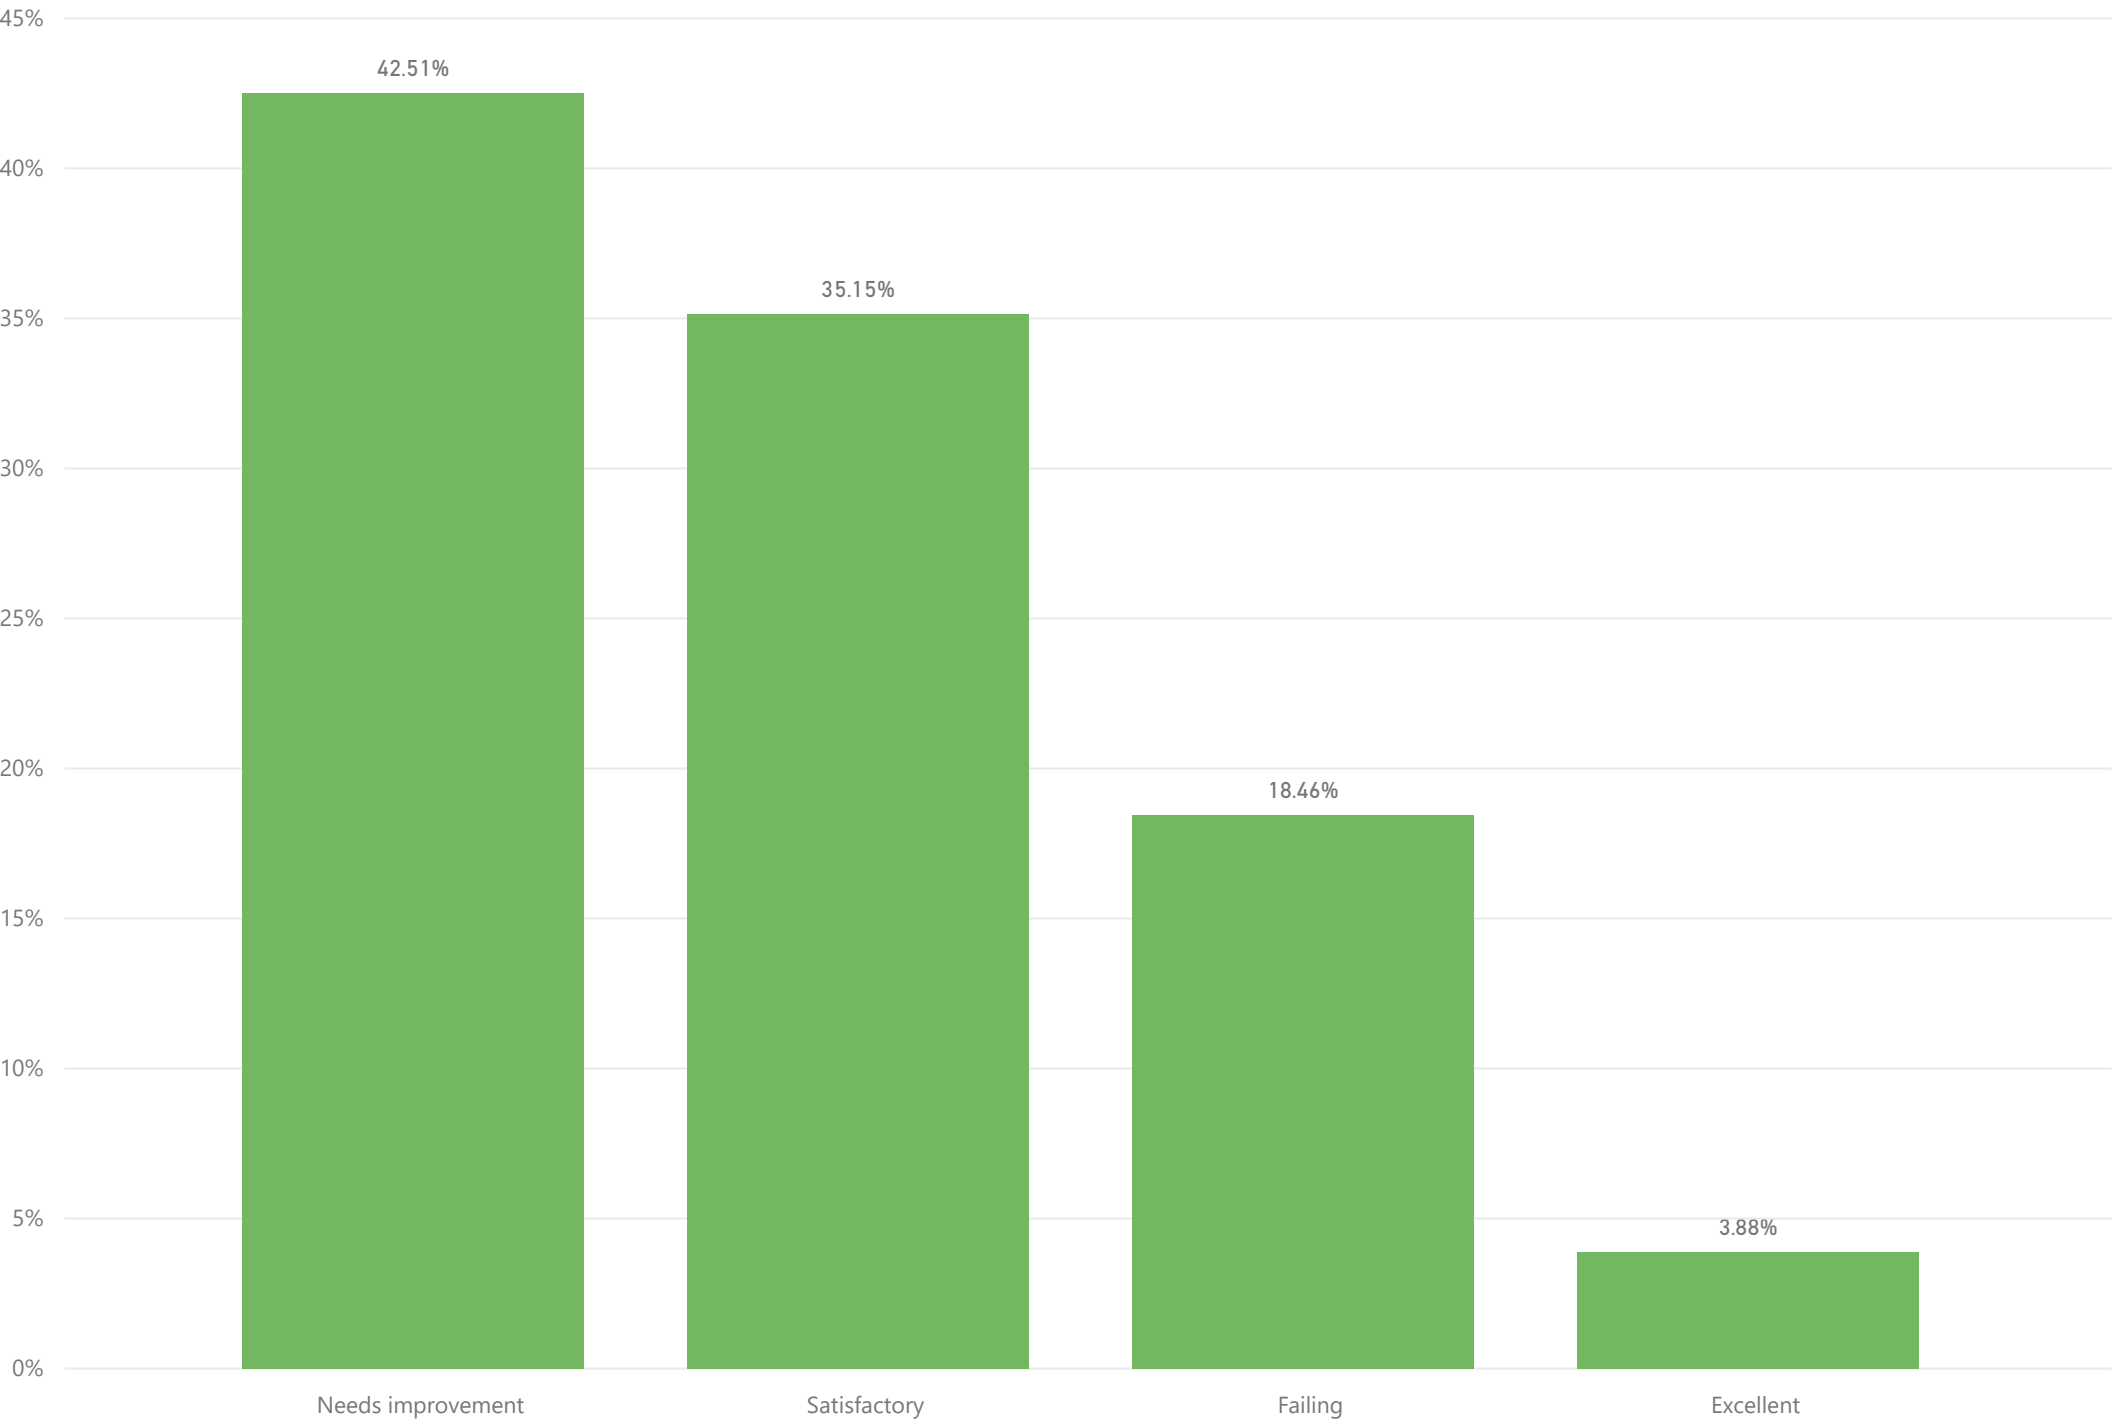

Bathrooms are awful

Below average

Burger Center

Burger is incredibly out of date, as is Nelson. The facilities are an embarrassment when compared to surrounding districts. We lose kids every year because we play in 1970 era stadiums and fields. Delco needs updating to AV system, with monitors and screens added in multiple locations. Noack is not bad for softball, but is horrible for football.

Q3.4 - What is your opinion about the condition of the current AISD athletic facilities at the school(s) where you play, support, or attend most events?

Themes:

- Undersized field
- Old
- Need lights/turf

Q3.4_3_TEXT - Needs improvement

▲

"Large/Competition" Gymnasium is undersized and in constant demand by non athletic groups causing scheduling conflicts that negatively impact our student athletes. "Small" gymnasium has run down appearance, leaking roof (which has caused the floor to deteriorate), district has taken away opportunities for our community to support our athletes by forcing us to attend other facilities for competitions that could be played on campus. Compare to all the surrounding communities that keep activities on campus to create a true sense of pride in the community.

6

a portable was put on beckers track

Aging and run down

AHS is out of date and too small

<div>

>

Q3.4_4_TEXT - Failing

▲

1

a broken gravel run track and limited field sports management of grounds.

a health hazard

Adequate to support the level of activity we support.

AHS Gym is not big enough to house 1/3 of student body much less fans

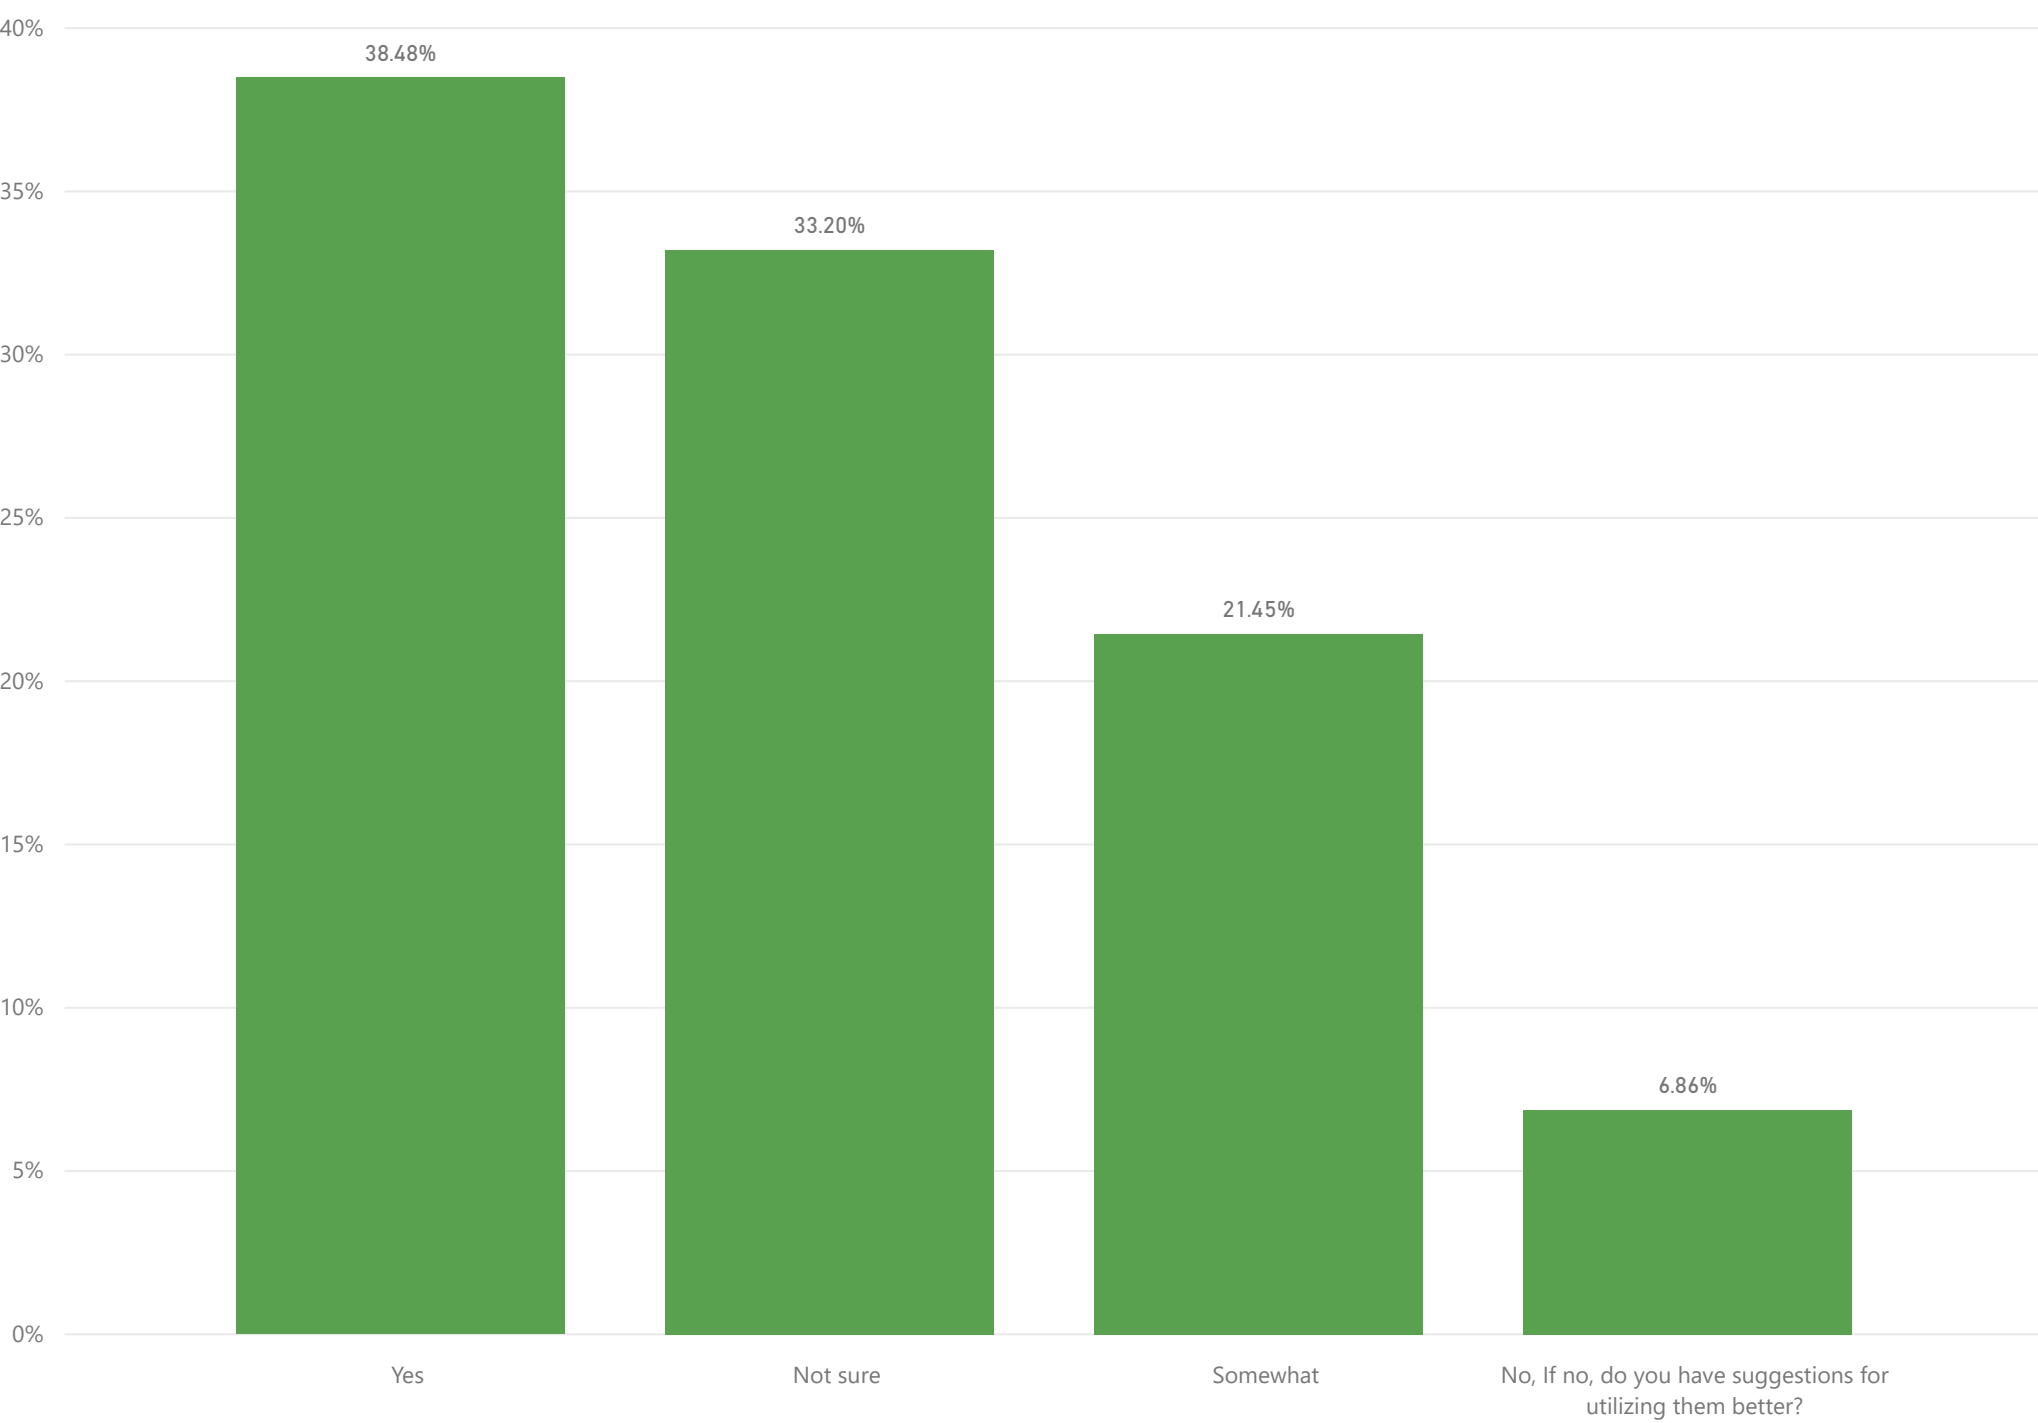

Akins athletic facilities are in terrible shape and we are at 130% capacity and need more space in facilities to be competitive and offer our athletes an equitable experience.

Akins HS has very poor facilities compared to other schools. This is often an issue at schools that are less affluent or have high numbers of low SES

<div>

>

Q3.5 - Do you feel that the current athletic facilities are well utilized (with full schedules)?

Themes:

Open to Community Use (for rent)
Club sports lack of space

Q3.5_4_TEXT - No, If no, do you have suggestions for utilizing them better?

6920 Bennett

A modernization of central facilities and school facilities would allow for added revenue through facility rental to youth leagues and for post season play. AISD is losing out to surrounding districts that are cashing in on Austin’s appeal.

Afterschool basketball

After-school sports for kids

Again, weight rooms should not be limited for certain sports only.

AISD fitness events, other city events, and renting to private & public sport teams

Allow community programs more access during vacant times, require them to contribute \$ toward upkeep

allow more leasing when not in use - not just if facility manager want to work that day or not

Allow soccer to practice and play games on the football field when it’s not being used.

Almost impossible to get field access for club sports in area. AISD could rent out fields and make so much \$ for the actual schools.

Anderson and Murchison football fields could be used so students don’t have to travel so far for games. Lights could be installed for night games

As above, I think more events should be kept local to the school to promote community involvement and support.

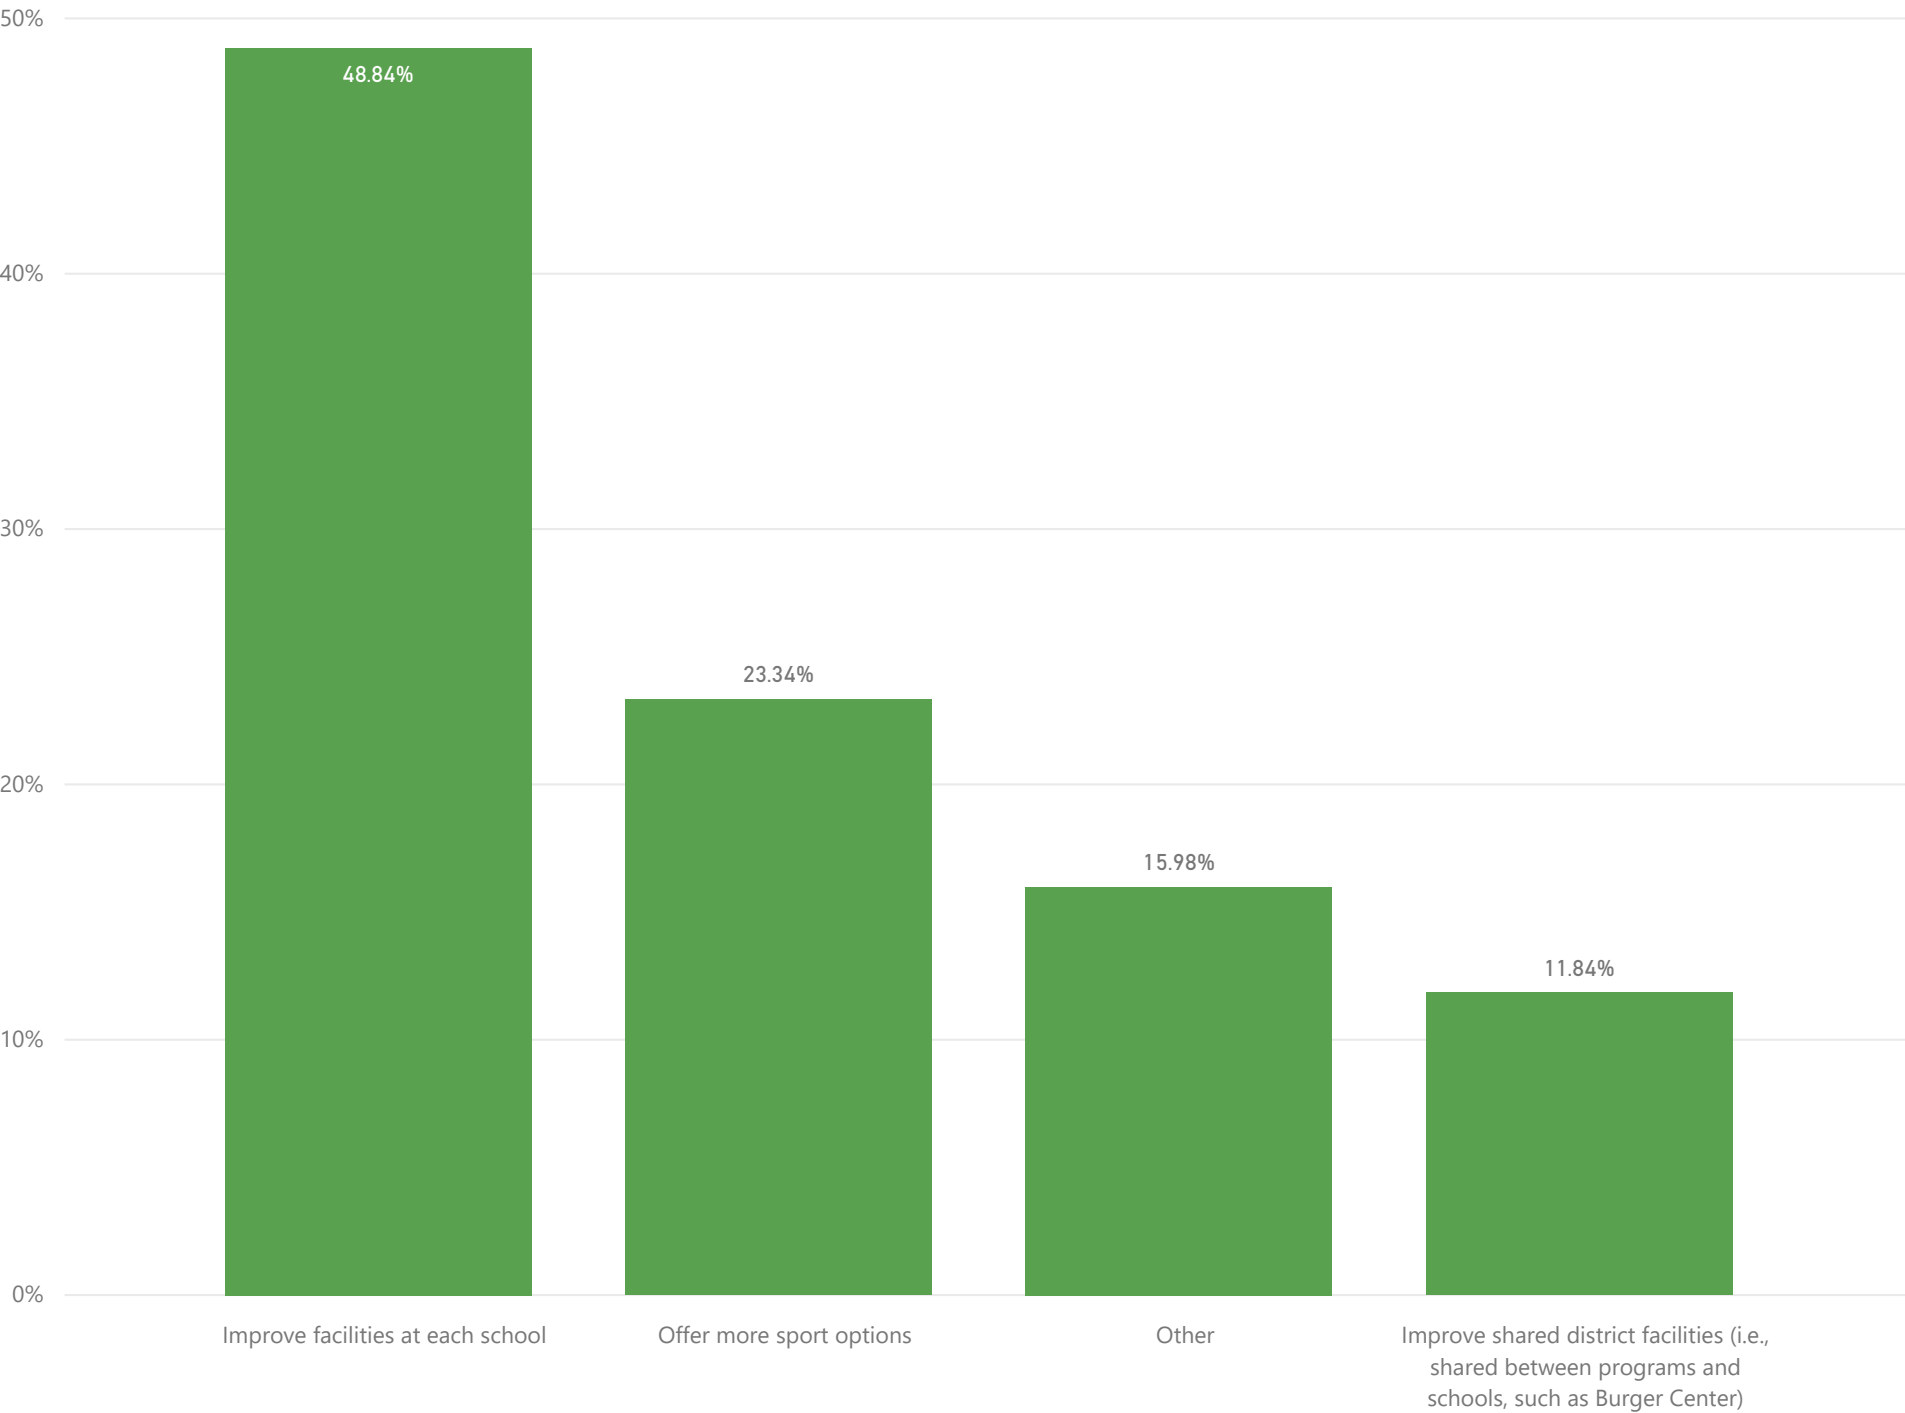

Baseball tournaments

Because not enough sports fairness across AISD some schools have better facilities than others no consistent.

Believe all school based facilities are fairly well used, but centralized facilities seem vacant much of the time.

better field conditions

Q3.6 - Which strategy would increase student participation the most?

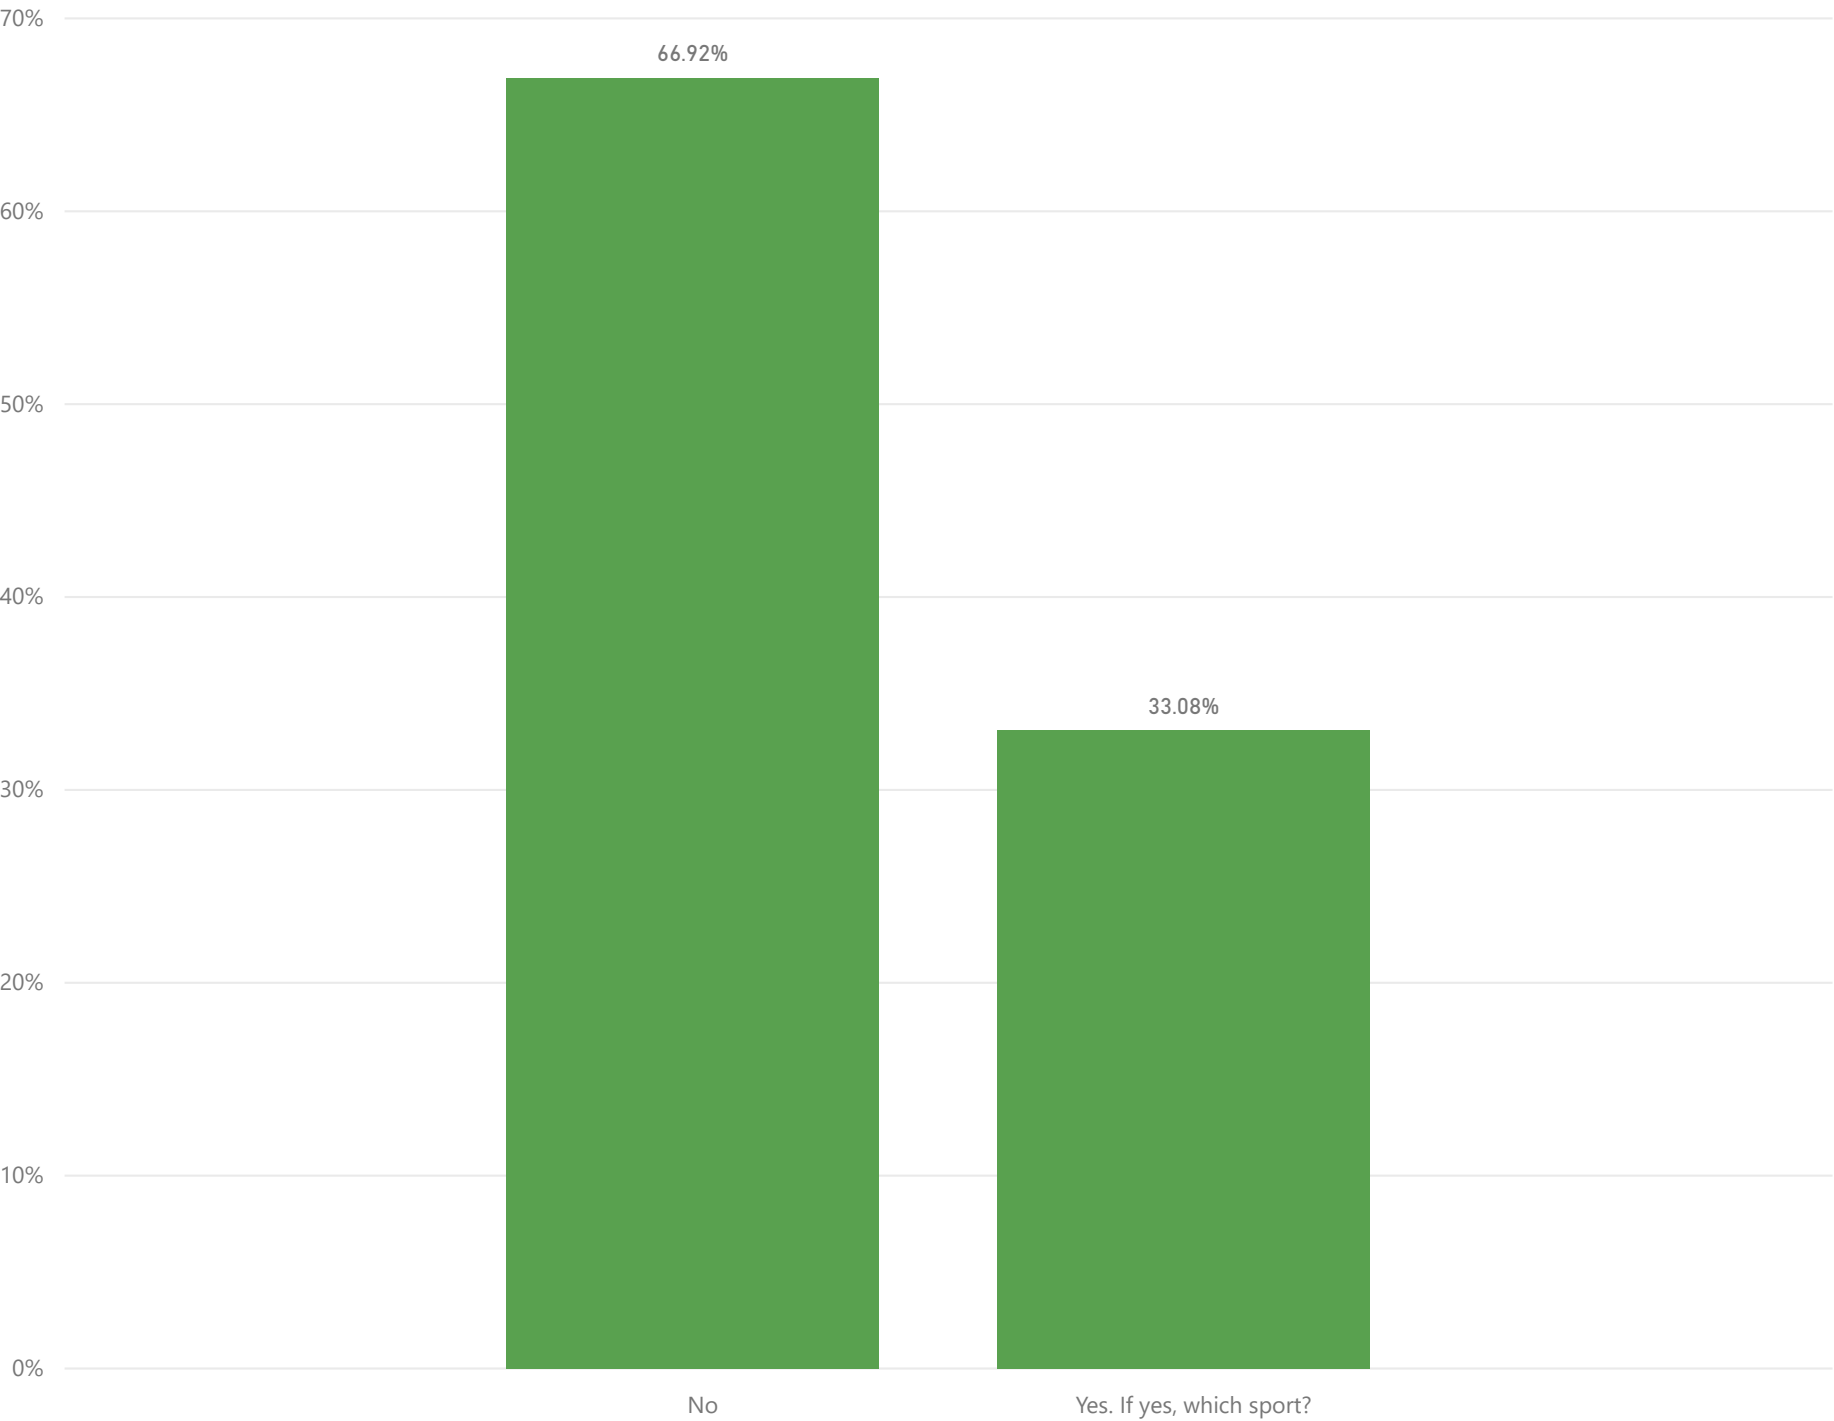

Themes:

- More options/offerings
- Improved facilities
- More staffing/coaches

Q3.6_4_TEXT - Other	
6th athletic	
Actually invest in athletes	
Add sides to the blacktop areas, such as plastic side that can close on cold damp days.	
add space, 2 courts when many school have 5 +	
Add turf fields at schools and keep and improve House Park	
Advertising of events	
affordability of participation	
after school transportation	
AISD needs better swimming facilities!	
AISD needs to improve facilities both at schools such as Bailey MS and Burger Center. Bailey's girls and boys locker rooms needs to be remodeled, and the gym needs new bleachers.	
All	
All of the above	
All of the Above. Quit favoring Bowie	
all play even, if btwn own in house groups	
allow all students who desire to participate, not just the top athletes	
Allow more kids to play	
allow non-uil sports to count as pe credit	
Allow the kids who attend our feeder schools as transfer continue attending the vertical school.	
Also need to improve district baseball facilities.	
Athletics/Band/UIL scheduling overlap	
Austin HS requires kids take The athletic class and participate in after school practice. It's too much time on sports not ebought time exploring other electives. Facilities at AHS, OH, Zilker snd LBJ aren't as nice as other schools but they're acceptable	
Avoid having to miss so much class for sports	
Better Coaches	
better coaching	
Better sharing of what is offered	

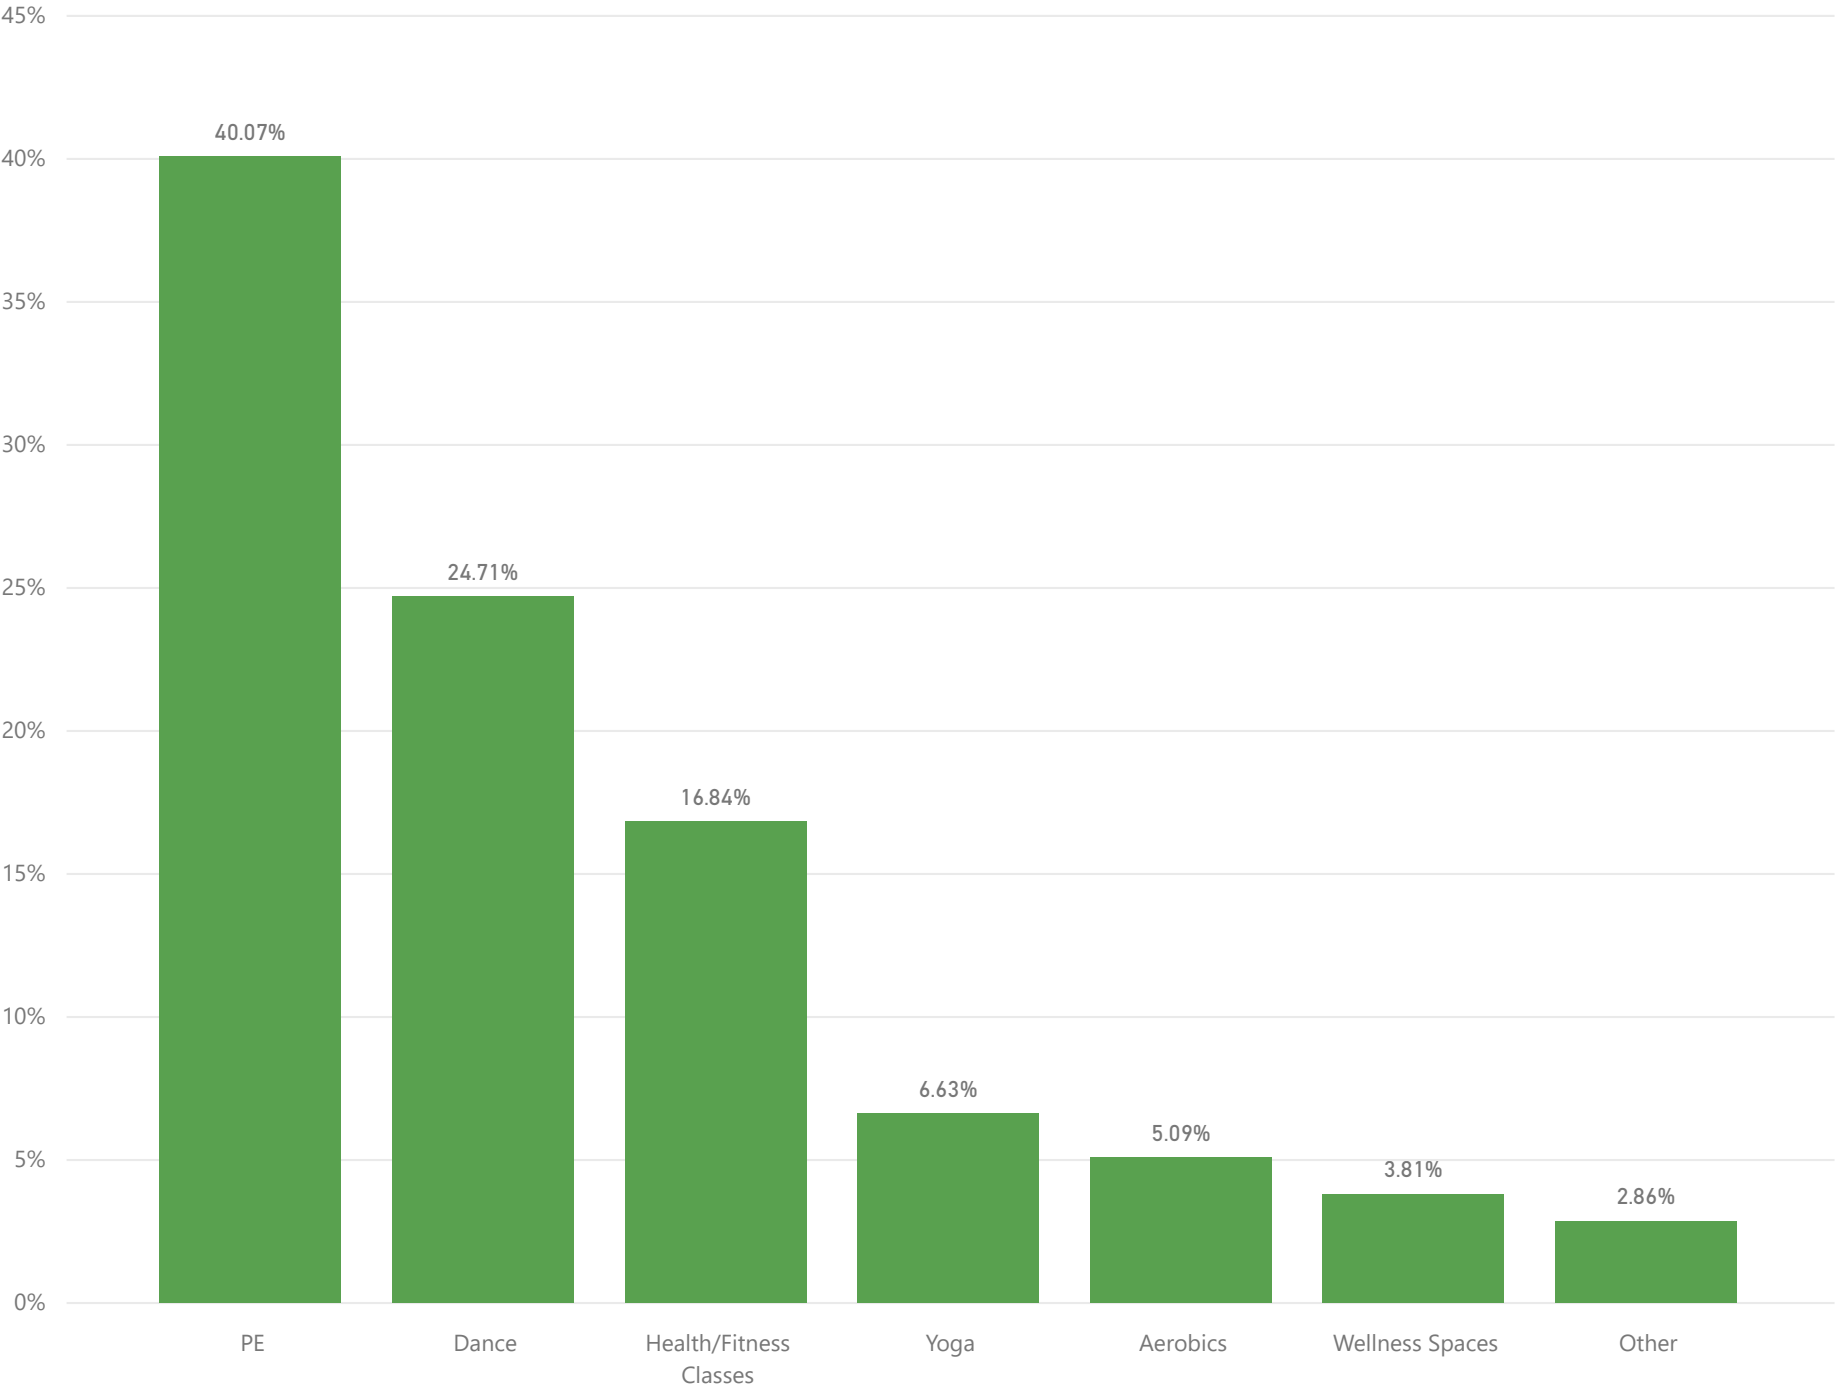

Q3.7 - Is transportation an issue, such as getting to early morning practices (like swimming) or getting home from after-school practices?

Themes:

All of them
Swim
Band
Column1
you could also train coaches on how to connect parents to people can carpool
Yes. If yes, which sport? - Text
Yes. For marching band it would be nice if practice were at school after school
Yes. Basketball. Band.
Yes, swim, cross country
Yes, swim
Yes, an early morning bus would increase participation so parents that work donâ€™t stress
Yes- girls vball, b-ball and boys ball, b-ball both b/g soccer and track
Yes build pools at all the schools.
xc
wrestlin, xcountry, band
volleyball, basketball
Volleyball at LASA - students must take an hour trip home either way and it greatly reduced the amount of sleep these students need to lean and grow
Volleyball and Basketball, getting to games from our school to schools more north
Volleyball and Basketball (boys and girls) also have early morning practices. An early bus would be a great option for the campuses that have early practices
Volleyball , soccer
Volleyball
Trying to make 5 o'clock games at other facilities with no lights. Baseball
Transportation to and from all sports.
Transportation is an issue getting to competitions, no just home from practice.
Traffic in town makes it difficult to get to facilities on time
Traffic around Austin High at 5:00 makes getting to and from after-school practices difficult
Track, Basketball, Cross Country
Track and wrestling

Q3.8 - What wellness, physical education, or non-competitive sports programs does your school currently offer? Check all that apply.

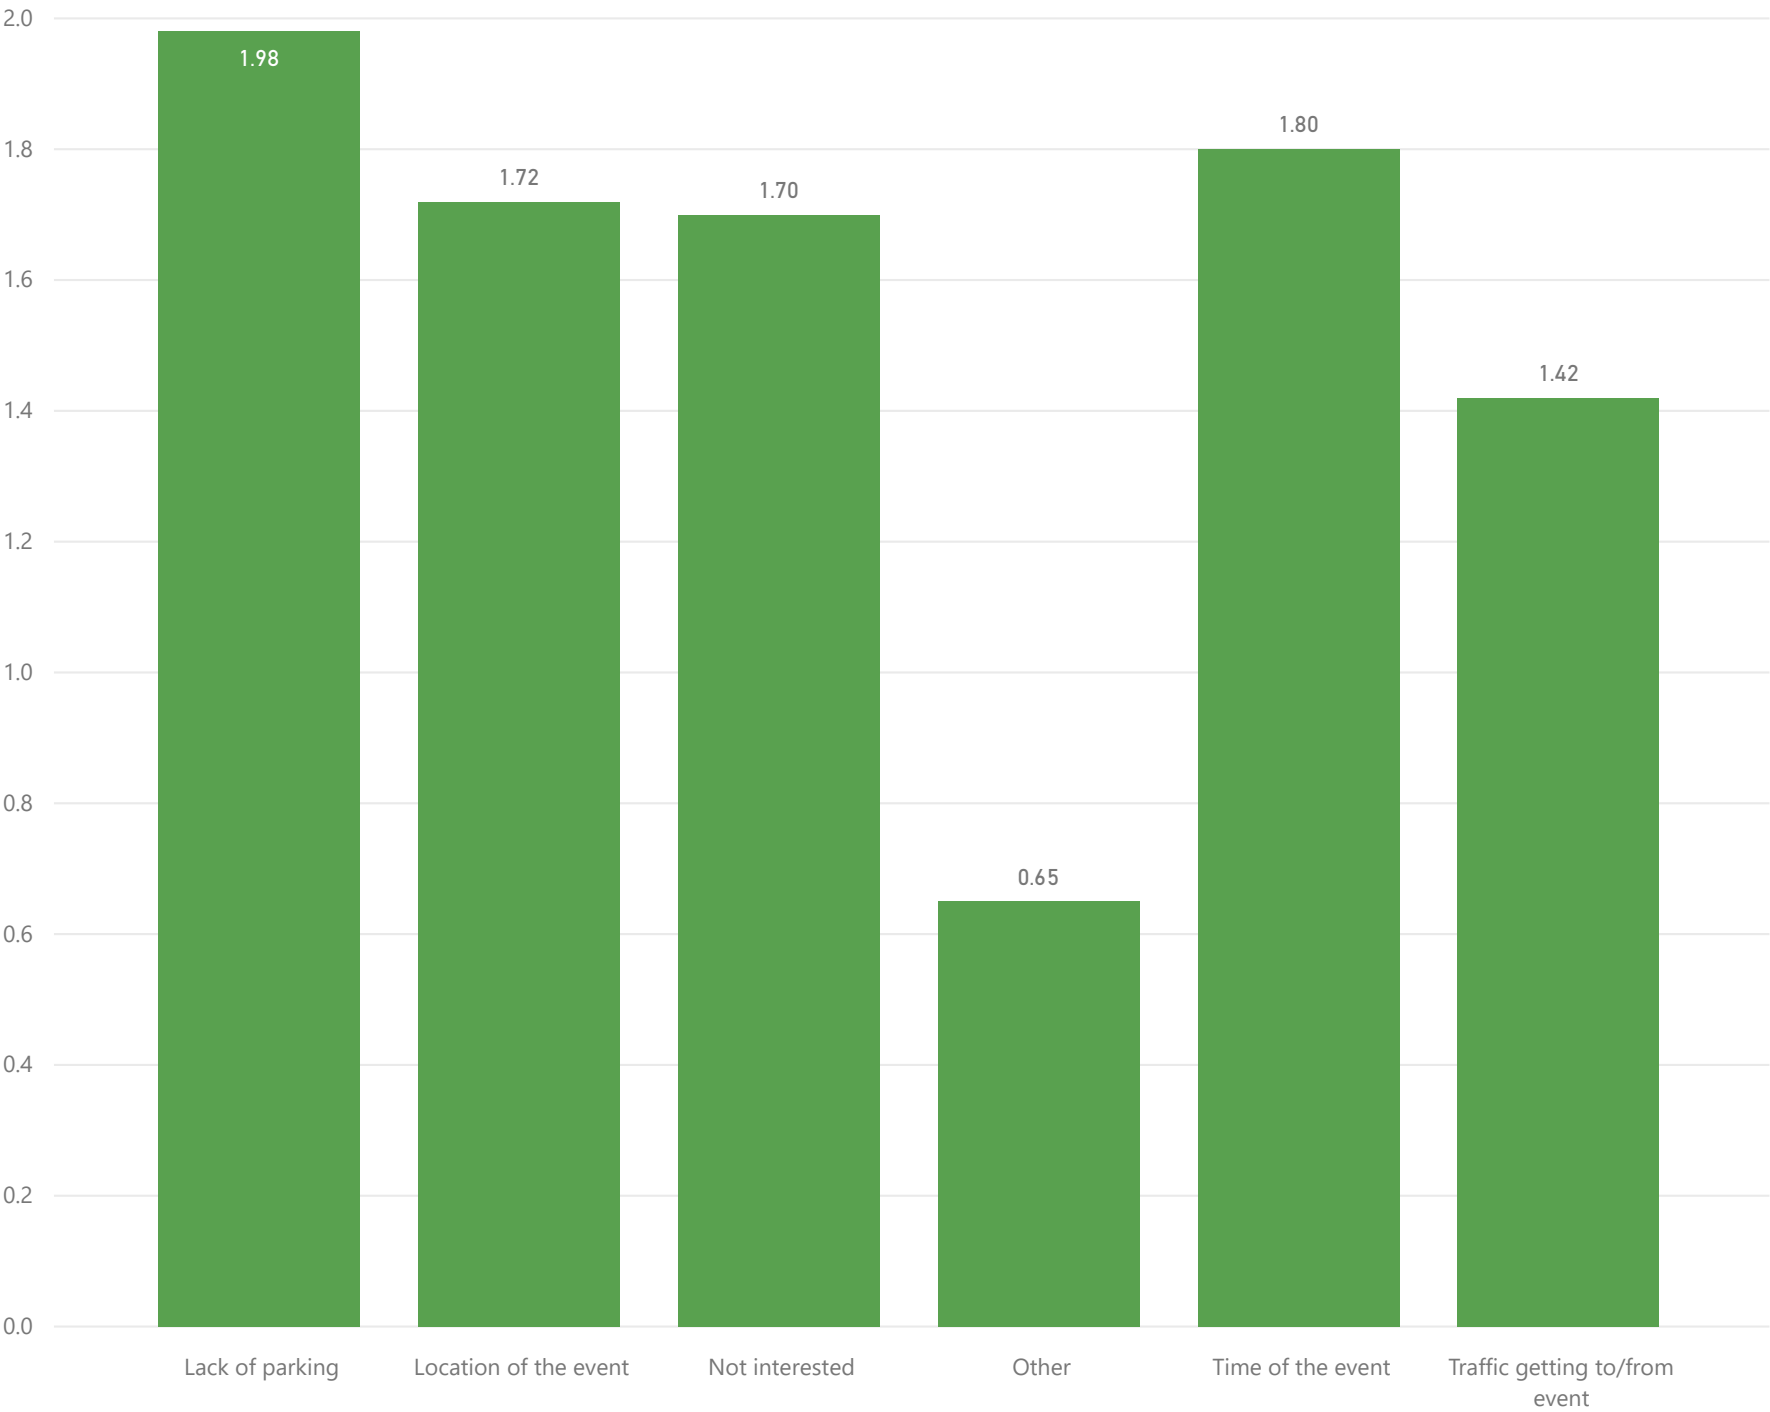

Themes:

Afterschool programs
Work out Wednesdays

Column1
5th grade volleyball
after school programs offer options, but the school does not
after school running
after school skate board club
after school teams/clubs
after-school programs
Archery
Athletics
Ballet Folklorico
battle camp
classes on wellness
Dance team is competitive
dancing lion team
eagle fit
Elementary girls volleyball only
Girls on the Run
I am not sure what our school/vertical schools offer
Just Keep living offers a variety of things
lacross
lacross, soccer, volleyball, basketball
Lacrosse
LASA does not seem to prioritize physical activity, which stinks.
Marathon Kids, Tennis, Golf, Volleyball
Marathon kids.
Marching Band
Marching Band/Color Guard
most seasonal sports
None

Q3.9 - Which of the following reasons, if any, keep you from attending an AISD sporting event? Score from 1-6; 1 =most discouraging and 6=least discouraging.

Themes:

Timing
Not knowing

Column1
\$5 Cost of entry
10
5 PM start times for Varsity baseball is too early
accessible parking close to seating
Admission feed
Atmosphere is terrible
Attendance is not an issue it is more the fact the students perception of our schools and programs because when we travel they have such a different experience of the investment in the programs and facilities.
Bathrooms that arenâ€™t abused and dirty.
Burger Center is an embarrassment.
busy schedule
cannot support football due to concussion concerns
care for gramma
cash only entrance - is the biggest reason I have to sit in my car in the parking lot instead of coming in.
Child is too young
Clear bag policy
Community member not a parent
condition of facilities
Conditions of the facilities
conditions of the facility
conflict with other events on my calendar
cost
Cost for football is getting to be too much.
cost. 5 dollars adds up
Costo gastos
costs
Day of events (weekdays)
Day of the week

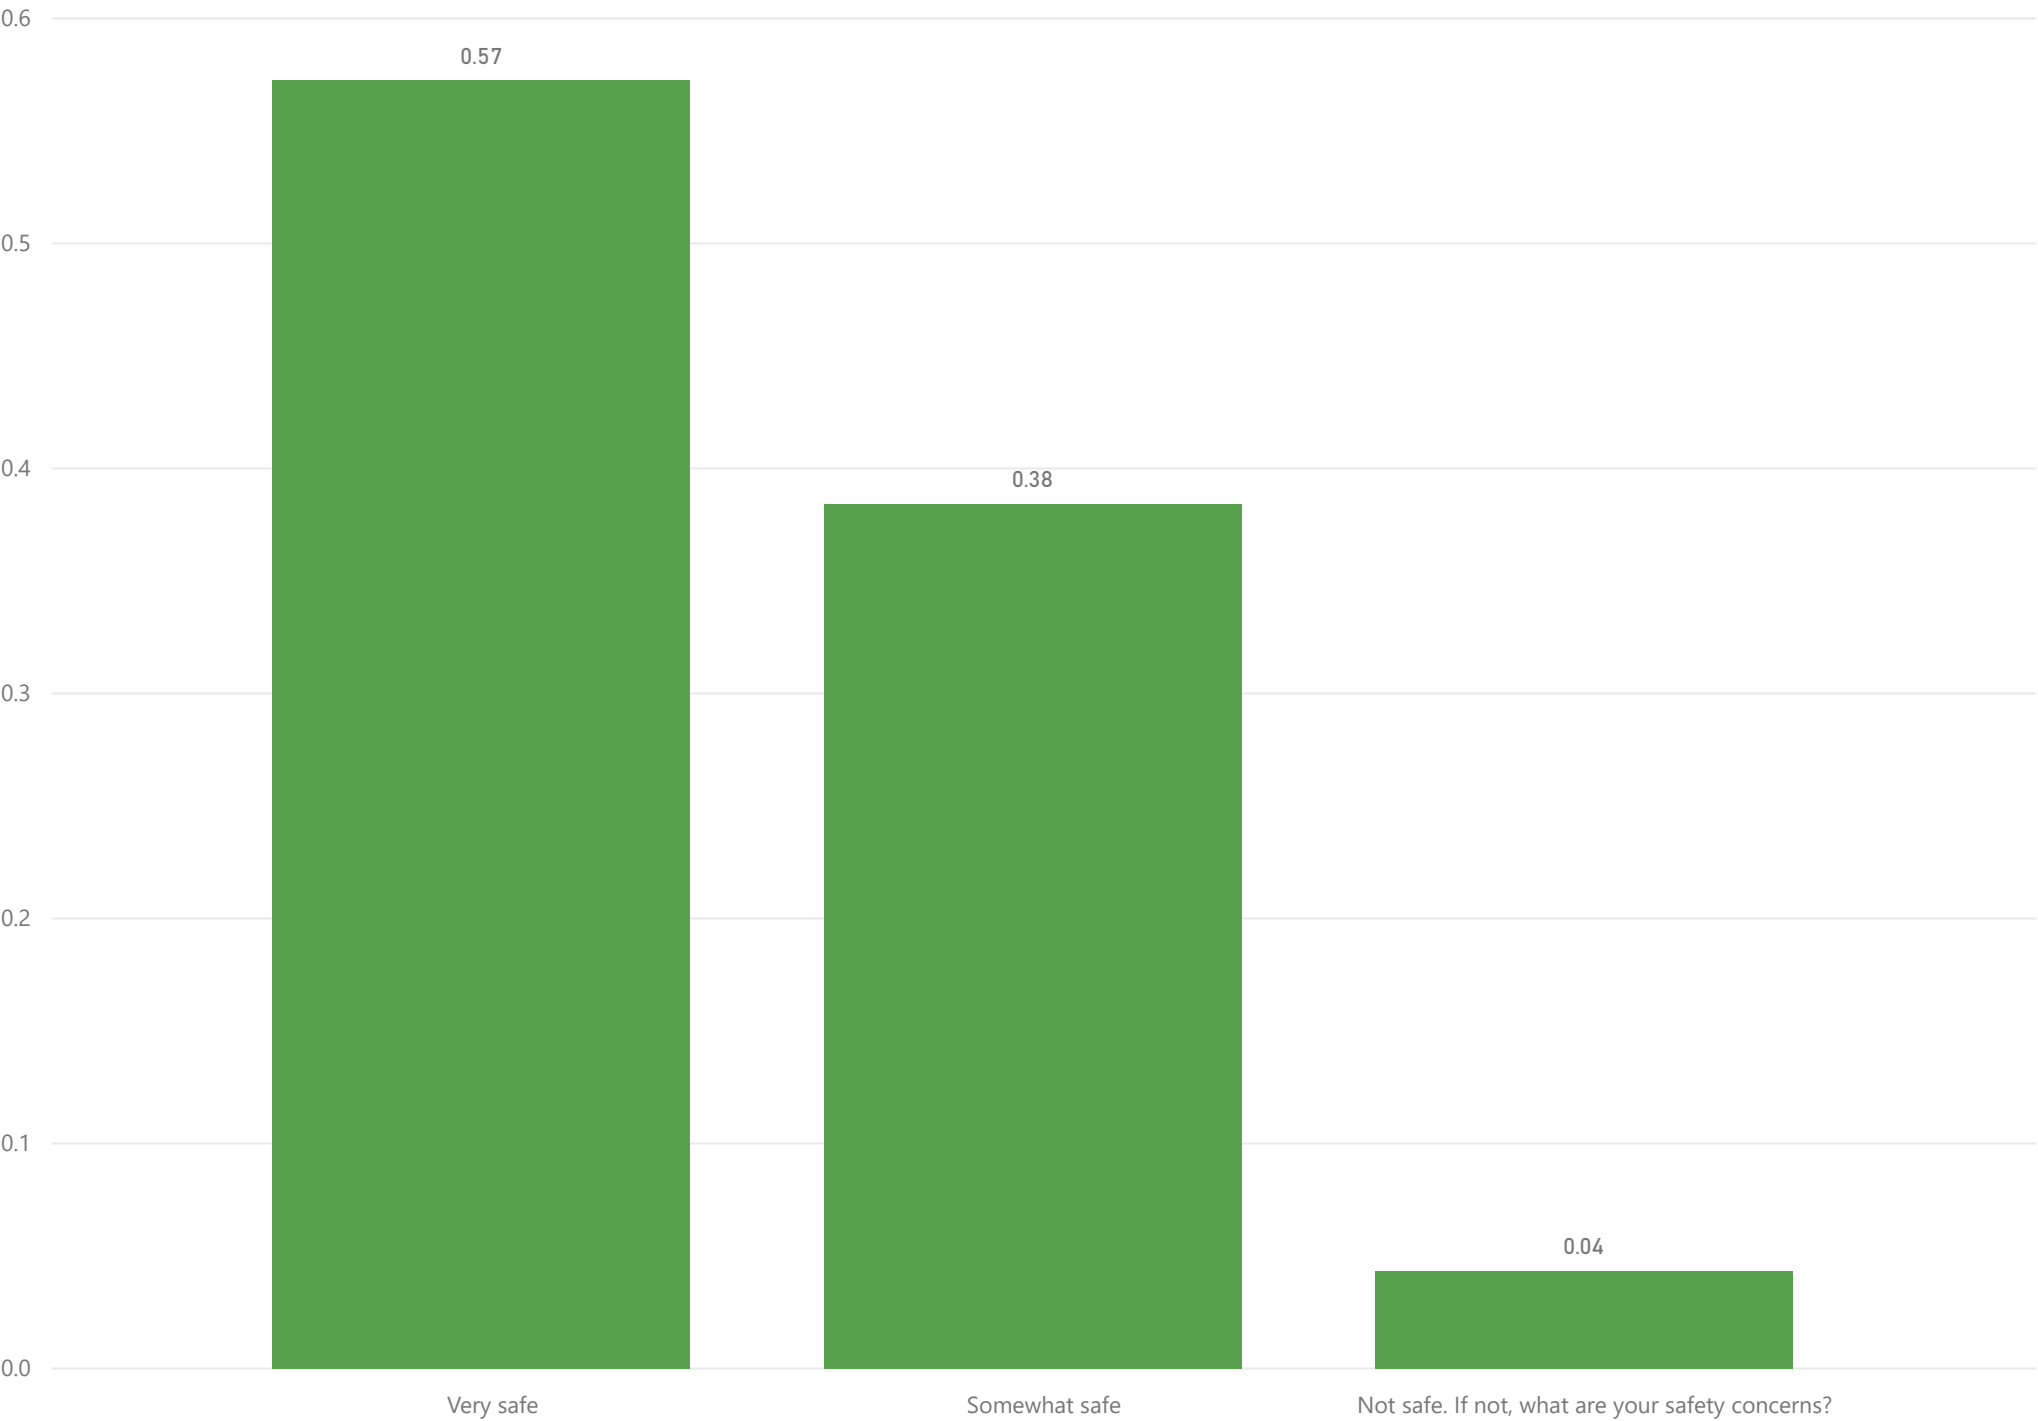

Q3.10 - Are there sport or wellness program(s) that you would like AISD to offer to students and/or community members that are not currently offered?

Column1
N/a
Ultimate should be supported by the schools. It is the most inclusive team sport. Offer after school weight lifting to kids who are not on UIL teams.
;none
Access to athletic fields during the day to use the track for running and exercise. If not all day at least part of the day. Offer nutrition classes free to community and parents around the schools or at a discounted rate.
aerobics
After school clubs at elementary school
after school fitness classes for students on campus, yoga, running/walking club etc
after school sport clubs at the elementary level
airsoft
AISD should offer free dance and soccer instruction to students. Current after school offerings are very expensive, and these things are not taught in PE.
Alternative wellness education -- acupuncture, chiropractic, meditation, etc. esp. for athletics
Any free after-school sports for Elementary School (Patton does not offer any)
anything geared at promoting girls and sports
Archery, lacrosse, ultimate frisbee,
Are there sport or wellness program(s) that you would like AISD to offer to students and/or community members that are not currently offered?
Artes plasticas o Danza para niños de pk
As a pretty involved parent, I am actually not aware of what wellness programs are offered. Students and staff could definitely benefit from yoga and meditation at the school, and making students aware of the health
At Travis: swimming, yoga, boot camp fitness, rowing, marathon kids training, rodeo
athletics as a CLASS at ARS, wherein athletes can meet during school hours
Athletics options for younger elementary kids
Báskquetbol
badminton
baseball and softball for Middle school, Cross Country for middle school, and Wrestling for Middle school
baseball and softball in middle schools
Baseball in middle school; yoga in elementary and middle schools; cycling in middle school; lacrosse in middle school
Baseball/Softball in middle school
Better facilities
Better weight room and facility
Bicycling
Bike or bowling class
biking
Boli-bol
Boxing

Top 4 'Other'

- 1. Yoga (93)
- 2. Lacrosse (38)
- 3. Dance (26)
- 4. Meditation (23)

Q3.11 - How safe do you feel attending or playing at current AISD athletics facilities?

Themes:

- Lighting
- Crowding
- Lack of security

Column1	
??	
aging facilities	
anyone can walk into school facilities and there is no security	
appropriate staff to check patrons	
area isn't that great	
as safe as it can be... just like going to school	
at night lighting	
better lighting in parking lots would help	
bleachers at some high schools are dangerous	
Burger baseball field needs to be leveled out and upgraded	
Claim to require clear backpacks yet attendants let anything in.	
Coaches do what they can to make it safe with little help	
Concerns about personal property - theft	
Column1	
Admin or security are not always visible	
air conditioning barely works in the summer	
Bleachers at bowie broke during vb tournament and temps during 2 vb tournaments at bowie had NO AC in August!	
Bowie - bleachers too close to playing area	
bullying,	
Butler Field has zero security. No gate. There are literally homeless people living under the bleachers. There is no way to regulate who is there and who is not there.	
Centralized facilities bring serious safety concerns due to their locations	
Crowded facilities are difficult to keep safe.	
Da miedo que los niños salen después del partido en la oscuridad. La escuela Burnett necesita iluminación.	
Deberia haber personal de seguridad en eventos del AISD.	
<	>

Q3.12 - Please list three words that best describe AISD Athletics today:

Column1	Themes
average, poor facilities, poor coaching	
changes empowers lives	1. Underfunded (73)
Competitive, demanding, tough	2. Not Competitive (71)
"good ole-boys" system	3. Outdated (52)
(1) underfunded. (2) insufficient . (3) under-appreciated	
?	
A freaking joke	
a good way to encourage kids to go to school	
above average competition	
Absent, lacking, nonexistent	
Acceptable, elite, inaccessible	
Accessible Participation education	
Accessible, convenient, enriching	
accessible, fun, time-consuming	
adequate, average, uninspiring	
Adequate, Football, Boys	
Adequate, important,	
adequate, subpar facilities, dedicated coaches & staff	
adequate, uncompetitive	
Adequate, undersupported, crowded	
Adequate. Appropriate. Okay	
Adequate. Satisfactory. Non-flexible.	
After thought	
Aged, disconnected, substandard	
Aged, Not competitive, Help	
Aggressive, competitive, screaming	
aging , competitive , need	
aging underdog important	
aging, unfunded, making do	
Aging; at capacity	
AISD needs facility improvements like a larger gym for basketball	
ALL ABOUT MONEY	
all our money leaves with robin hood plan	

Q3.13 - Please list three words that would describe your long-term vision (5-20 years) for AISD Athletics:

Column1
Diverse, not football driven!
(1) competitive . (2) thriving. (3) appreciated
20
3 to 5
5 years- assign high schools to one of the 3 existing stadiums and have one team for each stadium for which students from all the schools try out. 20 yrs- Switch athletics out of the curriculum. Allow club usage of facilities; this is similar to what LaCross programs are currently doing.
a place to grow and encourage student athletes
A state of the art stadium
Above suburban standards
academics over athletics
Accessibility
Accessible
Accessible opportunities for all
Accessible, convenient, enriching
accessible, diverse, competitive
accessible, impactful, healthy
Accessible, Modernized, Multi-purpose
Accessible, more, closer
Active, Healthy, and Inclusive
Adaptive, varied, exciting
Add baseball in MS
Add Swim Center
adequate facilities and coaches to create a safe environment for my kids to try new things
Adequate. Inclusive. Open.
Advanced, disciplined, value
After school sports
AISD doesn't have a vision for athletics
AISD needs one, really good, centrally-located set of fields, indoor volleyball/basketball complex for all schools to share. Sorry, can't answer the question in only 3 words.
AISD should make athletics a minor component of education and invest in academics rather than athletics.
Aligned, properly-funded, competitive
all abilities, comprehensive choices, state of the art facilities
ALL AISD central schools competitive (more turf fields & better facilities) and outfitted like their competitors West Lake and Del Valle. If my taxes pay for a school like Del Valle, my kids school should be equal to the schools I'm funding.
< >

- Themes
1. Competitive (101)

2. Inclusive (77)

3. Modern/Improved (64)

Q3.14 - What is the first improvement you would make to current AISD athletic facilities?

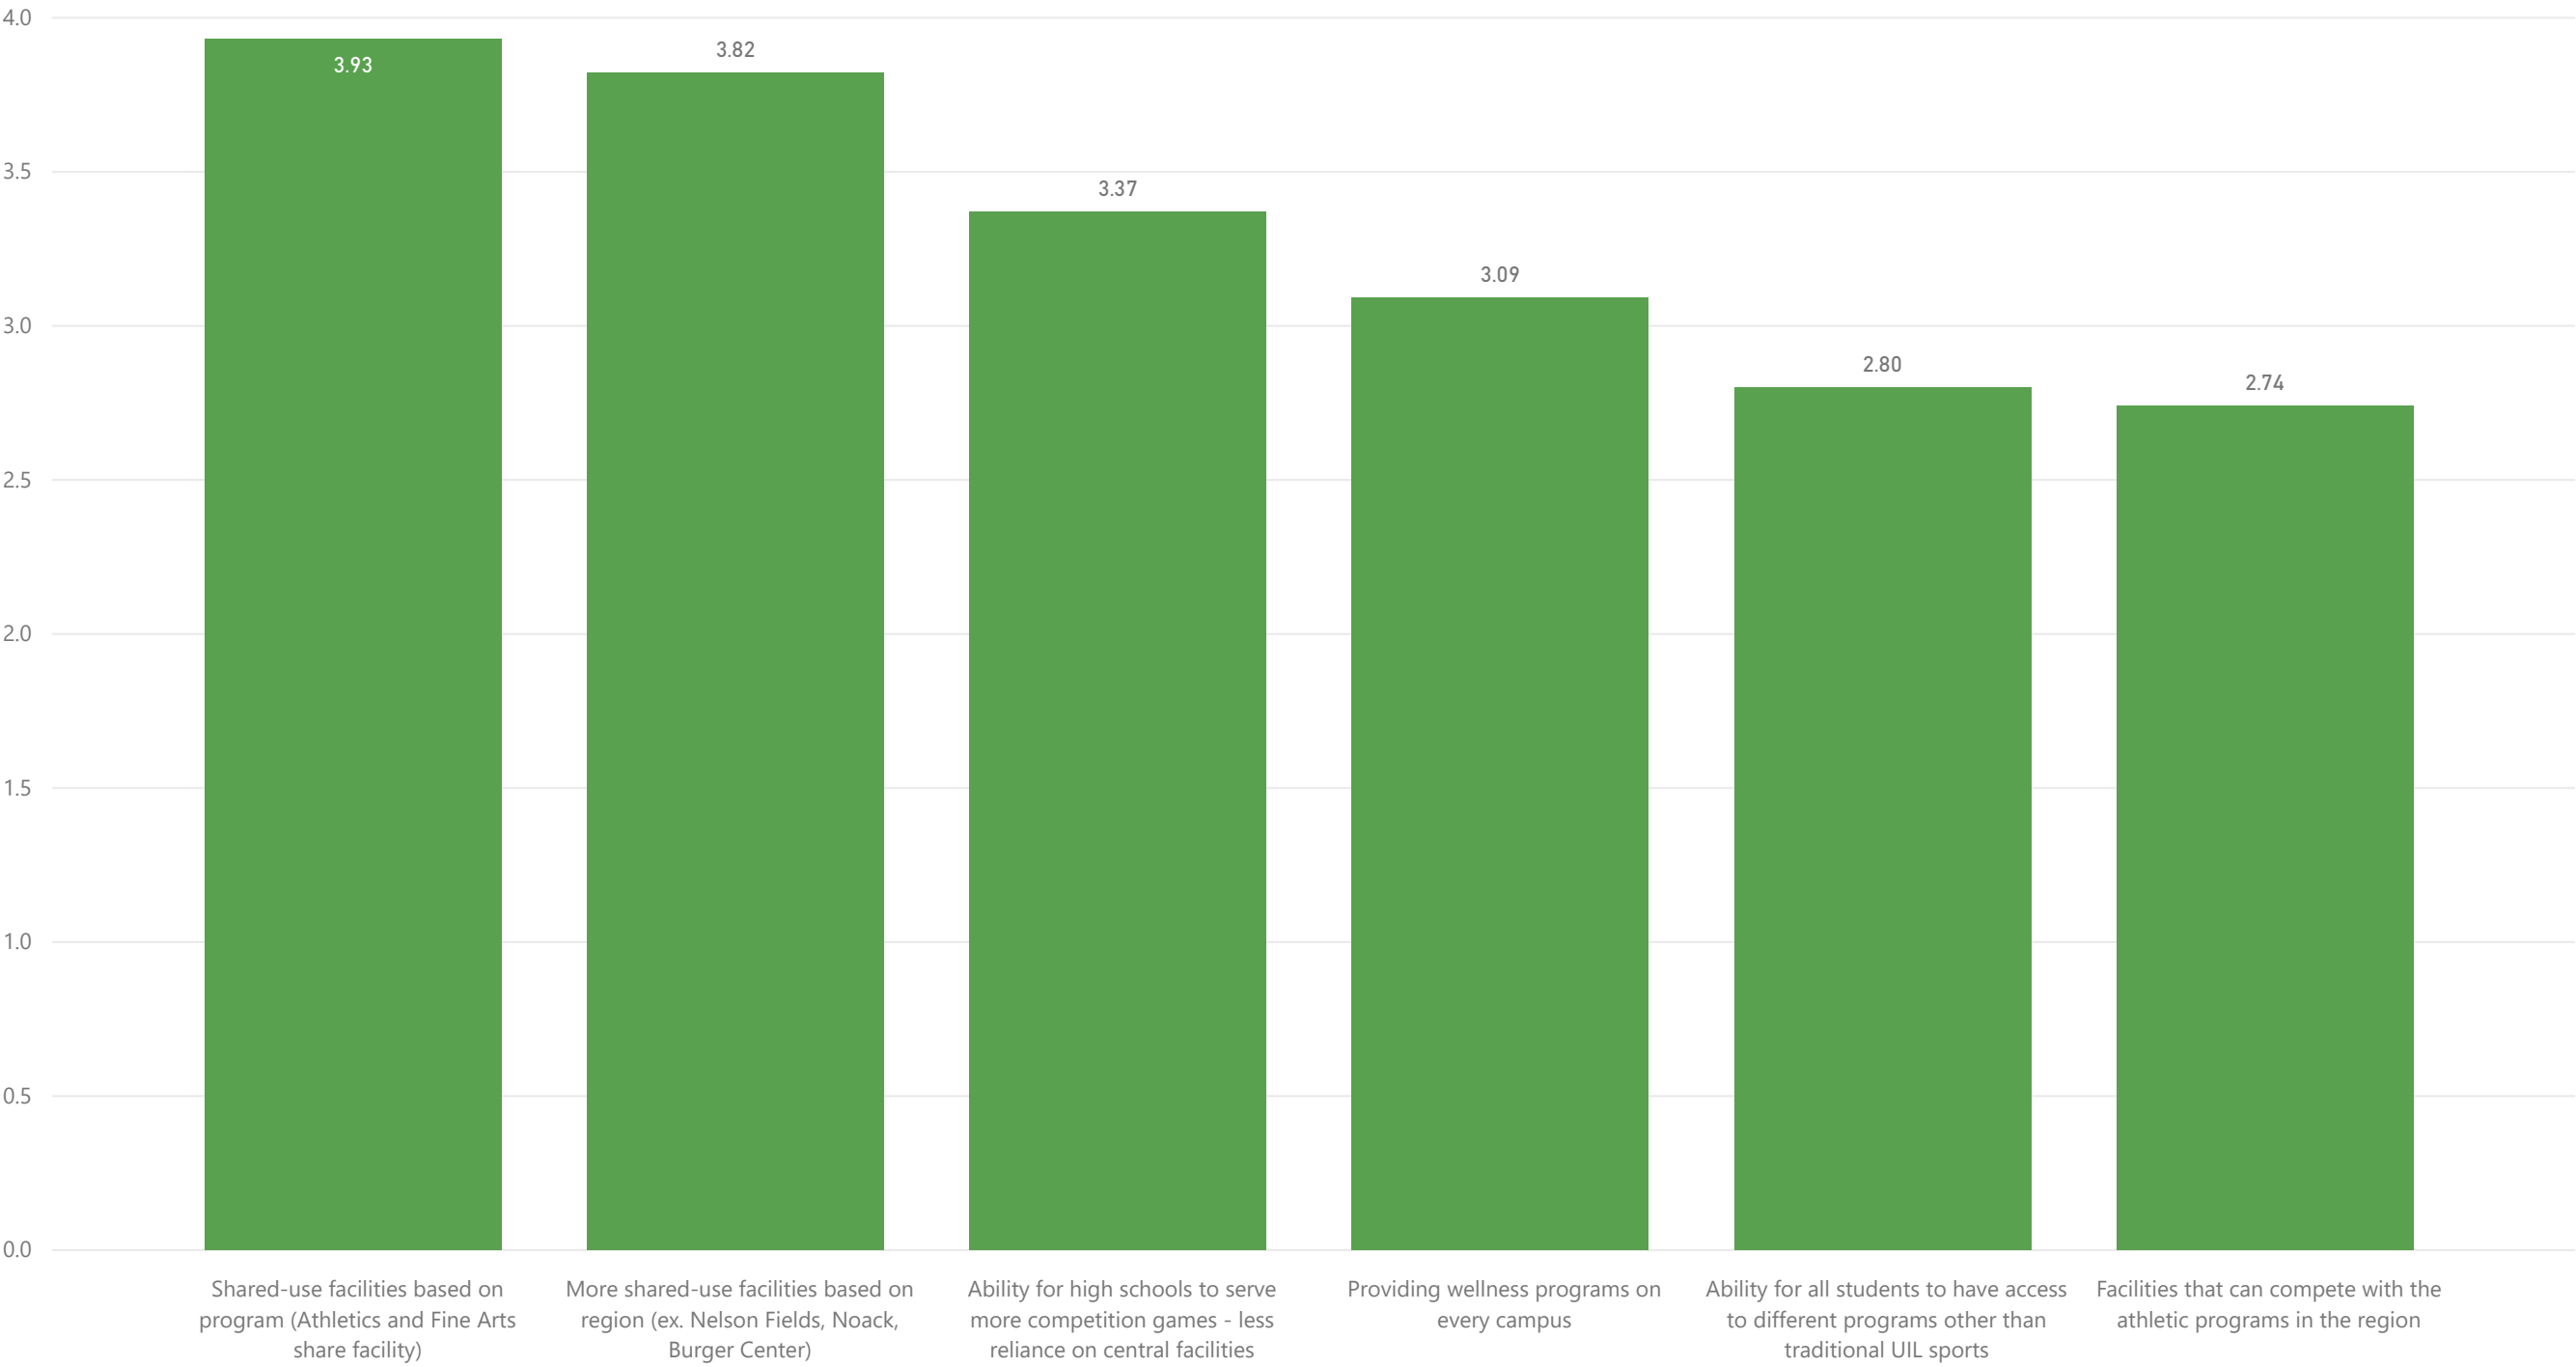

Column1
Benches. Water fountains. Trash cans.
?
21st century stadiums like those in surrounding ISDs.
a lot of the older gyms (mine included) need some major updating. We do not have a shower. My office and storage space are ridiculous. I feel like I can't purchase new or needed equipment because I can not properly store it.
A new field like house park but for north schools
A track that is not falling apart at ARS and a playground that does not have water erosion at Baldwin
Ability for all students to have access to programs other than UIL sports
Ability to have games on site
Accesibility (transportation)
access for lacrosse
Accessible and comfortable seating
Add a district natatorium
Add a natatorium
Add a new, full sized gym at Anderson to be used by all students...
add a pool
add a shared pool
Add a swimming center
Add a wellness focus...lots of emphasis on competitive sports but not on wellness for all.
Add another shared space/field south of burger
Add drug-counseling staff
Add lighting to Murchison Gym
Add lights to tennis courts
Add more baseball and softball to Burger upgrade stands and locker rooms
add more space, kids can't use facilities that don't exist. Open gym supposed to be open to all kids. It's not. Basketball locks them out if not at school by 7:30 a.m.
Add more to elementry schools that lack play structures, decent tracks, and other athletic facilities.
Add pools and water polo
Add showers to Murchison Middle School
add skate spot features on all middle school campuses
add space, parking or facilities
Add swimming facilities
Add the pool we've been waiting for for 30 years
Additional space for conditioning
Additional space for fields
Adequate tracks, fields, and gyms for elementary schools

- Themes
- Improve facilities

Improve fields (at schools)

Turf

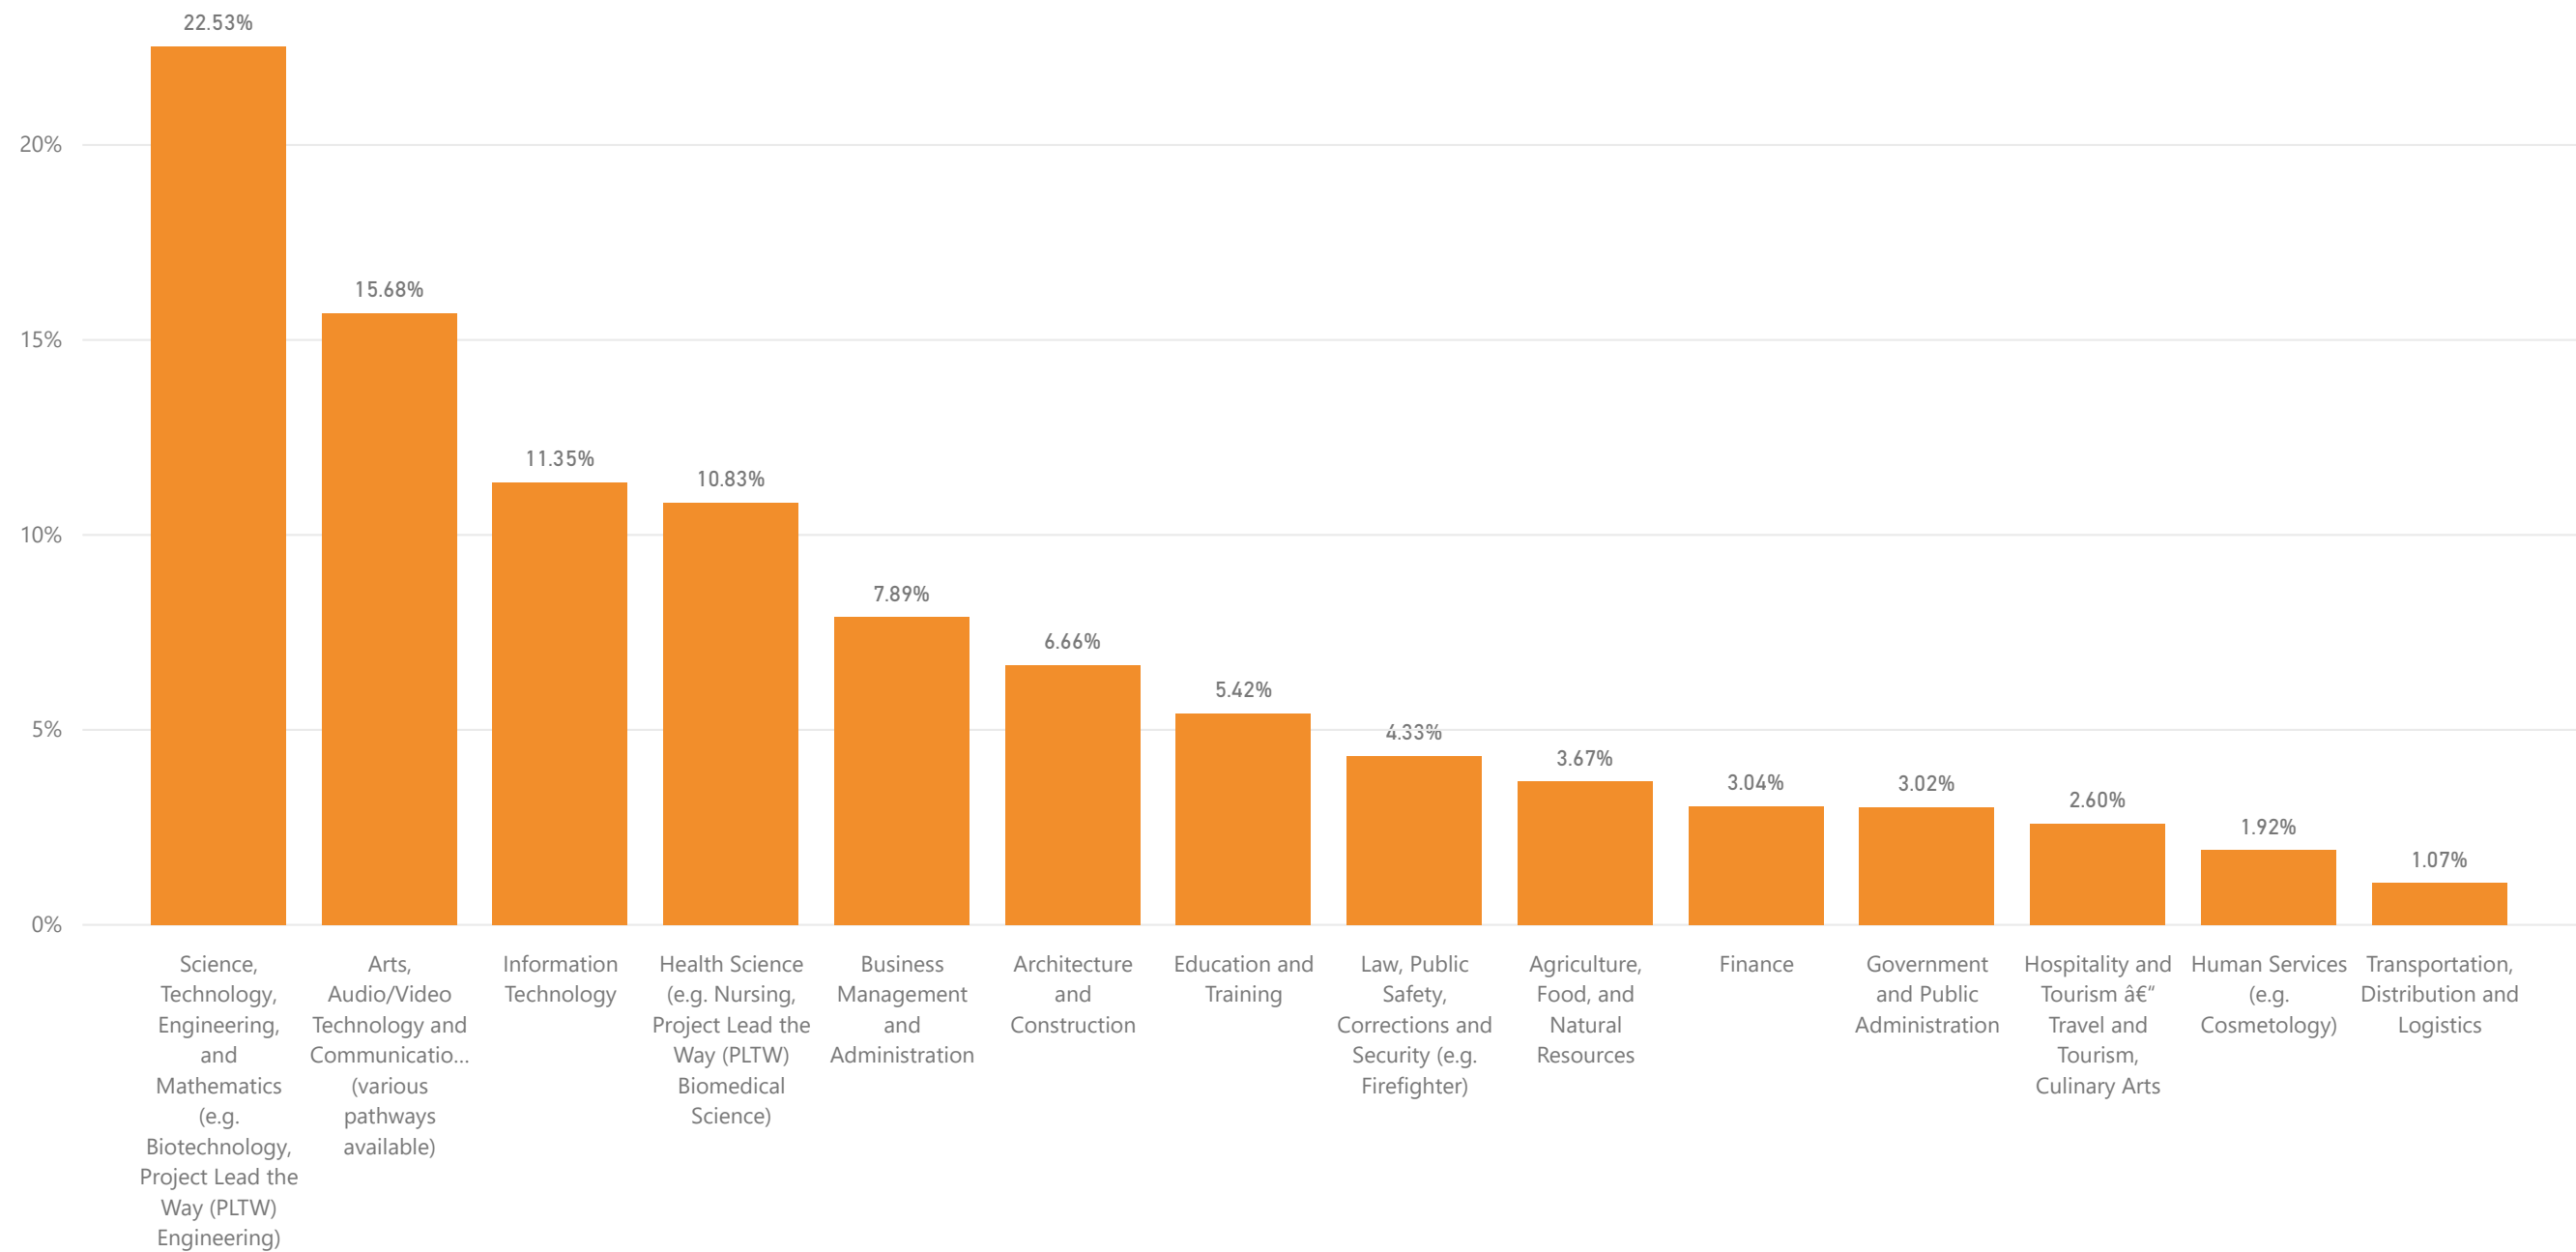

Q3.15 - Which strategies would you be most interested in seeing within AISD Athletics? (Rank from 1-6; 1 = most interested, 6 = least interested)

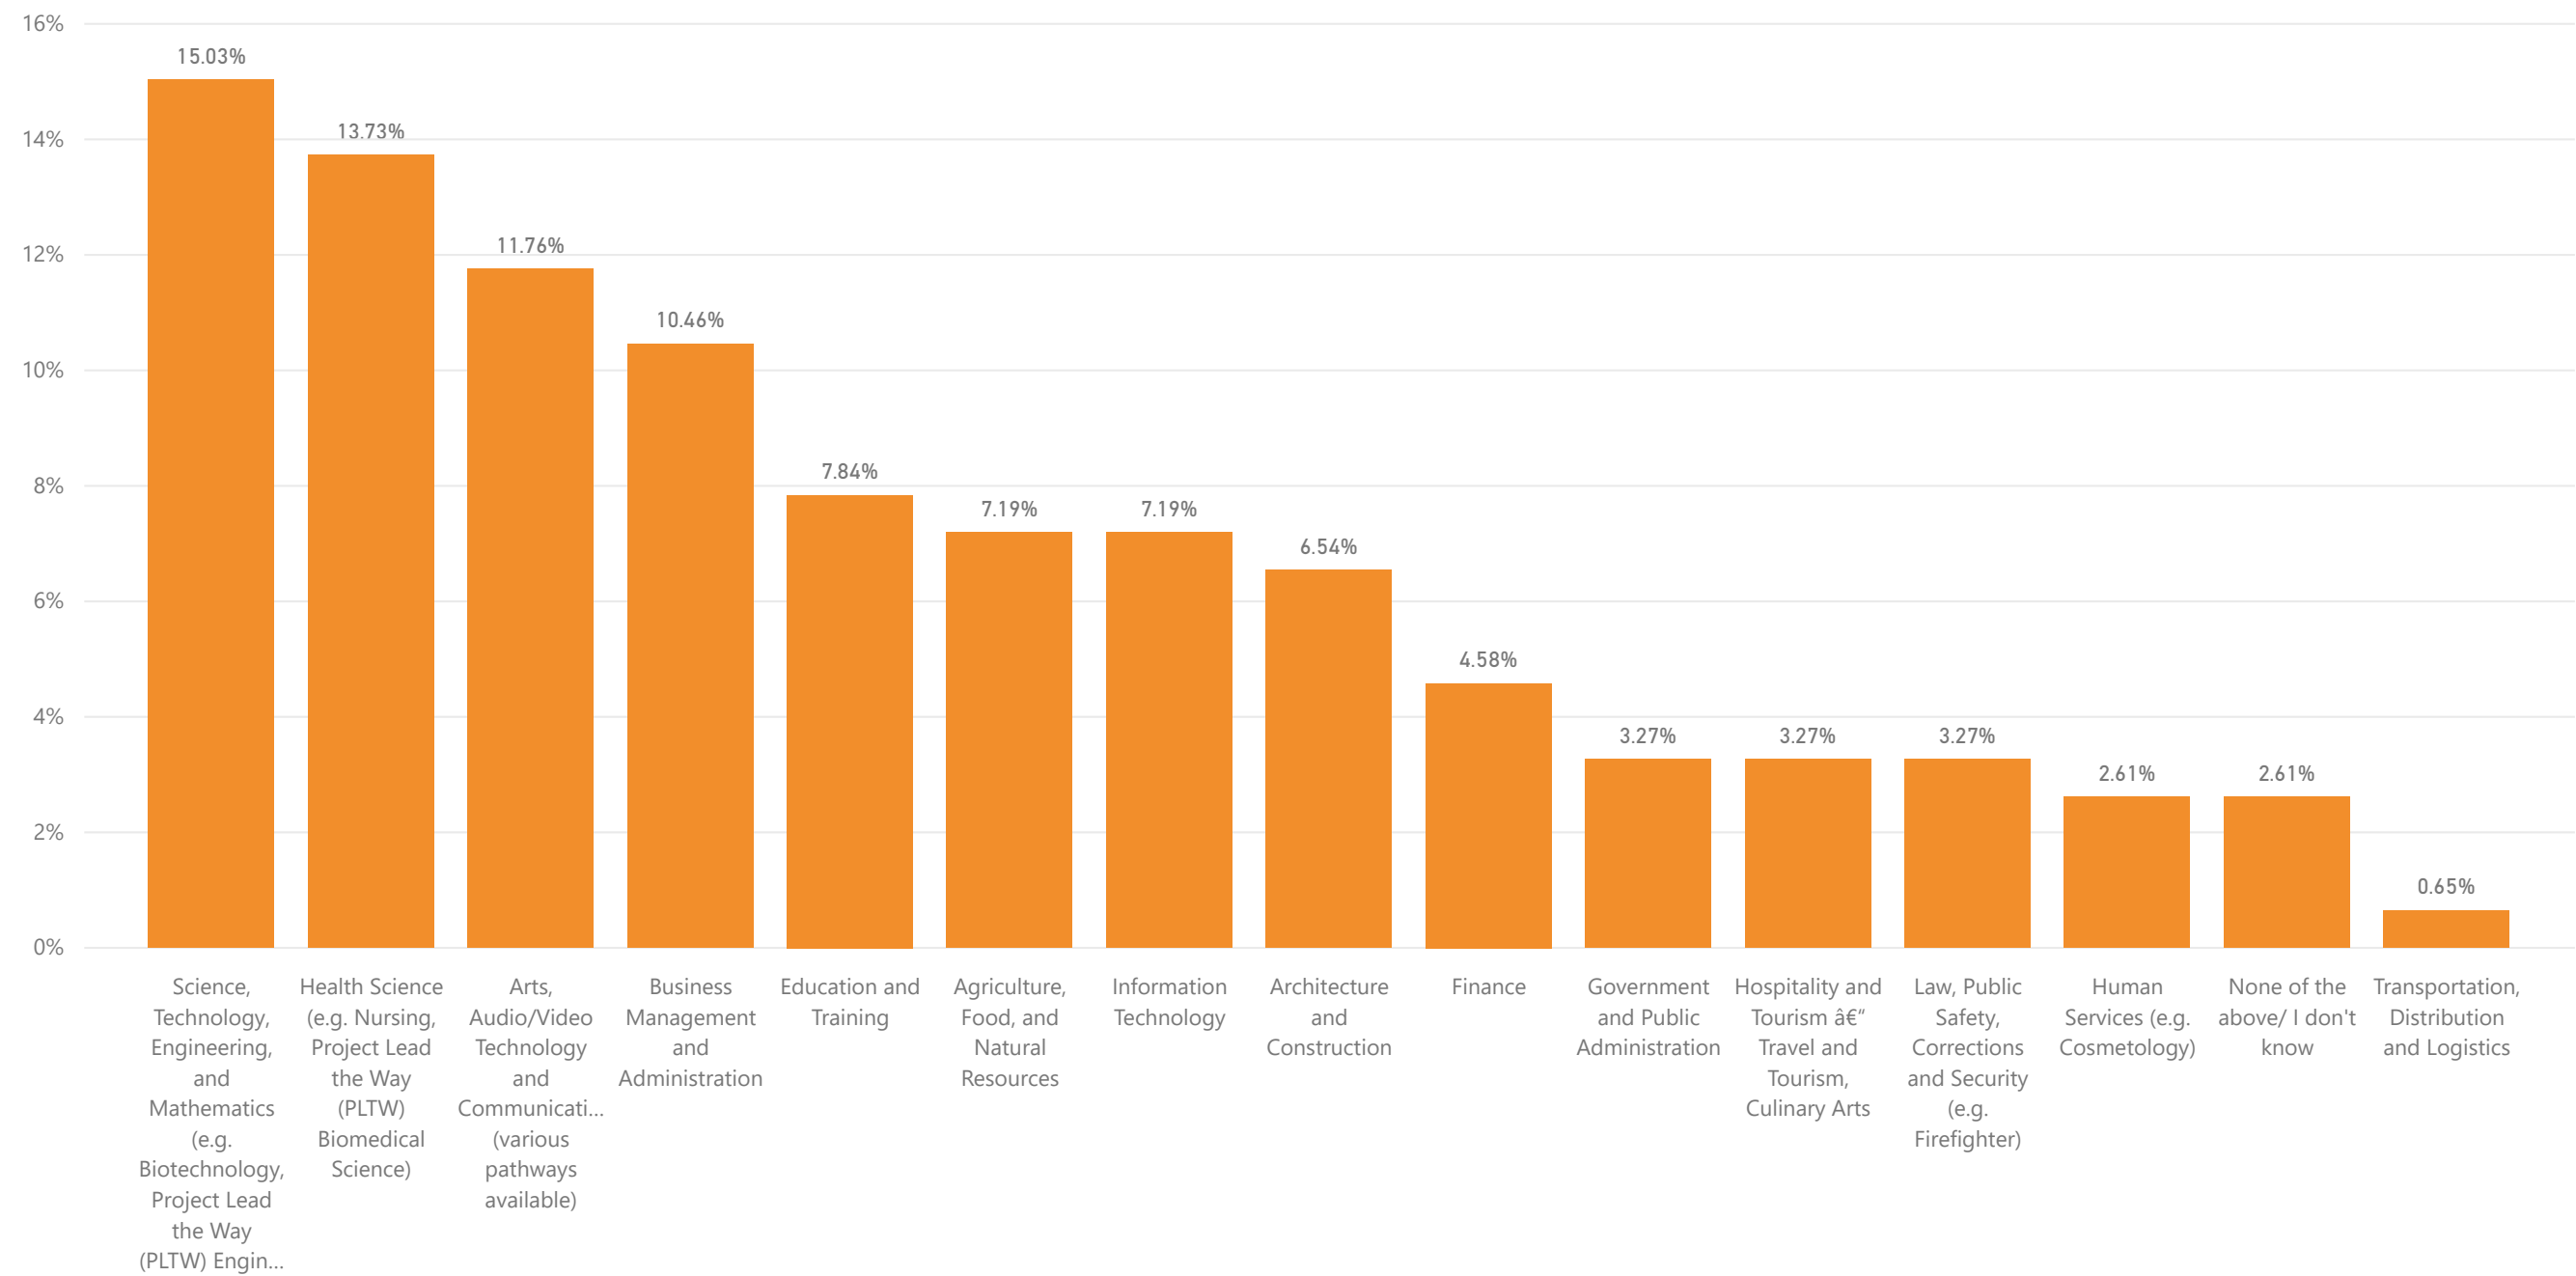

Q3.16 - Is there anything else you would like to share about AISD Athletics?

Q3.16 - Is	Themes
6th graders should be able to participate. Or keep 6th grade at the elementary school.	
A lot of the school sports programs are underperforming compared to schools of similar sizes. A lot of the athletes in AISD can't afford select sports or training outside of school. Better coaches at younger ages, more engagement with community partners who offer affordable sports on campus (programs I've talked have said that AISD facility prices are so high that they can't offer programs on campus).	
A winning sports program lifts the entire school!!!!!! VERY SIMPLE - SEE WHAT HAPPENS WITH A WINNING SPORTS PROGRAM. EXAMPLES ARE PROVEN!	
Accountability of coaches for their players sportsmanship on the field.	
Actually care about athletics and create a plan to compete with surrounding ISDs	
Actually do something. Always talk and never do anything. Fix things with the huge tax \$'s I pay that actually make a difference to my community. Quit wasting so much \$'s on east side and then ship all the students to west side and spend no \$'s. Hire decent coaches if give a crap. Invest wisely.	
AISD needs to look around not only the state, but in our own city to see how we are lacking, we are not doing our students in the service by having subpar facilities, students deserve to have facilities that they are proud of	
AISD athletic programs are overflowing with highly qualified, talented, and dedicated athletes" just the kinds of students AISD wants. Please support this model behavior by giving them the highest quality materials they need to become the best the can be.	
AISD athletics is average at best, their facilities even the central facilities do not even compete with what is happening with the schools in the suburbs, ie RR, Hays, etc. Almost every other school has better facilities and equipment than AISD and they don't have shared facilities.	
AISD Athletics is currently the "rich getting richer" whichever school has students who play/have access to "club soccer" have a competitive advantage against others, declining enrollment makes us noncompetitive at a regional level, transfer policy makes it inequitable across schools, purchasing is too bureaucratic and slow	
AISD Athletics is so far behind the curve compared to our neighbors. This community always seems to vote against athletics spending. Sports is important. There's a reason collegs spend so much on sports. It increase morale and school spirit, and attracts students. Austin has a ton of potential. It's time to tap into it for athletics.	
AISD Athletics needs serious upgrades to all athletic facilities both centrally located and on campus sites. AISD also needs to enforce attendance boundaries when dealing with athletics. We need turf fields and lights a all high school campuses plus we need to ensure adequate gym space and gym seating on both sides of the gym to separate fans. Also we need to keep fighting recapture so we can keep our tax dollars local and so we can upgrade facilities and schools.	
AISD Athletics needs to go after outside money to bring shared facilities state of technology, plus AISD needs to hold the individual school leadership accountable for celebrating our athletics. As a parent of a student that will play in college, my student will not have any mark on the HS outside of a small signing ceremony. There is no appreciation of what athletics do for kids - keeps them busy, out of trouble, focused and requires them to invest in their grades in order to meet playing requirements.	
AISD can't compete with surrounding districts in regards to coaching and facilities. Quality kids are moving to other districts in hopes of gaining college scholarships. I personally know seven who have done this and my oldest is only in eighth. AISD focuses more on the fine arts than athletics. We are looking at other districts for this very reason.	
AISD could benefit from building a swim center	
AISD does not do enough to promote the schools who do well, McCallum when to state semi finals and AISD failed to promote it	
AISD facilities are so poor compared with Westlake and Lakeway....we are not a poor city	
AISD has the worst facilities compared to all neighboring ISDs. It is one of the leading reasons that parents put their kids in other ISDs or move to those ISDs.	
AISD is in a budget shortfall. Why are in investing much needed money into extra curricular activities? If "everything" is on thing "chopping block" for possible cuts, why isn't football being discussed as one way to make cuts, especially with all the research currently being produced about the negative effects on children's (middle and high school kids included) brains.	
AISD is losing students to other school district due to facilities and within its on district due to lack of facilities keep up	
AISD is so far behind West Lake and Del Valle (examples) that is is laughable.	
AISD lack of support for athletics has cost the district students. It is very sad what has happened to most of the high schools in AISD.	
AISD must ensure an pen door policy to coaches when parents have concerns. Some coaches warn or subliminally imply to their athletes to not have parents at any time contact them. This is not their right nor should they not tell students what team they are on or be vague when asked.Athletes are getting hurt playing when they are injured in order to avoid being pulled down to a lower team at one school.	
AISD should no longer offer football, which is unsafe and unjustifiably expensive on a per-student basis.	

Q5.1 - Which of these Career Pathways do you feel is most relevant to your student as a possible career? Please select your top three (3) choices. For more information about AISD's Career and Technical Education programs, please visit: <https://www.austinisd.org/cte>

Q5.2 - Which of the following Career Pathways do you feel best prepares AISD students for successful employment following high school graduation? Please select your top three (3) choices. For more information about AISD's Career and Technical Education programs, please visit: <https://www.austinisd.org/cte>

Q5.3 - Are there any career pathways that you believe should be added to AISD?

Are there any Career Pathways that you believe should be added to AISD?

Veterinarian

Culinary, Child Care Services, Basic Living Skills(ex.budgeting/careers), Seniors Rehabilitation, Parenting(Fostering), , Human/Child Development (ex. CPS), Nutrient and Wellness(ex. Dietitians).

Real Estate

Welding

(none)

?

A field/position that is suitable for students with disabilities.

A health science Middle school

Accounting, Entrepreneurship

Advanced science in earlier grades

Aeronautical (design and pilot training) EMT (training and certification)

Aerospace/Flight

Agriculture was removed as a student share class. My child could no longer participate in a class she was HIGHLY motivated to attend.

AI, computer analytics, social services and psychology

AISD needs to investment in the curriculum supporting these programs and the staff that is hired to lead the teaching. It feels as though many areas are behind in supported technologies and teachers that are uninterested and under supported. The salaries are not competitive to attract those skilled to teach the material.

Akins HS offers some of these classes. I feel these programs should be extended to other AISD schools, including middle schools.

All of the above should be available.

All schools should have computer science options, we live in Austin Texas, a highly educated computer city yet the high schools are just now getting computer classes that go beyond outdated basics.....all students need to learn a new level of computer basics

All the above are important. I am an employee and the above question does not allow me to answer that all pathways are important.

All the Career Pathways listed are important.

Alumni is plural. You mean alumnus or alumna. (MAC knight 1996 Latin ms fugate)

Animal Science/Veterinary Studies

Are there some trade options available, like plumbing and electrician intro courses to set students up for apprenticeships? No all kids should go to college, and some of these trades really need more people to fill them in the Austin area to satisfy its rapid growth.

Arts management

As many as possible. High school students should start their career path as a freshmen.

At Travis: Journalism Communications should be added as a Pathway. Journalism I, Photojournalism and News Media publication staffs.

Attorney, Medical Provider, Military, and Entrepreneurship

Auto mechanic

Ag mechanics

Any type of shop classes

Auto mechanic, electrician, HVAC technician

Auto mechanics

Auto mechanics, carpentry,

auto mechanics, metal engineering

- Themes:
- Technology and Computer science
 - Trades (Plumbing, welding)
 - Mechanics

Q5.4 - Please list three words that best describe AISD CTE today:

Column1
Trying to catch-up
lacking, insufficient, disrespected
Not really sure
(No comment)
(none)
?
A good selection
a little bit science heavy - works for my kiddo but maybe not all - for example, girls should be encouraged to excel at what they love, whether that be STEM or cooking or teaching, etc.
a sad dream, not useable, too far away
Abundant offering

Certification
21st century
21st century skills
A Career and Technical Education School which houses all of the District's Career Pathways along with required core classes.
A career path for all students.
A great career
a program that starts in middle school and truly introduces students to things they can use to make money that semester. There are a lot of low-income families in the district who expect their kids to start working as soon as they legally can.
Academic challenging opportunity
Academics, profession-based mentors
Academy based campuses, CTE programs graduating students with associates degrees, more options for CTE on each campus.
Access for all
Accessible to all aisd students.
accessible, aligned, early
achievement, variety, rigorous
Adaptability. Student exploration.
Adaptive, creative, project-based
adaptive, innovative, relevant
Add competitive careers
add medical science with staff and facilities
Add my skilled trades to educate. See above
Adequate funding
Advance scientific learning
Advanced
advanced, universal, encouraged
Agile
Inclusive

Themes:

- 1. Innovative (43)
- 2. Career Relevant (30)
- 3. Inclusive (23)

Q5.6 - In 20 years, what career opportunities do you see affecting the AISD CTE Program and how?:

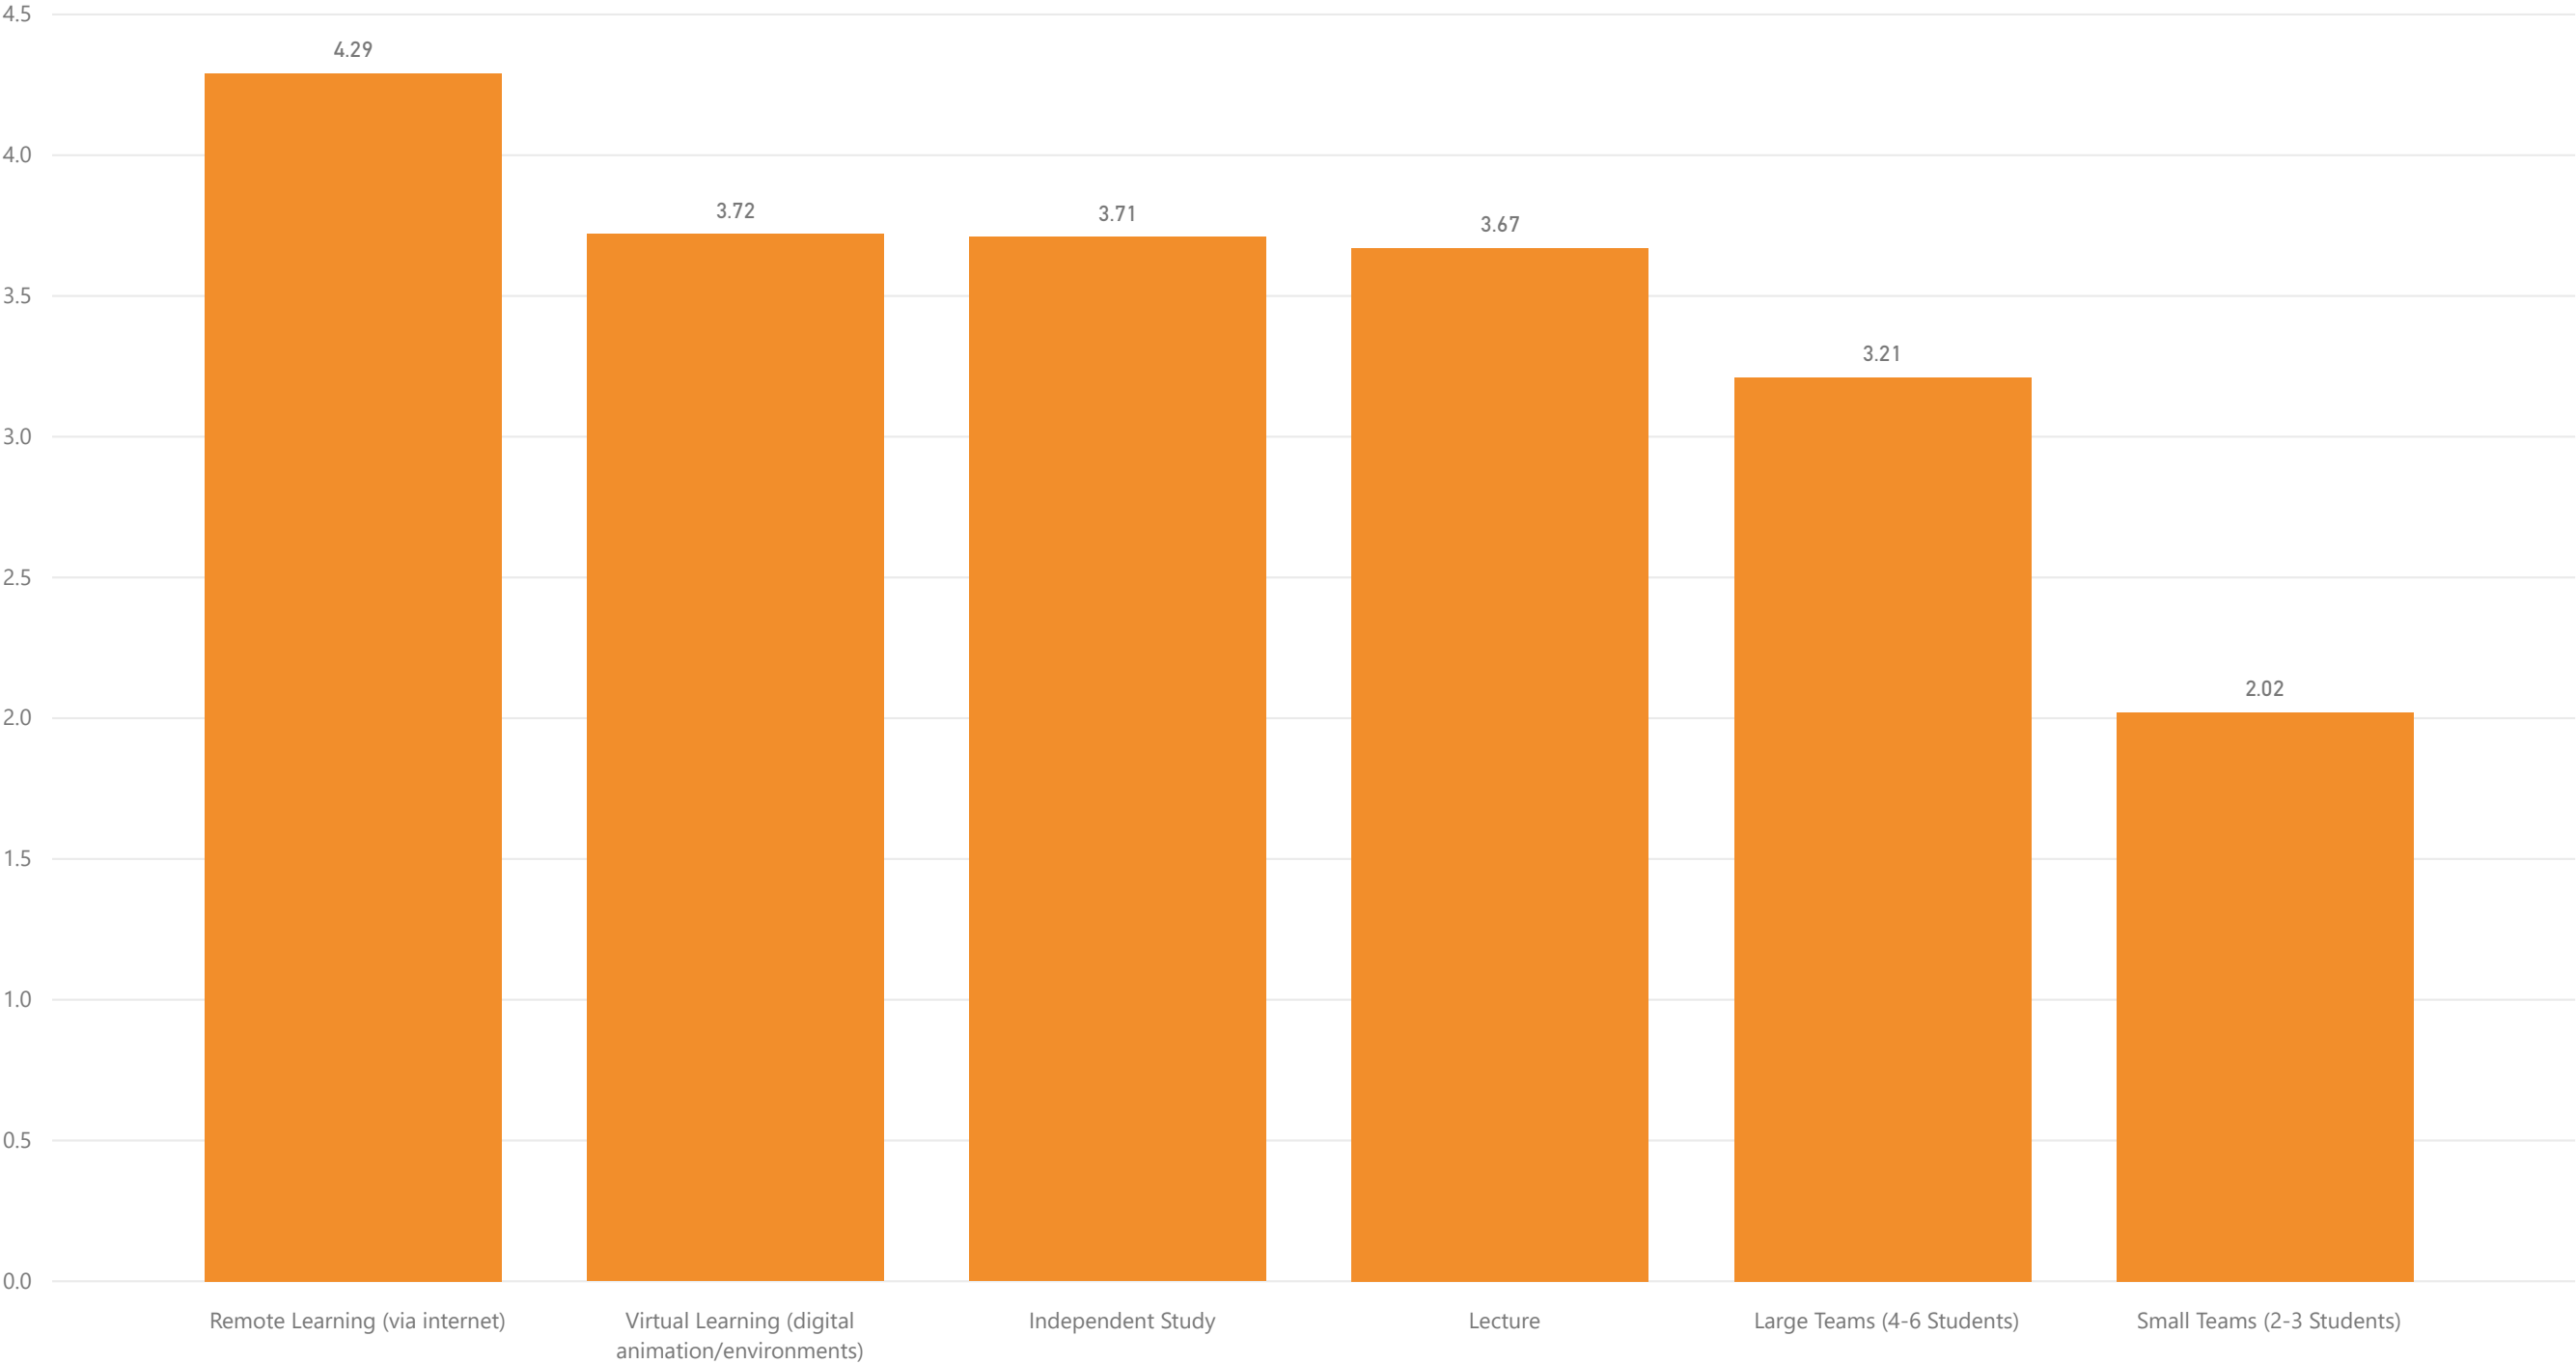

Column1
-
Automotive industry is changing so fast it is imperative to keep the programs open and expanding to keep up with the demand now and the future.
Healthcare career pathways has the largest number of job opportunities at all levels because of the population increases in Central Texas. The Central Texas Communities have shortages for most healthcare professions, and the shortages are growing as the population increases. All people will require multiple levels and disciplines of healthcare at various stages of their life. Offering multiple quality, state- of- the-art healthcare career pathways, which are determined by community needs will be a win-win situation for both the District and our Central Texas Communities. The School of Allied Health Sciences in The Austin Independent School District will gain a competitive reputation with others throughout Texas. The popularity through positive public relations will attract families, who want their children to be prepared for the 21st Century Healthcare Professions so when their children graduate they will achieve certifications, dual college credits, and an Associate's Degree as well.
i hope that it takes everything in consideration
More Highly Technical/Advanced Level of Education
people will still nee mechanics, welders, plumbers, and electricians. kids will graduate able to make a living and support themselves. not everyone is college bound. especially with the cost going uo and up.
Services and skills that are needed in the workplace today and in the future in 20 years careers that are needed
?
20 years is too far out to matter. Realistically, Virtual Reality, Augmented reality, Services, franchise ownership/entrepreneurship,
3D printing, climate change mitigation/reversal, information security, DNA engineering (or preventing it)
Adjusting to meet future jobs that may not exist today.
Advancements in technology or something else unknown, sustainability, social justice
Agriculture and natural resources
agriculture is not plausible career direction.
AI, automation will change the workforce. Need to start focus on jobs less likely to be replaced by robots and deep learning computers.
AI, autonomous driving, cloud environment. Will be part of everyday life in everything one does.
AI, expanded medical/home care
AI, Green jobs
AI, machine learning,
AISD must partner with the community to provide students that meet the needs of the local business community.
All careers need more computer science comfort and knowledge. It should be increased for all.
All CTE because these careers CANNOT be farmed out to other countries.
all non college required jobs
all ready am
All students will need to know how to code and have proficiency in graphic design/marketing skills
All triads that students can graduate and get a job in right out of high school, because few students are going to college these days
Alternative energy
Always need for construction type careers
Anything that deals with a multi cultural multi language dimension for a global economy.

- Themes:
1. Healthcare

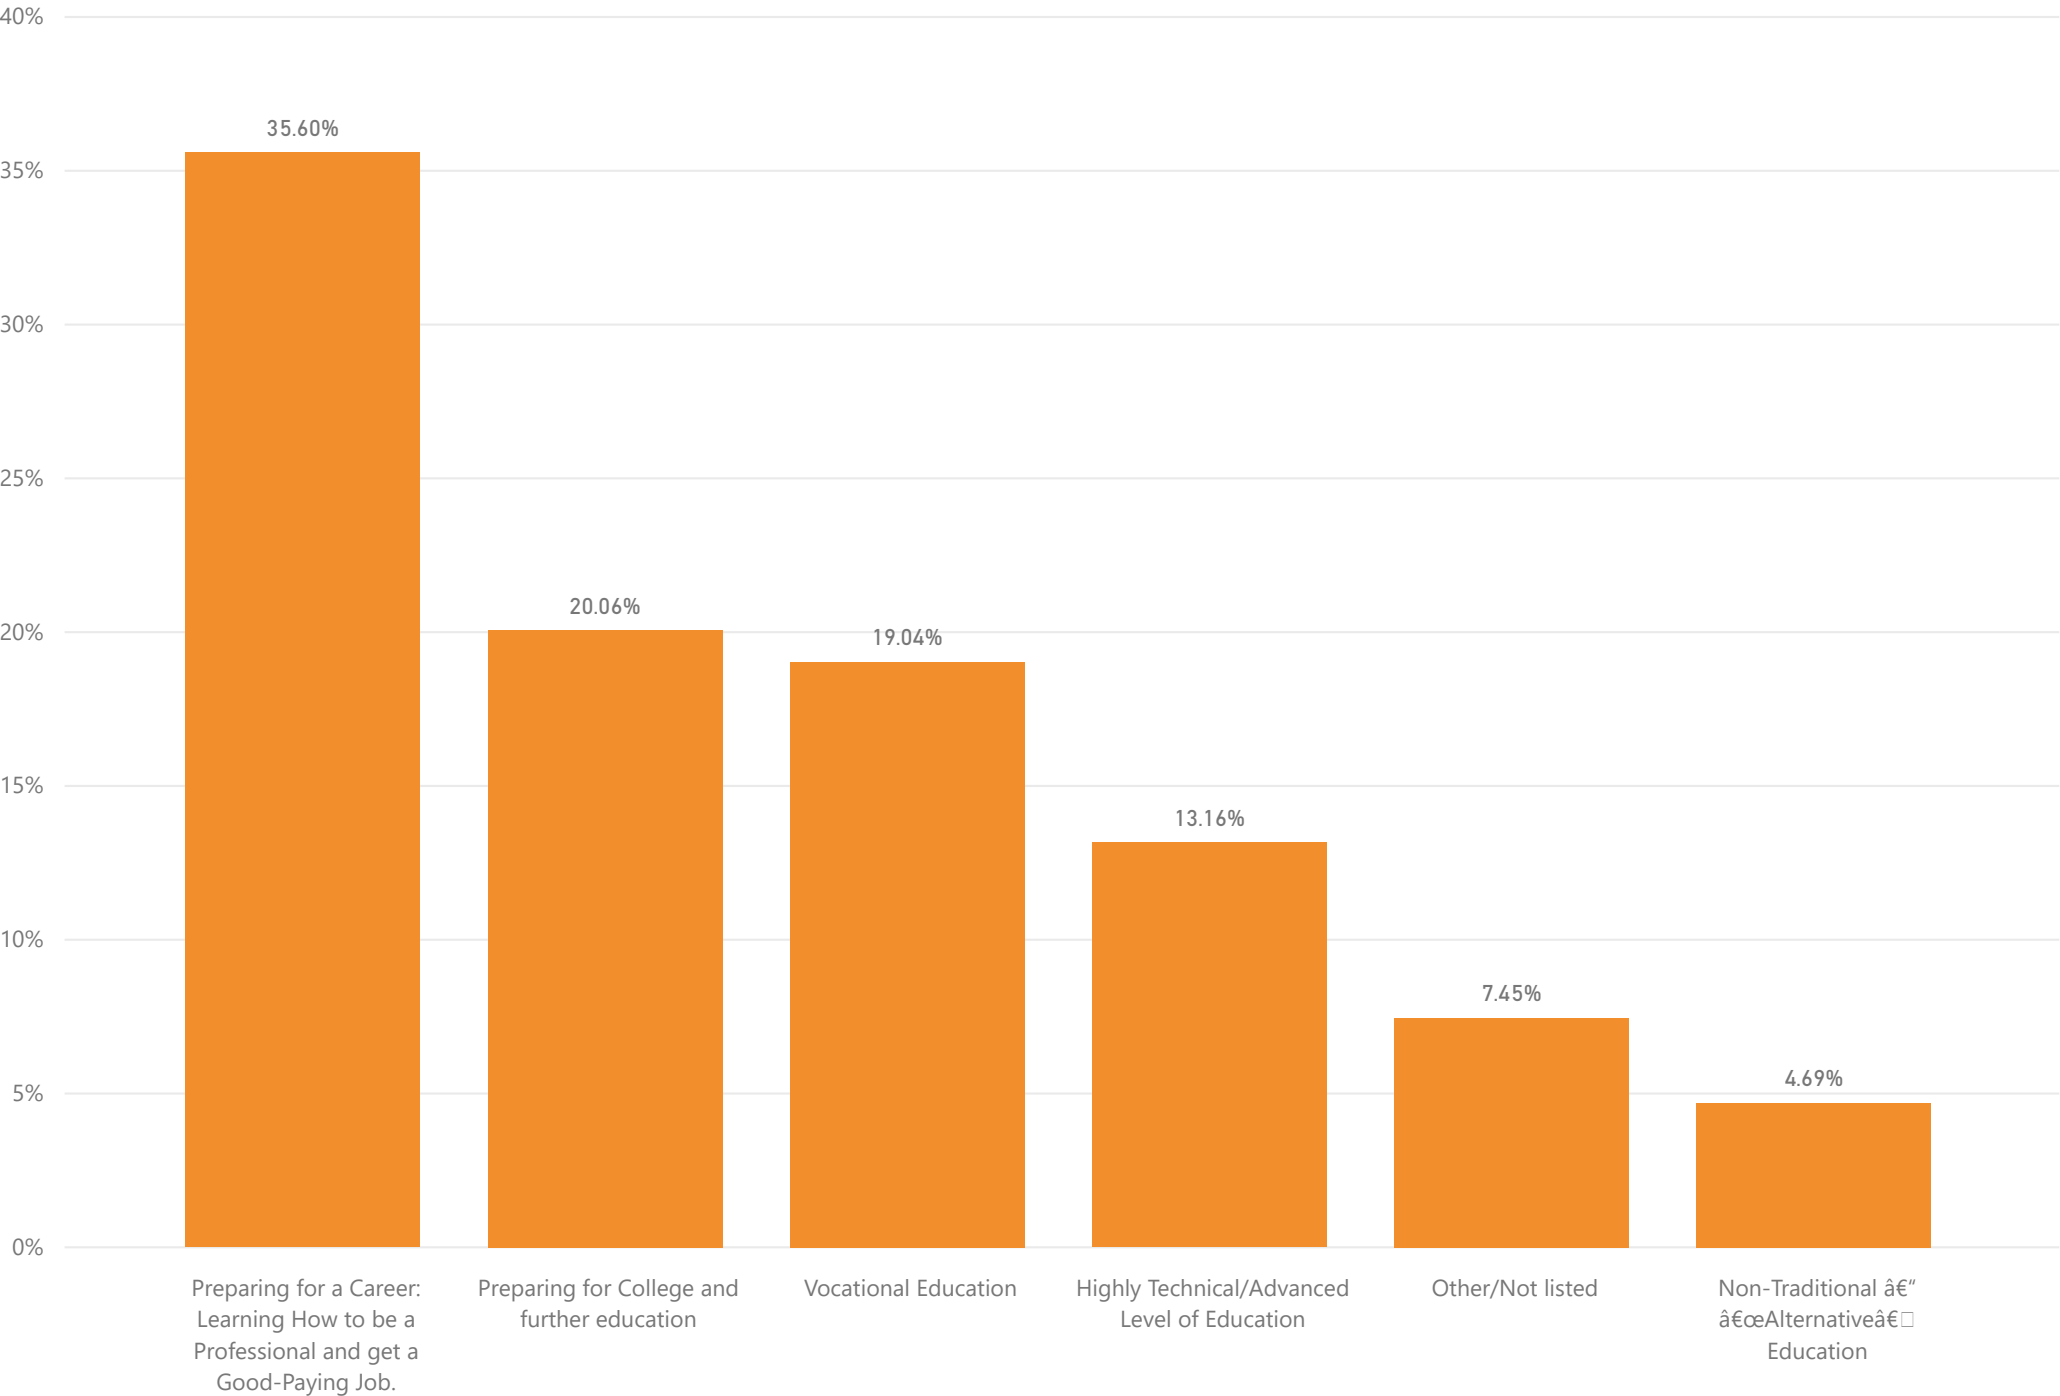

2. Technology

3. Services and Skills

Q5.7 - Which of the following ways of learning do you enjoy the most? Rank in order of preference (1-6, "1= The most enjoyable 6=The least enjoyable")

Q5.8 - What are your impressions or opinions about Career and Technical Education?

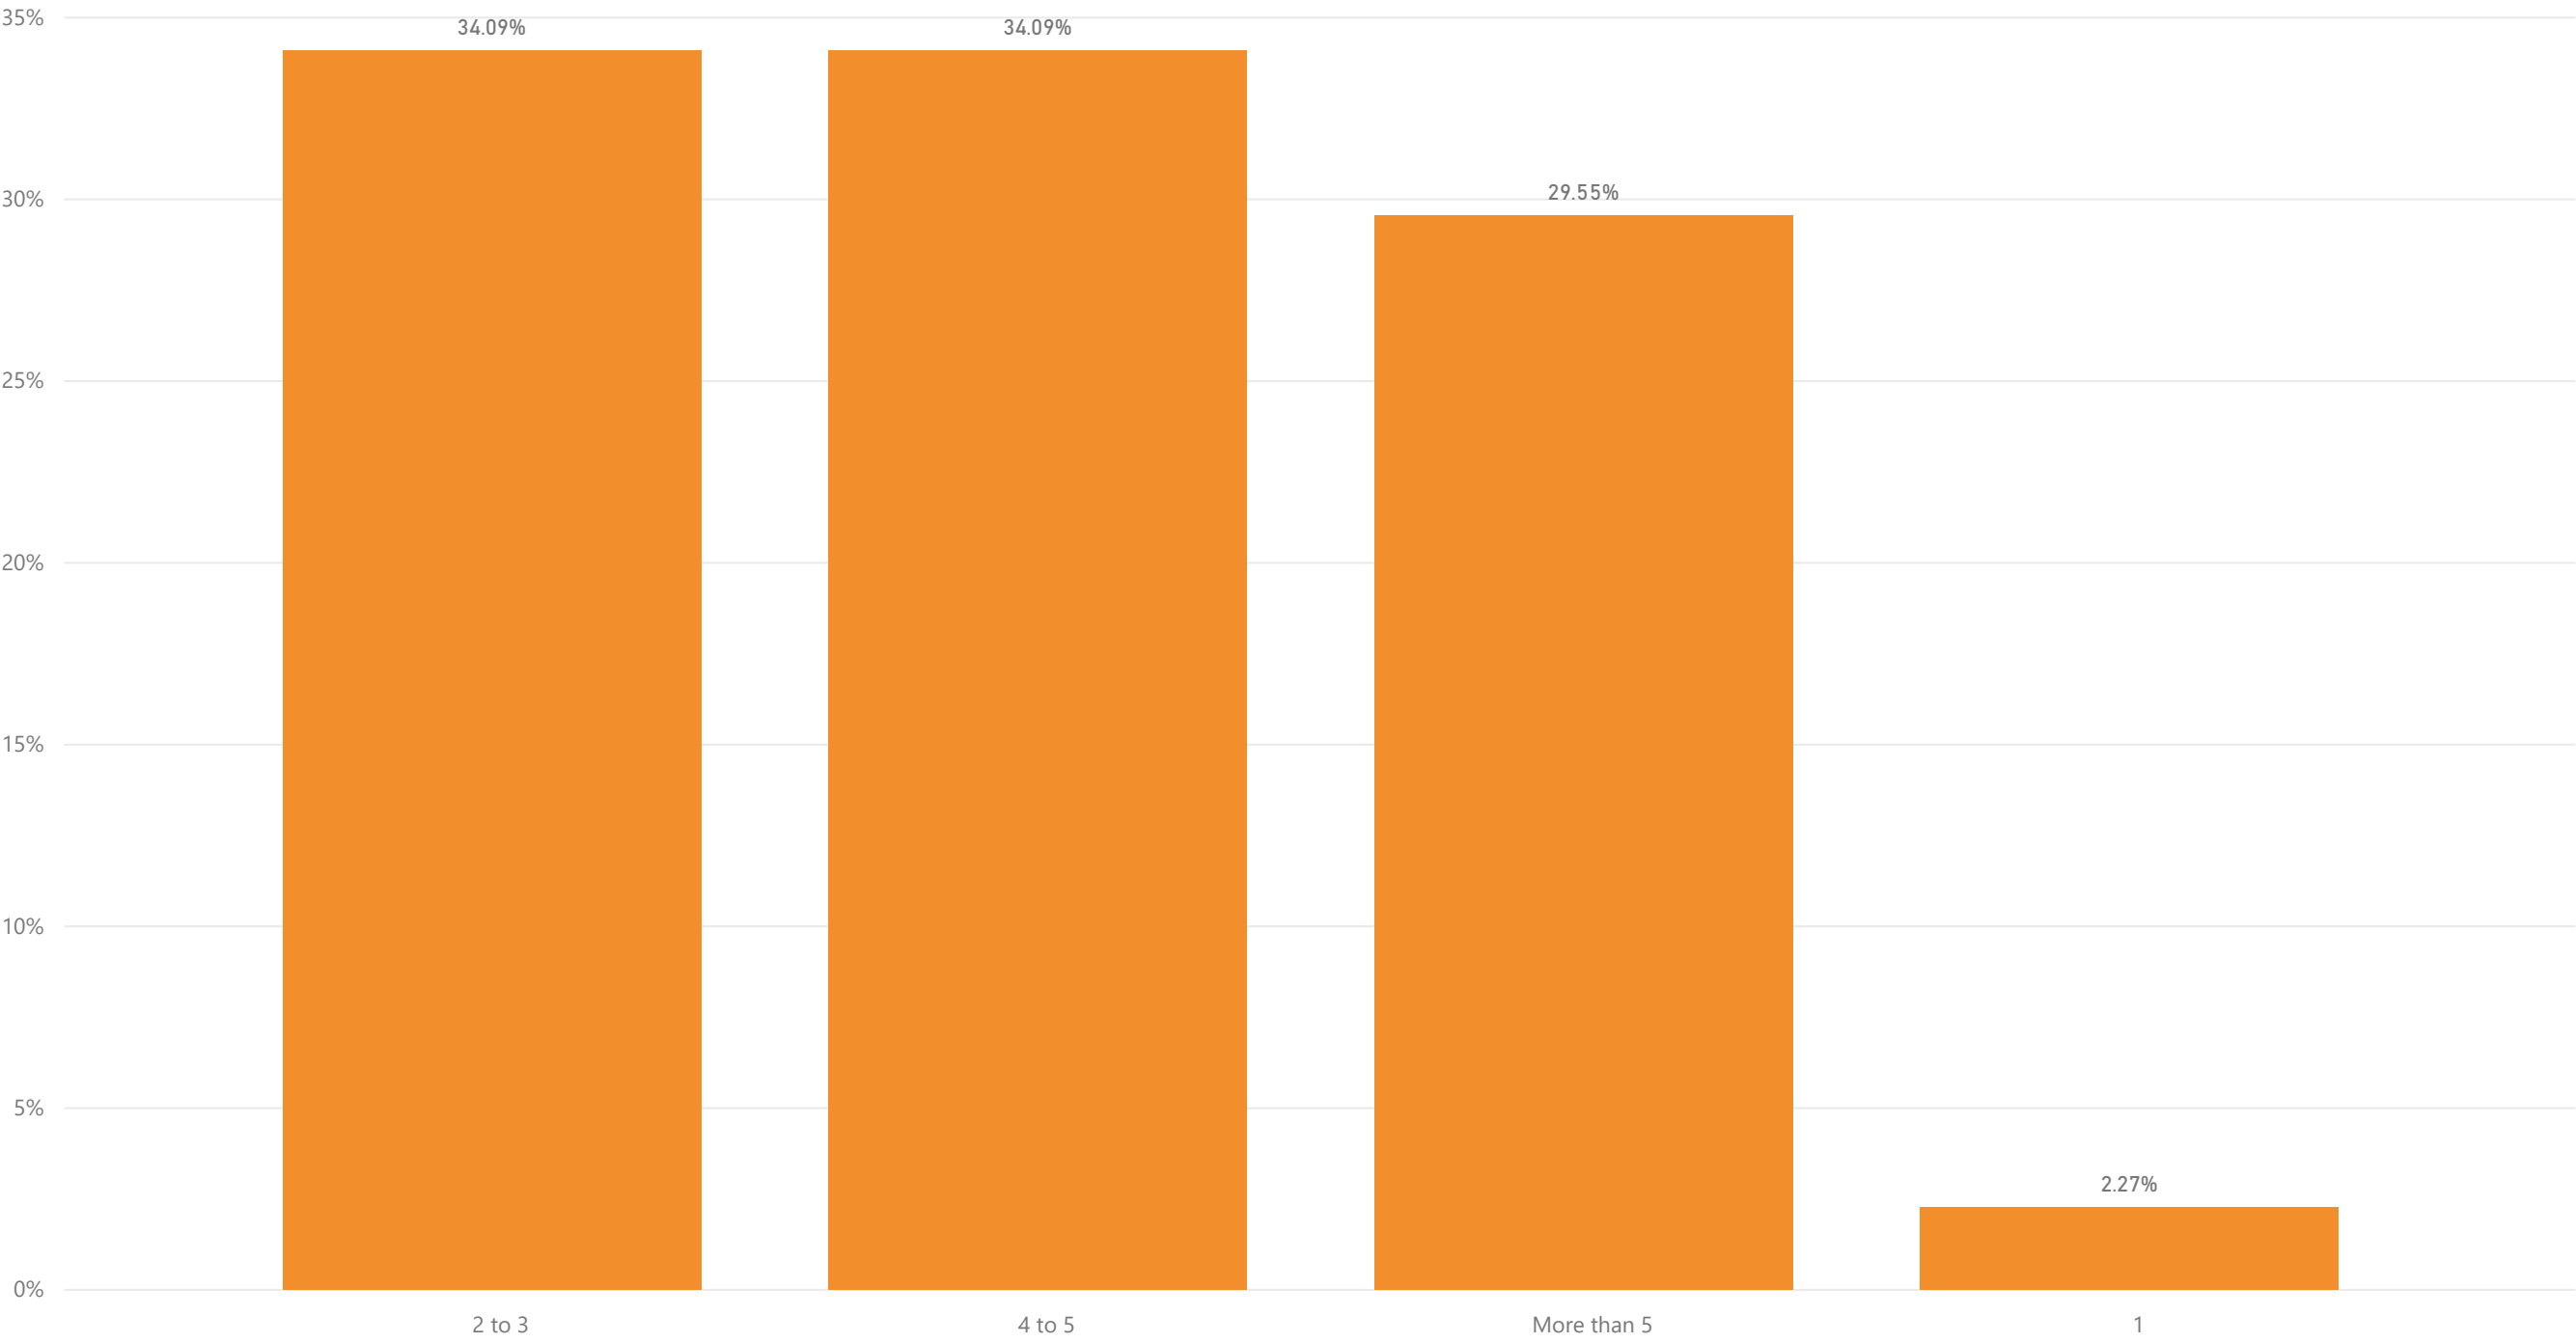

Themes:

- 1. All of the above
- 2.Tech and Career Prep

Column1
4 and 5
A hybrid between preparing for career and preparing for college while getting a chance to determine if you like the work.
A way to get a head start on either a career straight out of high school or to jump start a college career
ASID is forgetting fundamentals and focusing on specifics for students not yet ready for those decisions. Terrible strategy
All of the above
All of the above.
all of these
Behind the Times
combination of all
Combination of vocational and college prep, depending on the school/program
Courses that introduce student so they can see if interested in a certain field without having to commit to a pathway as a freshman!
Depending on the CTE program in think all of these
Depends on the student.
Do not know what this is?
Entrepreneurial (non-industry specific)
Entrepreneurship programs
Explore various real world applications of learning to determine interests and aptitudes
for one, non traditional, for another - college with holistic
I believe it should include and encompass all of the impressions above so as to be of benefit to how a given student needs it
I know almost nothing about this but the name

Q5.9 - How many different jobs do you think you may have in your lifetime (Pick one)

Q7.4 - Within your industry, have the career opportunities that are most in-demand changed or are they expected to change in the near future?

Column1
Nesecitamos Mas programas magnet
a cte center would be beneficial and cost effective
A/V programs do a great job of combining technical skills and creativity.
AISD CTE programs give support to teachers that regular classes and programs do not. It is much appreciated.
AISD must better promote and support the campus-share programming. This is how all students in the district can take advantage of a diversified CTE program. Many of our graduates will need to work their way through their higher education years, this is where we can help support them in pursuing college.
AISD needs a user friendly website with CLEAR guidance about which programs are offered at which schools
AISD needs to partner with industry to better connect to resources and keep up with advancement in disruptive tech
AISD should not be afraid to spend money on CTE programs or facilities,due to the high demand for skilled workers and the ever changing technology.
All CTE programs should develop students' critical and creative thinking skills
All high schools in the United States are evolving to this and AISD should be in the forefront
All students need to have a basic understanding of Economics, with most Americans not having a clue!
Altho rejected by voters in the past, some CTE programs need to be centralized into 2 or 3 hubs so all investment-heavy programs are accessible to all students.
As a former student, I was in VOE (1/2 day school/1/2 day work). I rode metro to work and then home as did many in my neighborhood did. Now, AISD (or the high school) does not allow you to participate in the 1/2 day program unless you have a vehicle. If a student's parent(s) could afford a vehicle for their child, the student would more than likely not need to work. My first child could not participate in the program even though he worked down the street from his school because he had a bike (not a vehicle). He wanted to earn money for college as we were low income. Fortunately, he did not have classes at the end of the day his senior year and could work. Financial situations should be taken under consideration for students to participate in this program.
As an elementary school parent I don't know much about the CTS programs at all.
As I said before, I think that the options throughout the campuses are not well advertised.
At Akins, we house our labs in portables with conditions that do not reflect the quality of program we provide.
At all campuses.
At Travis: if the aforementioned was added to this campus, it would draw more students to attend this campus.
be more cutting edge
because basketball is double-blocked, he spends 25%, one WHOLE YEAR of high school in athletics, thereby eliminating room in the schedule to take CTE
Being an upper grade elementary teacher I have lack of knowledge of programs offered in high school to motivate students to go to high school
Bowie HS CTE program is way behind the times. Why are STEM courses like computer programming only offered online or at selected high schools?? Incredibly disappointing.
Bowie HS is extremely behind in Technology.
Careers in clean energy are becoming more available each year, and these opportunities will only continue to grow as our country transitions away from fossil fuels.
changed
Changes not expected to meaningfully occur.
Changing, more technology
collaboration among campuses....sharing what works
College isn't for everyone, and is not a measure of your worth or intelligence. Especially with student loans being the way they are.
Computer science classes need to be more advanced with opportunities beginning in 6th grade.
Computer Science should be a core graduation requirement class in 9th grade for all students. Period.
Continue to broaden.
continue to invest in CTE programs it should the main focus of high school education

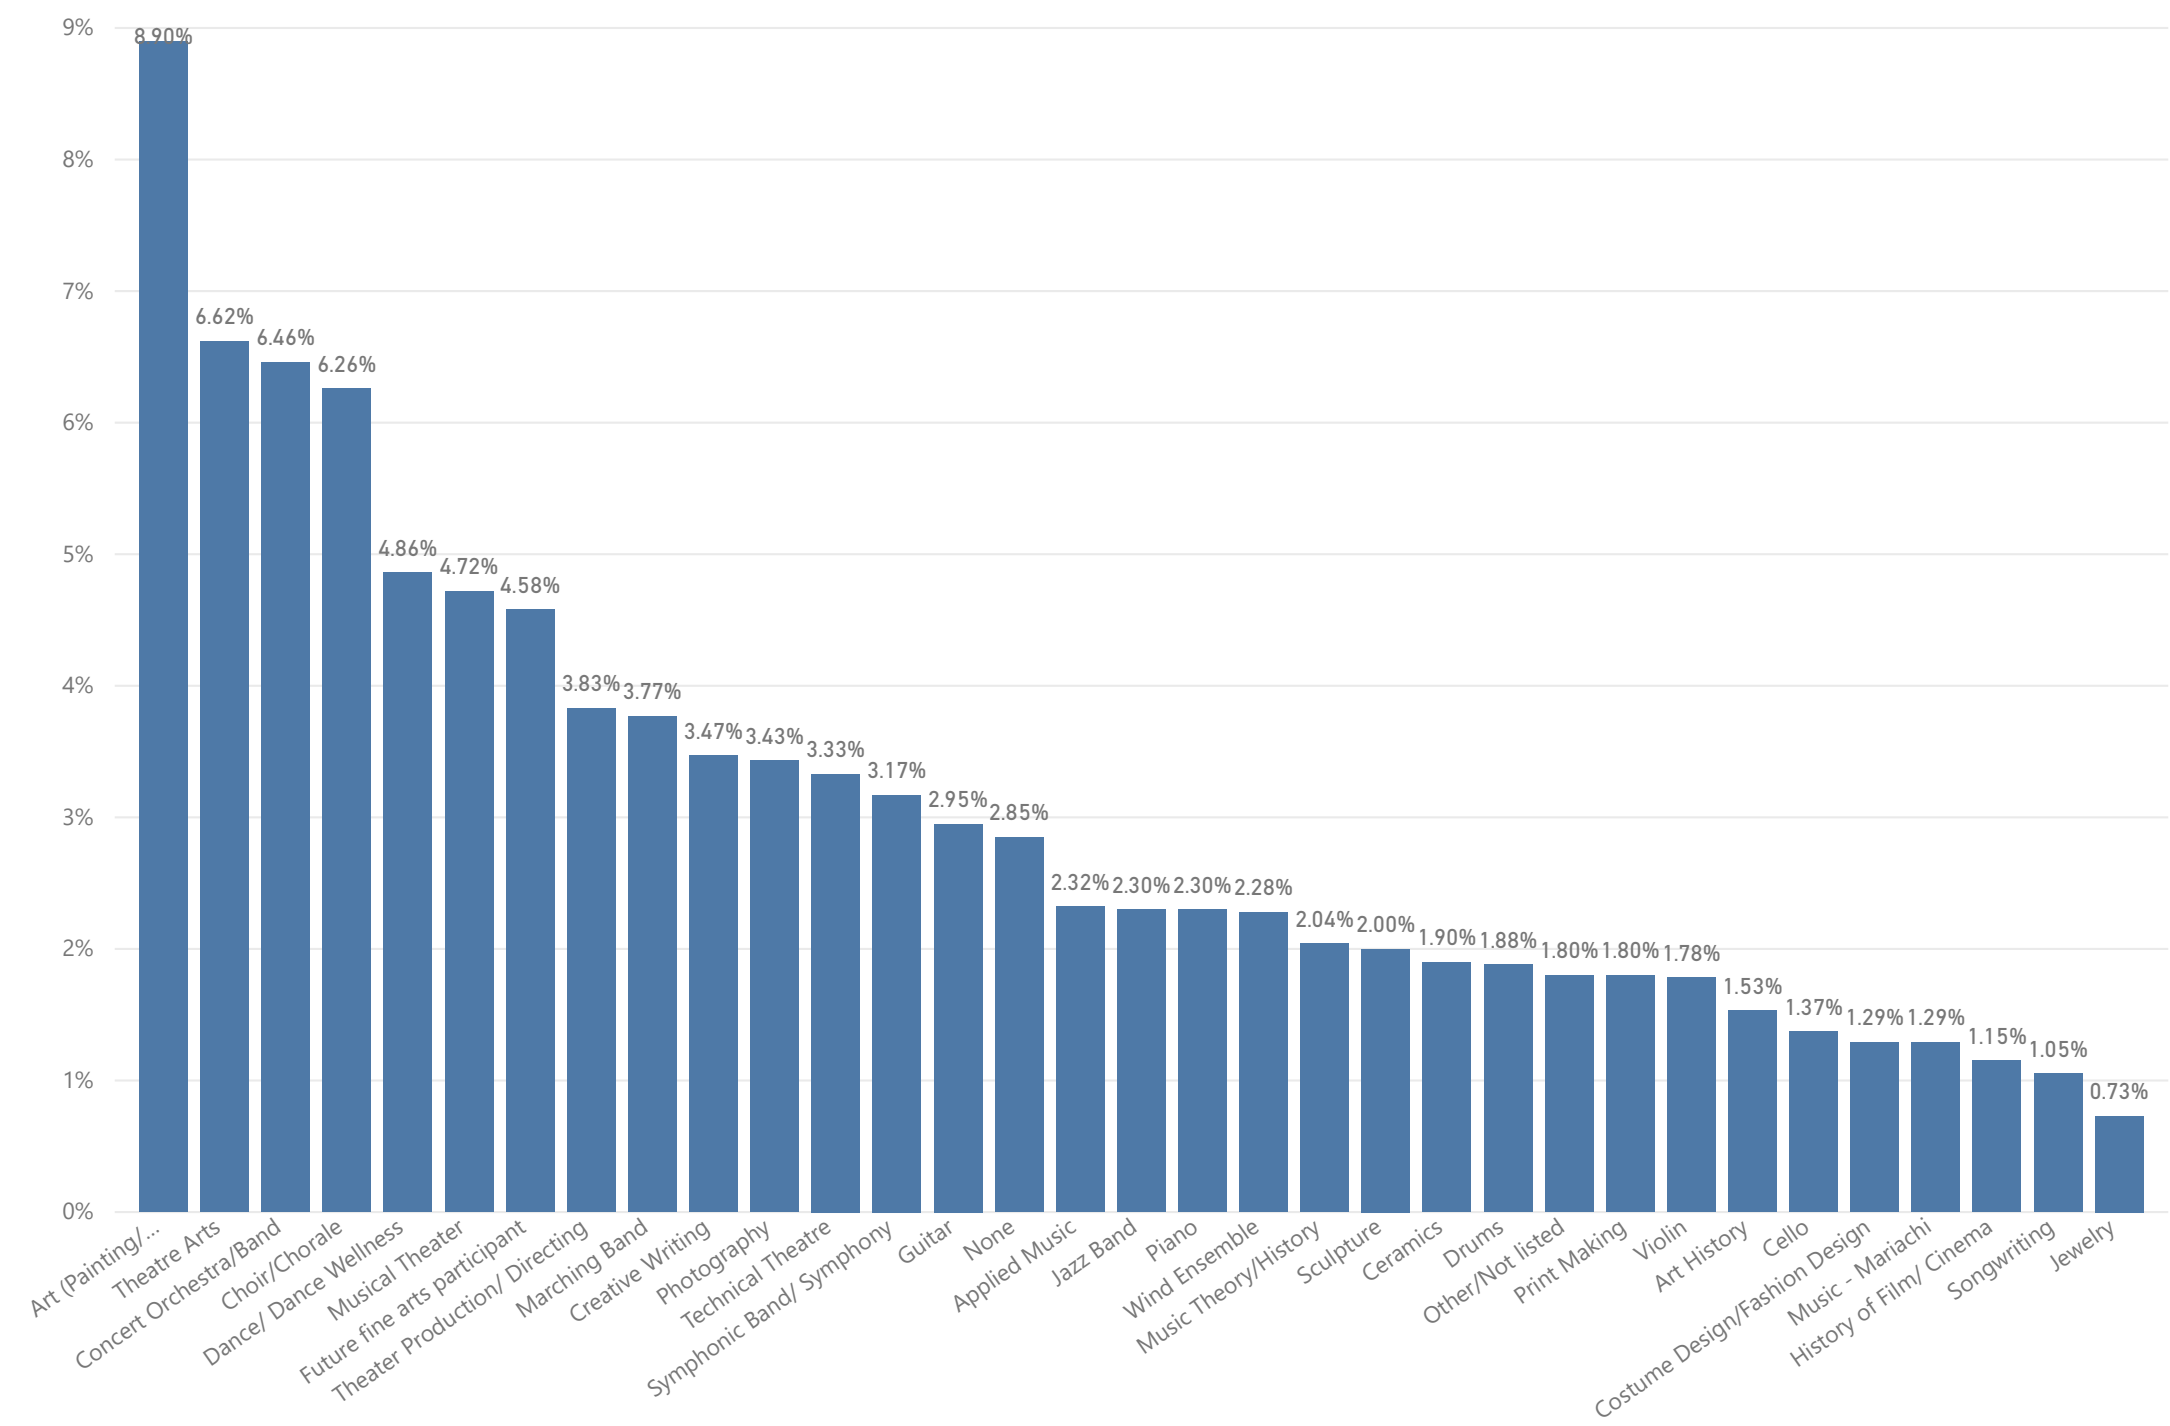

Themes:

1. Life Skills are relevant

2. Vertical Alignment/Exposure at middle and high school age

3. Accessibility and funding

Q8.1 - What fine arts (visual and performing arts) activities are you participating in, attending, or supporting that are currently offered within AISD?

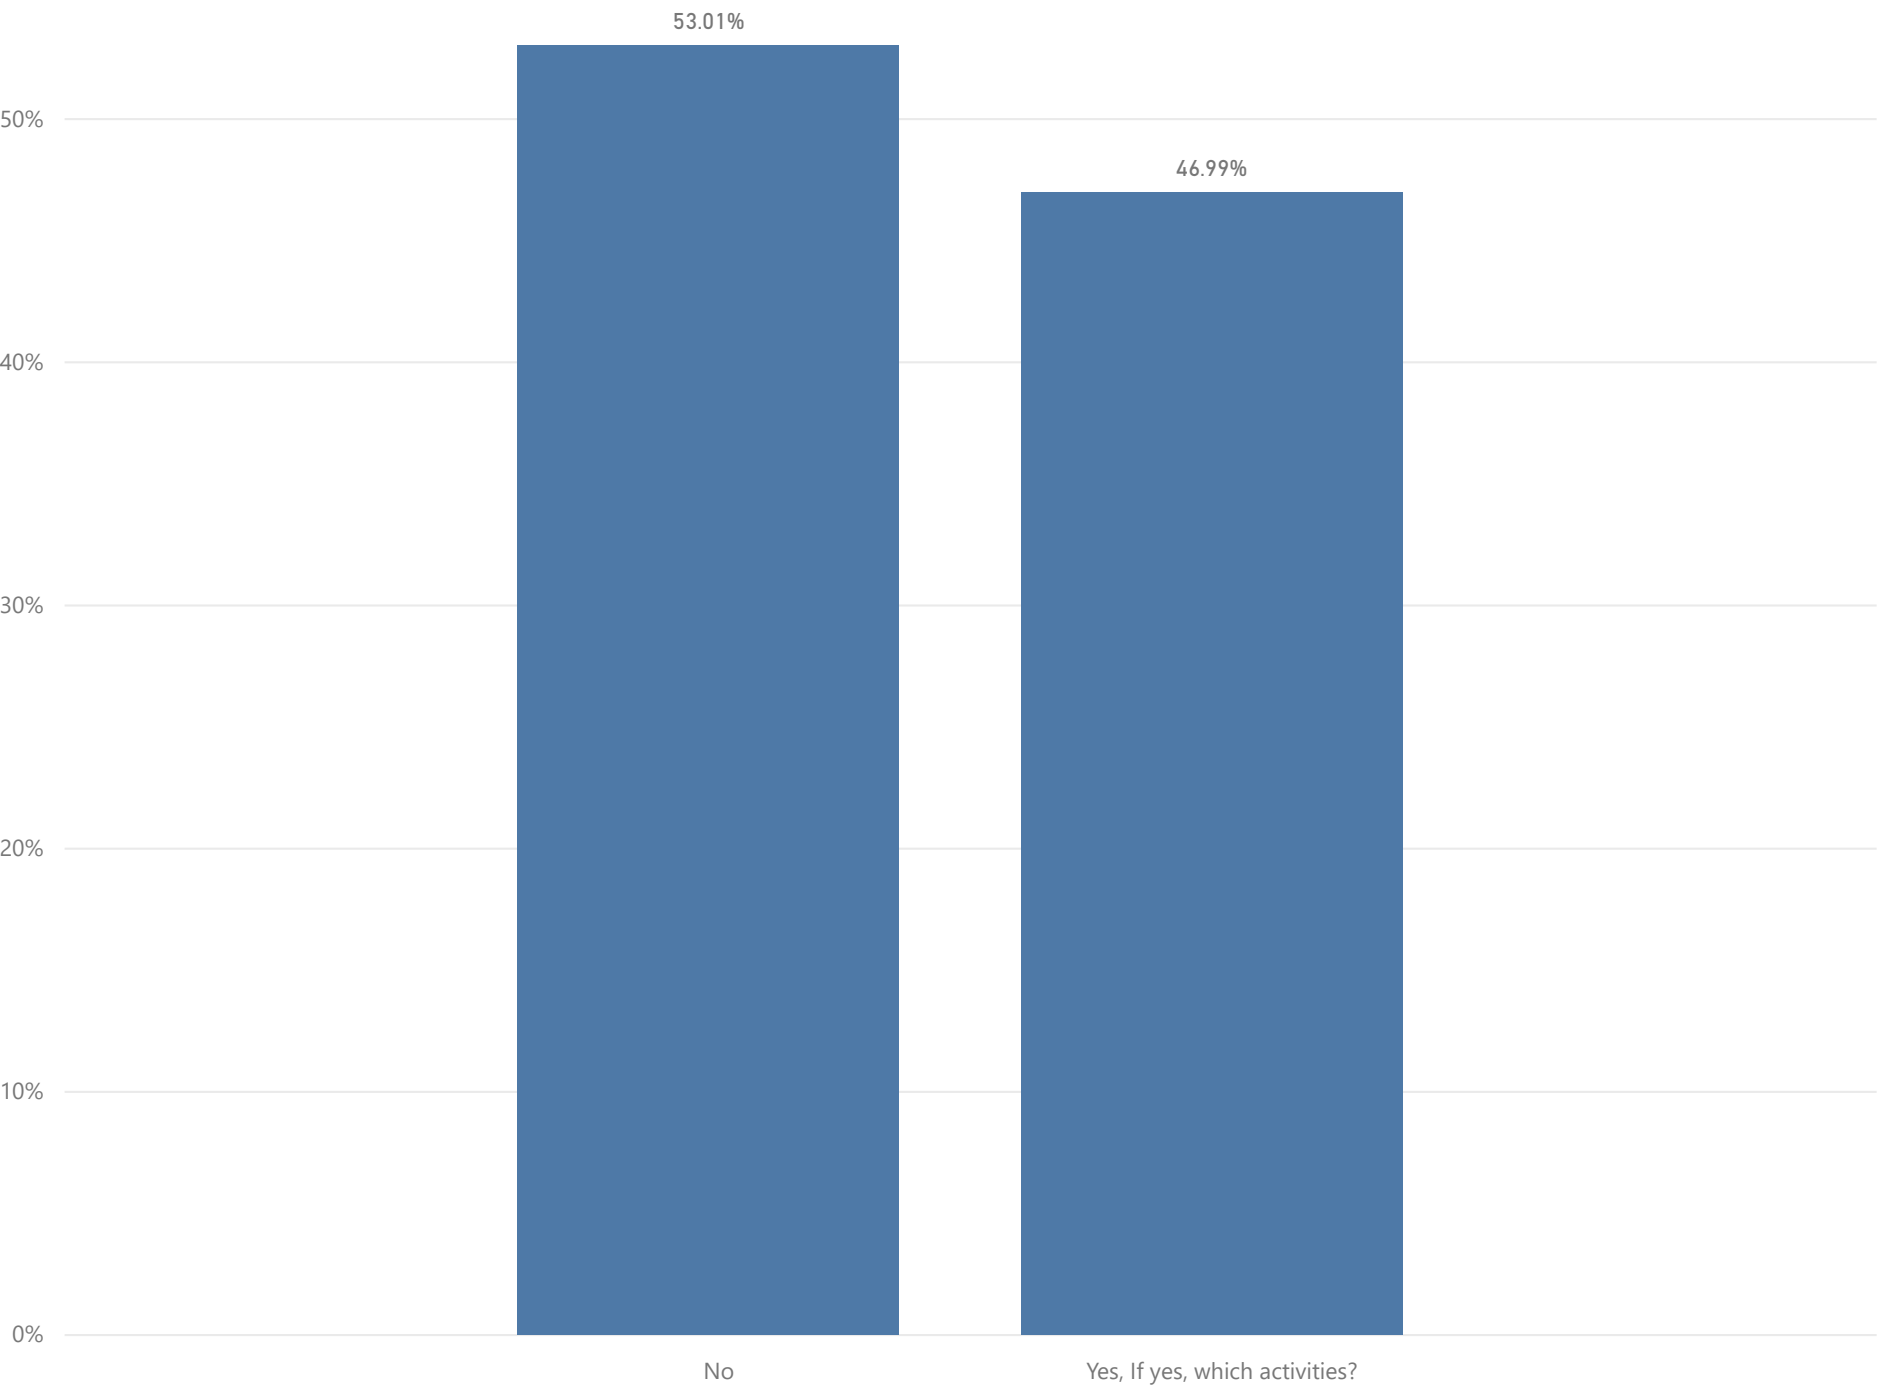

Themes:

- 1. Music
- 2. Elementary programs
- 3. Arts (digital/audio)

Q8.1_34_TEXT - Other/Not listed	
6th grade band	
A non profit does plays my kid is in at ridgetop. Itâ€™s a great thing.	
all fine arts	
animation, oral interp

Elementary Art	
Elementary Art/Music	
elementary music	

Q8.2 Do you / your child participate in any community fine arts programs or classes outside of AISD?

Themes:

- 1. Dance
- 2. Art
- 3. Instrument Lessons
- 4. Theater

Q8.2_4_TEXT - Yes, If yes, which activities?
Zachs College Conservatory, Private Acting, Dance
Zach Theatre Pre professional program
Zach Scott Theatre classes
Zach Scott Theatre camp, arts camp
Zach Scott Theater
Zach Scott summer program
Zach Scott summer camps
Zach Scott Pre-professional company
Zach Scott Conservatory
Zach Scott classes, Duffie afterschool arts programs
Zach Scott Acting, Dougherty Arts, Creative Action
Zach Acting Conservatory
Youth choir
Young Voices of Austin
Young Rembrandts, iPiano
Young Rembrandts for after school care
Young Rembrandts
YMCA classes, gymnastics, dance
Yes. Band Aid School of Music, Austin Educational Theatre.
Yes, we go to events at the MACC and My daughter dances with the Irish Dance Center.
Yes, Theater
Yes, several
Yes, piano lessons
Yes, performances and museums
Yes, my daughter takes guitar classes and performs as part her music program
Yes, Laguna Gloria
Yes, kidsacting, music lessons

Q8.3 What other fine arts or creative learning programs would you like AISD to offer for students that it does not currently offer, if any?

Q8.3 - What other fine arts or creative learning programs would you like AISD to offer for students that it does not currently offer, if any?
Creative manufacturing
Would love to see Movement class & Drama class for 2nd graders continued
?
3D digital creation tools such as Blender and other digital platforms such as Unreal Engine etc. Kids will need to be highly proficient in creating digital content and must learn a number of programs and platforms
a performing/fine arts facility available to Ann Richards
a summer art program
Across the district it is not equal. I wish Mindpop would help secure a grant to roll the CLI out to all schools so that kids could all get arts partners. I also wish that schools supported creative learning techniques. They say they do, most donâ€™t. STAAR scores are bread and butter and most schools will not move away from â€œdrill and killâ€.
Acting classes/how to train for an audition
Adaptive music, music therapy
Add theatre and dance to the elementary fine arts rotation with music and visual arts.
adequate
Adobe Photoshop and Photoshop elements, Dreamweaver, Garageband,
Advanced visual arts at all campuses
after school painting
After school programs
All good
All students in elementary learning to play an instrument.
All teachers use creative teaching. All campuses offer a strong foundation of the arts with specialized programs existing in some places.
All the afterschool programs cost a pretty penny eliminating a majority of students.
An adequate art room and stage/cafeteria at Gullett elementary
AnimaciÃ³n
Animation
Art 1 offered at Middle school for HS Credit
art and music lessons during after school care, theater class during elementary school day, and more art shows/music performances done by students at school
Art and Music should be offered at least every other day in elementary
Art at all levels
Art can be used to complement social and emotional learning as well as bridging gaps between language/cultural/economic boundaries. There should be additional art instruction at high-risk schools as well as an investment in STEAM education in and out of the school day, especially after school programming.
As many as possible, and make available for students to attend.
Asian Americans are the fastest growing demographic in Austin. These families largely do not choose AISD. We might consider offering Asian arts like Bollywood dance, Chinese calligraphy, etc. Also expand Ballet Folklorico to attract and retain Hispanic families.
At Reagan ECHS we should be offering Mariachi as well as higher a 2nd theatre teacher to support Musical Theatre
Audio production
Austin Community College allows language to be a Fine Art (depending on graduation program/major). My child has taken 4 yrs of Spanish and wanted to take Italian, but it was not available in her school. AISD should offer more languages for students who have mastered a language.
Austin ISD to support a 1 to 1 ratio of tech for students and staff.

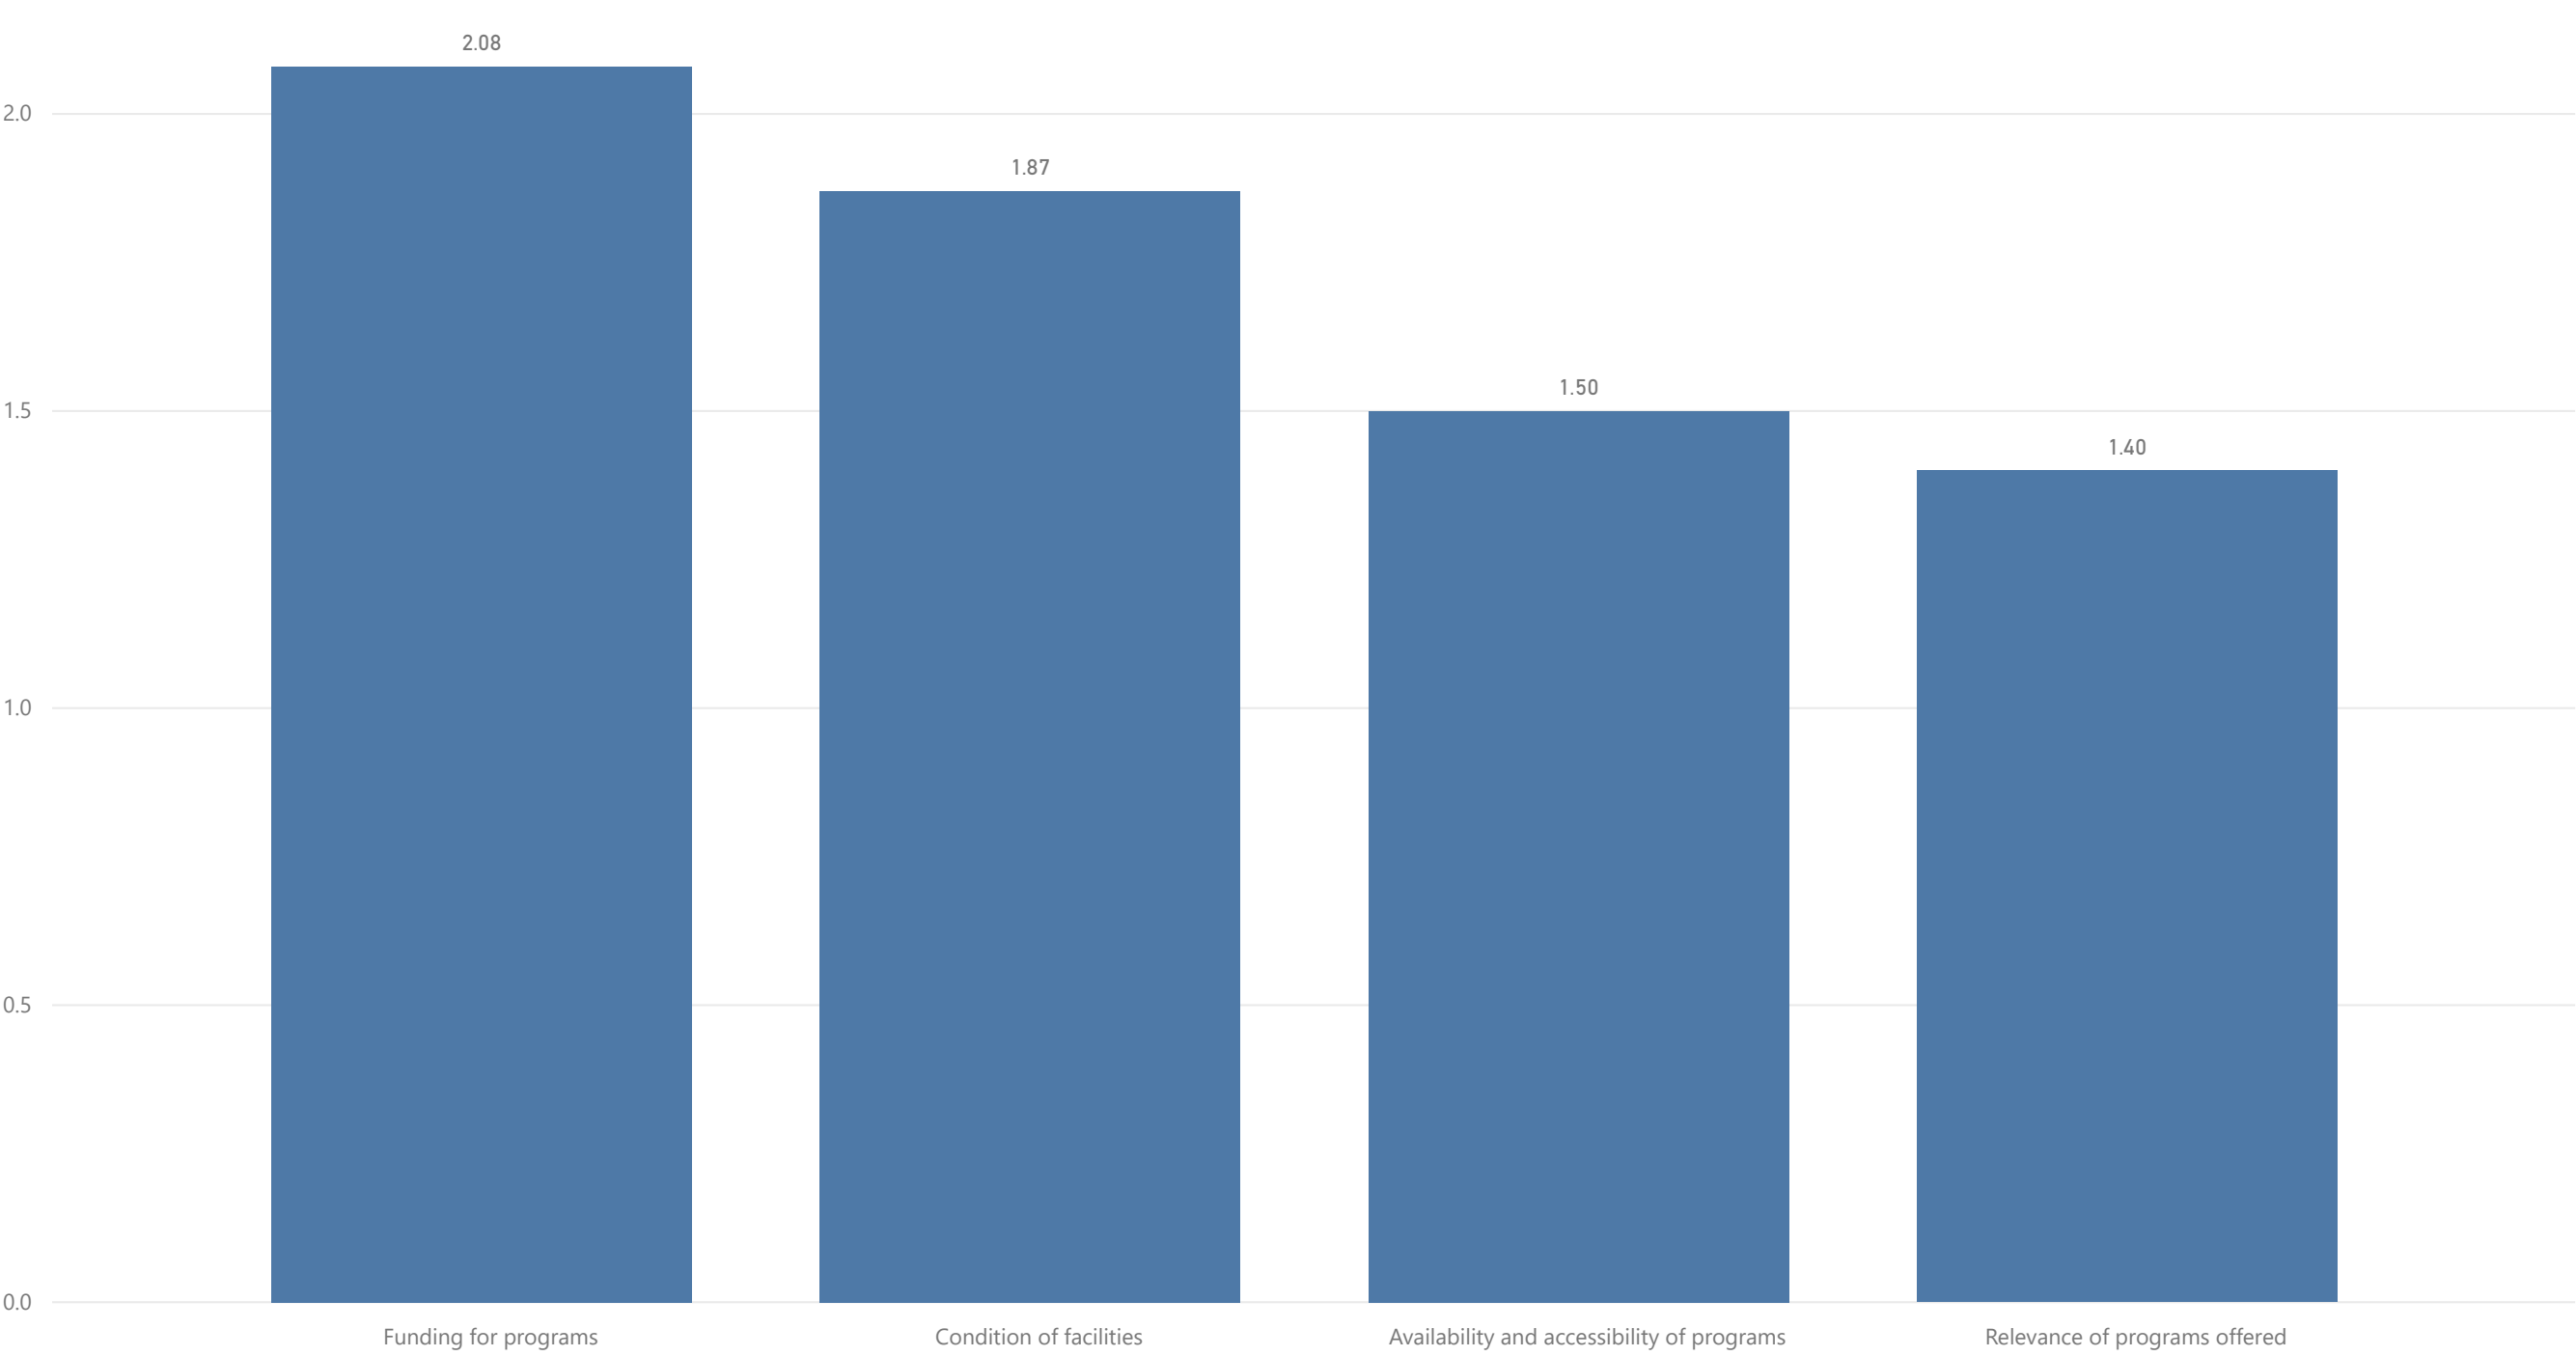

- Themes:
1. Greater variety/opportunity
 2. Art
 3. Design/Digital Arts

- 1. Underfunded (51)
 - 2. Creative (41)
 - 3. Inclusive (31)

Q8.5 - Please rank the following aspects of the fine arts programs offered at your AISD school(s) from 1-4: (1=best, 4=worst)

Q8.6 - What is your opinion about the condition of the current AISD fine arts facilities at the school you are most closely affiliated with?

Themes:

1. Undersized/Outgrowing

2. Outdated

3. Quality at schools poor

Q8.6_4_TEXT - Needs major improvement. If needs improvement, please explain

A small stage barely excesssable and in the cafeteria so practice is difficult

Abysmally underfunded. In desperate need of new band instruments and other equipment.

Add more options

Aire acondicionado, lugar mas grande, mas recursos econÃ³micos

AISD Fine Arts facilities do not compare to the specifications of surrounding districts' fine arts facilities. Many concessions are made when AISD facilities are created, to the disadvantage of AISD Fine

Q8.6_3_TEXT - Needs minor improvement

??

acoustics in performance areas available facilities everywhere

AISD central sites are excellent, local school is satisfactor

Anderson HS PAC is aging and needs to be updated

Ann Richards needs more space, Pease needs a renovation of the art room.

Art class area is good but our stage is in our cafeteria - equipment is old and we are having to raise money for improvements. we'd love to have an auditorium or outdoor amphitheater

art hallway at Lamar in poor repair

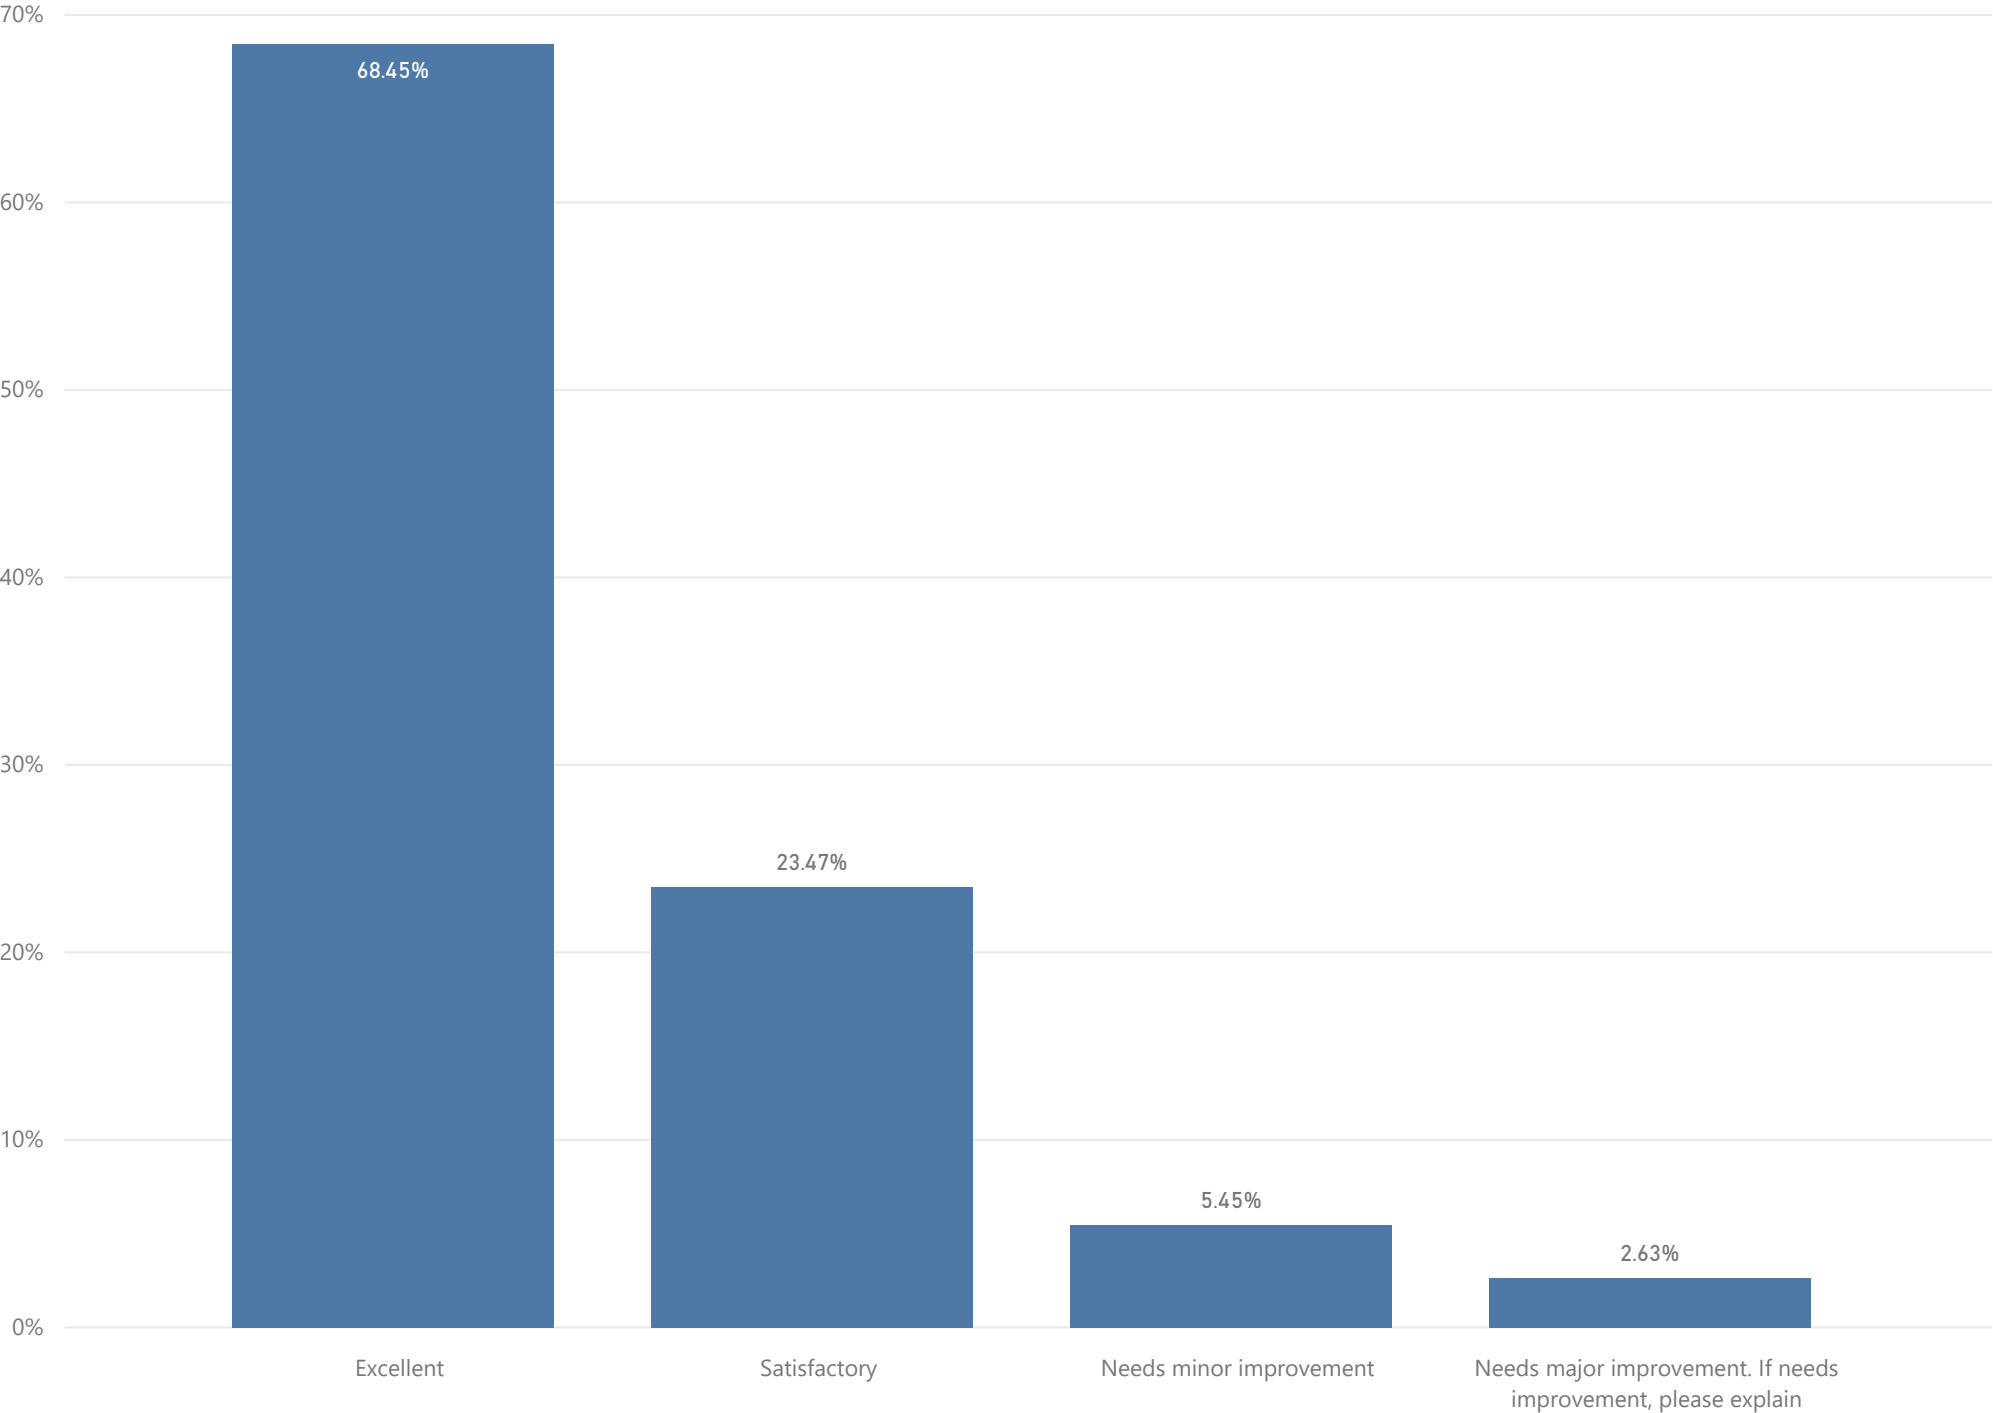

Audio and light upgrades.

Auditauri needs basic things like a decent PA system and mics for theater and assemblies.

Auditorium chairs and backstage could use a little love

Bailey needs more building space for fine arts, use portables, and no theater

Q8.7 - What is your opinion about the condition of the current AISD Fine Arts facilities at the Performing Arts Center (PAC) ?

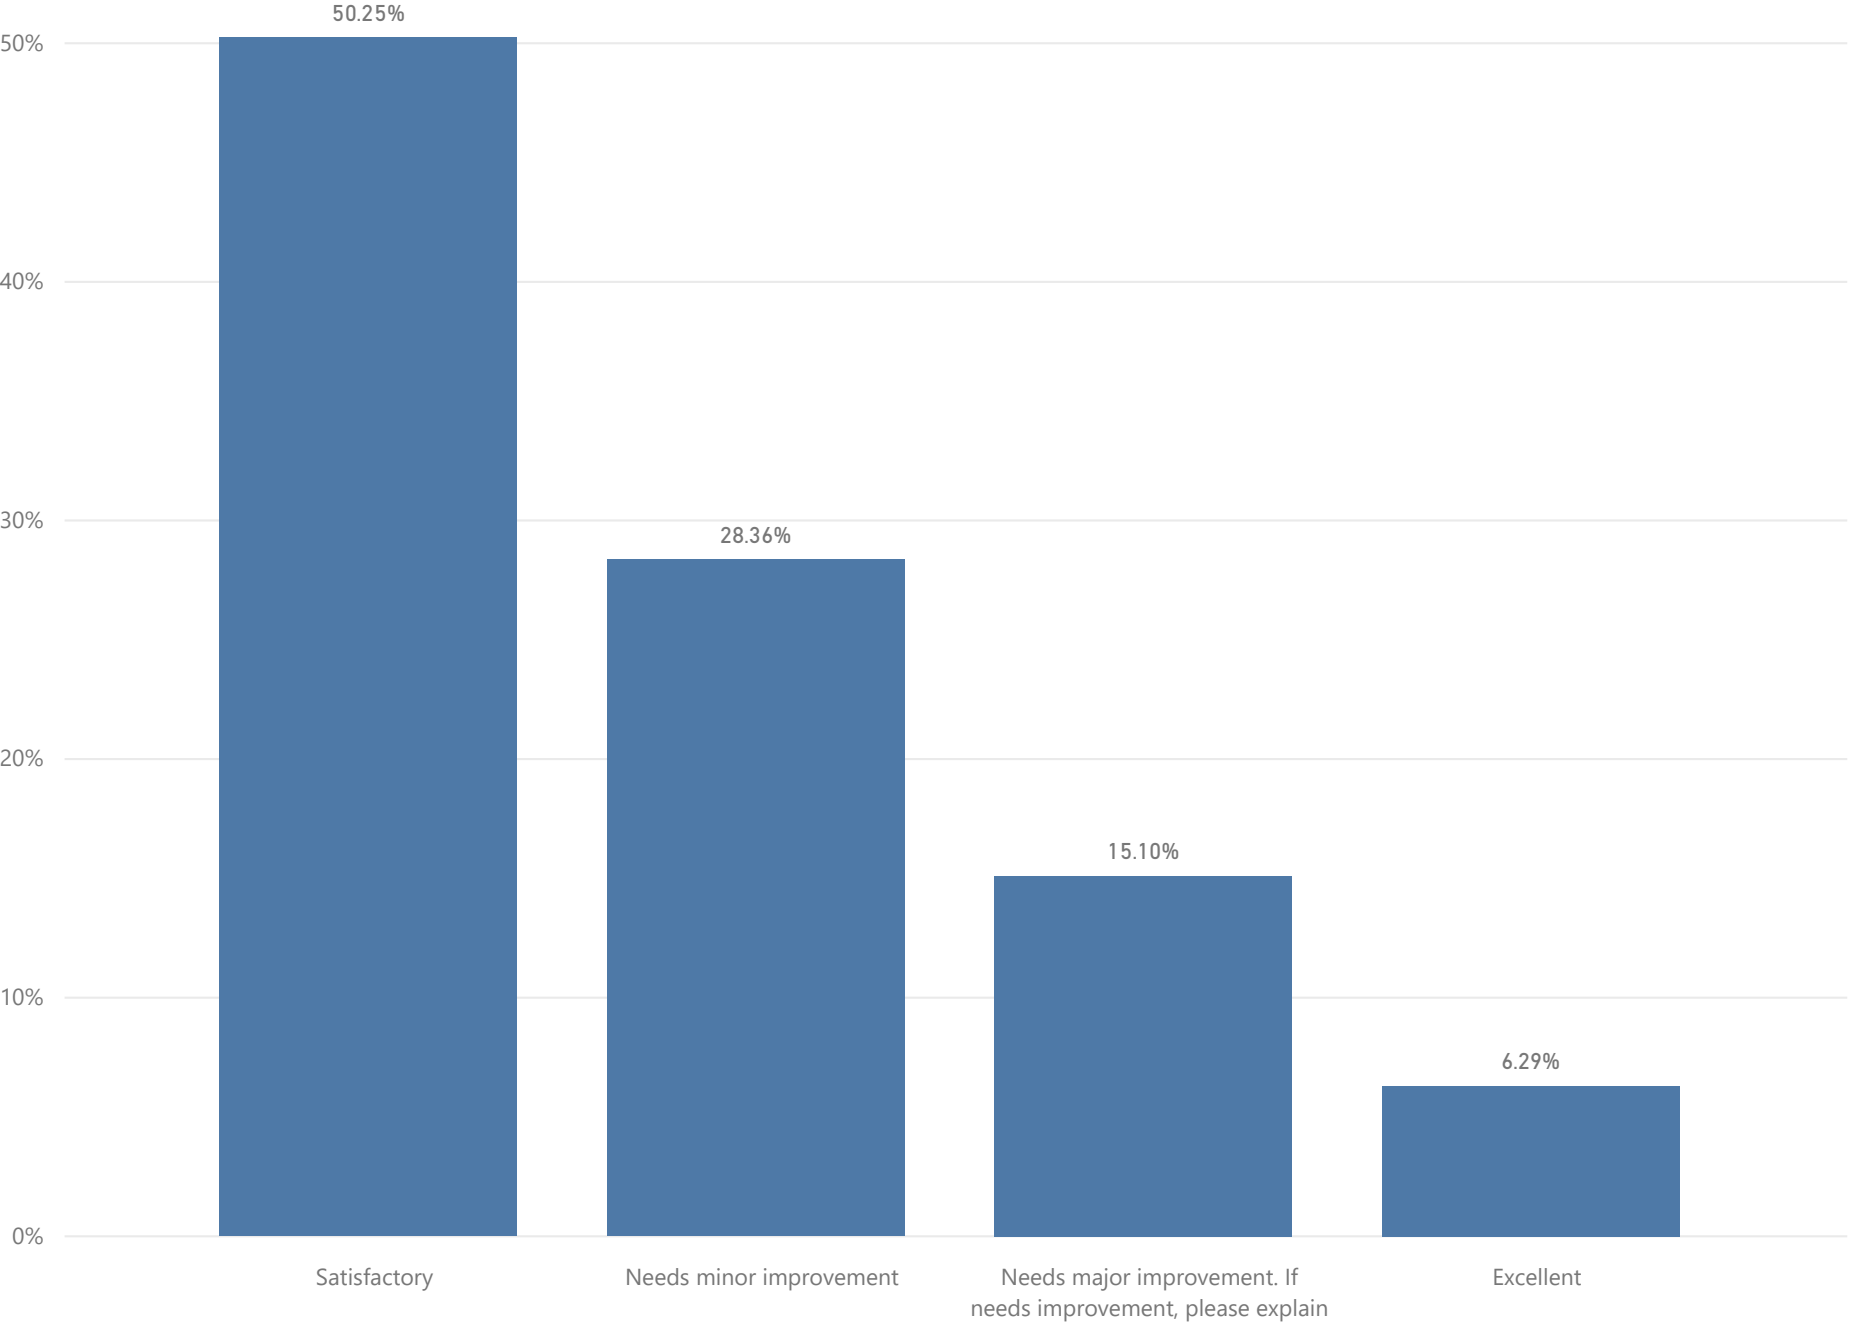

Themes:

- 1. Traveltime
- 2. Lack of access to all

Q8.7_3_TEXT - Needs minor improvement	^
compared to Westlake PAC, needs an upgrade	
Conditions are steadily decreasing and access is questionable	
Deep clean seating areas	
Excellent building, but too far away	
Facility is fantastic!!! It just doesn't have enough seating for larger purposes. We do not have any place for all school events with parents to meet.	
Flexible space for multipurpose room, other spaces (e.g. sound-proof dividers).	v
Q8.7_4_TEXT - Needs major improvement. If needs improvement, please explain	^
A CAFETORIUM AT A HIGH SCHOOL IS PATHETIC	
Can we use it more?	
Continued funding	
Facilities Updates.	
Feels like an afterthought.	
It is nice, but difficult to get to from South Austin	
it sucks! all city choir now has less people and the district feels forced to use it since the funding built it. when it really wasn't neccessary	
it takes over an hour for us to get there maybe more depending on traffic	
More seating	
Needs a proper manager	
needs lights and microphones	
Needs major improvement. If needs improvement, please explain - Text	
Needs Permanent Visual Art Gallery space	
Not all kids have access	v

Q8.8 - What is your opinion about the availability of the current AISD fine arts supplies and equipment?

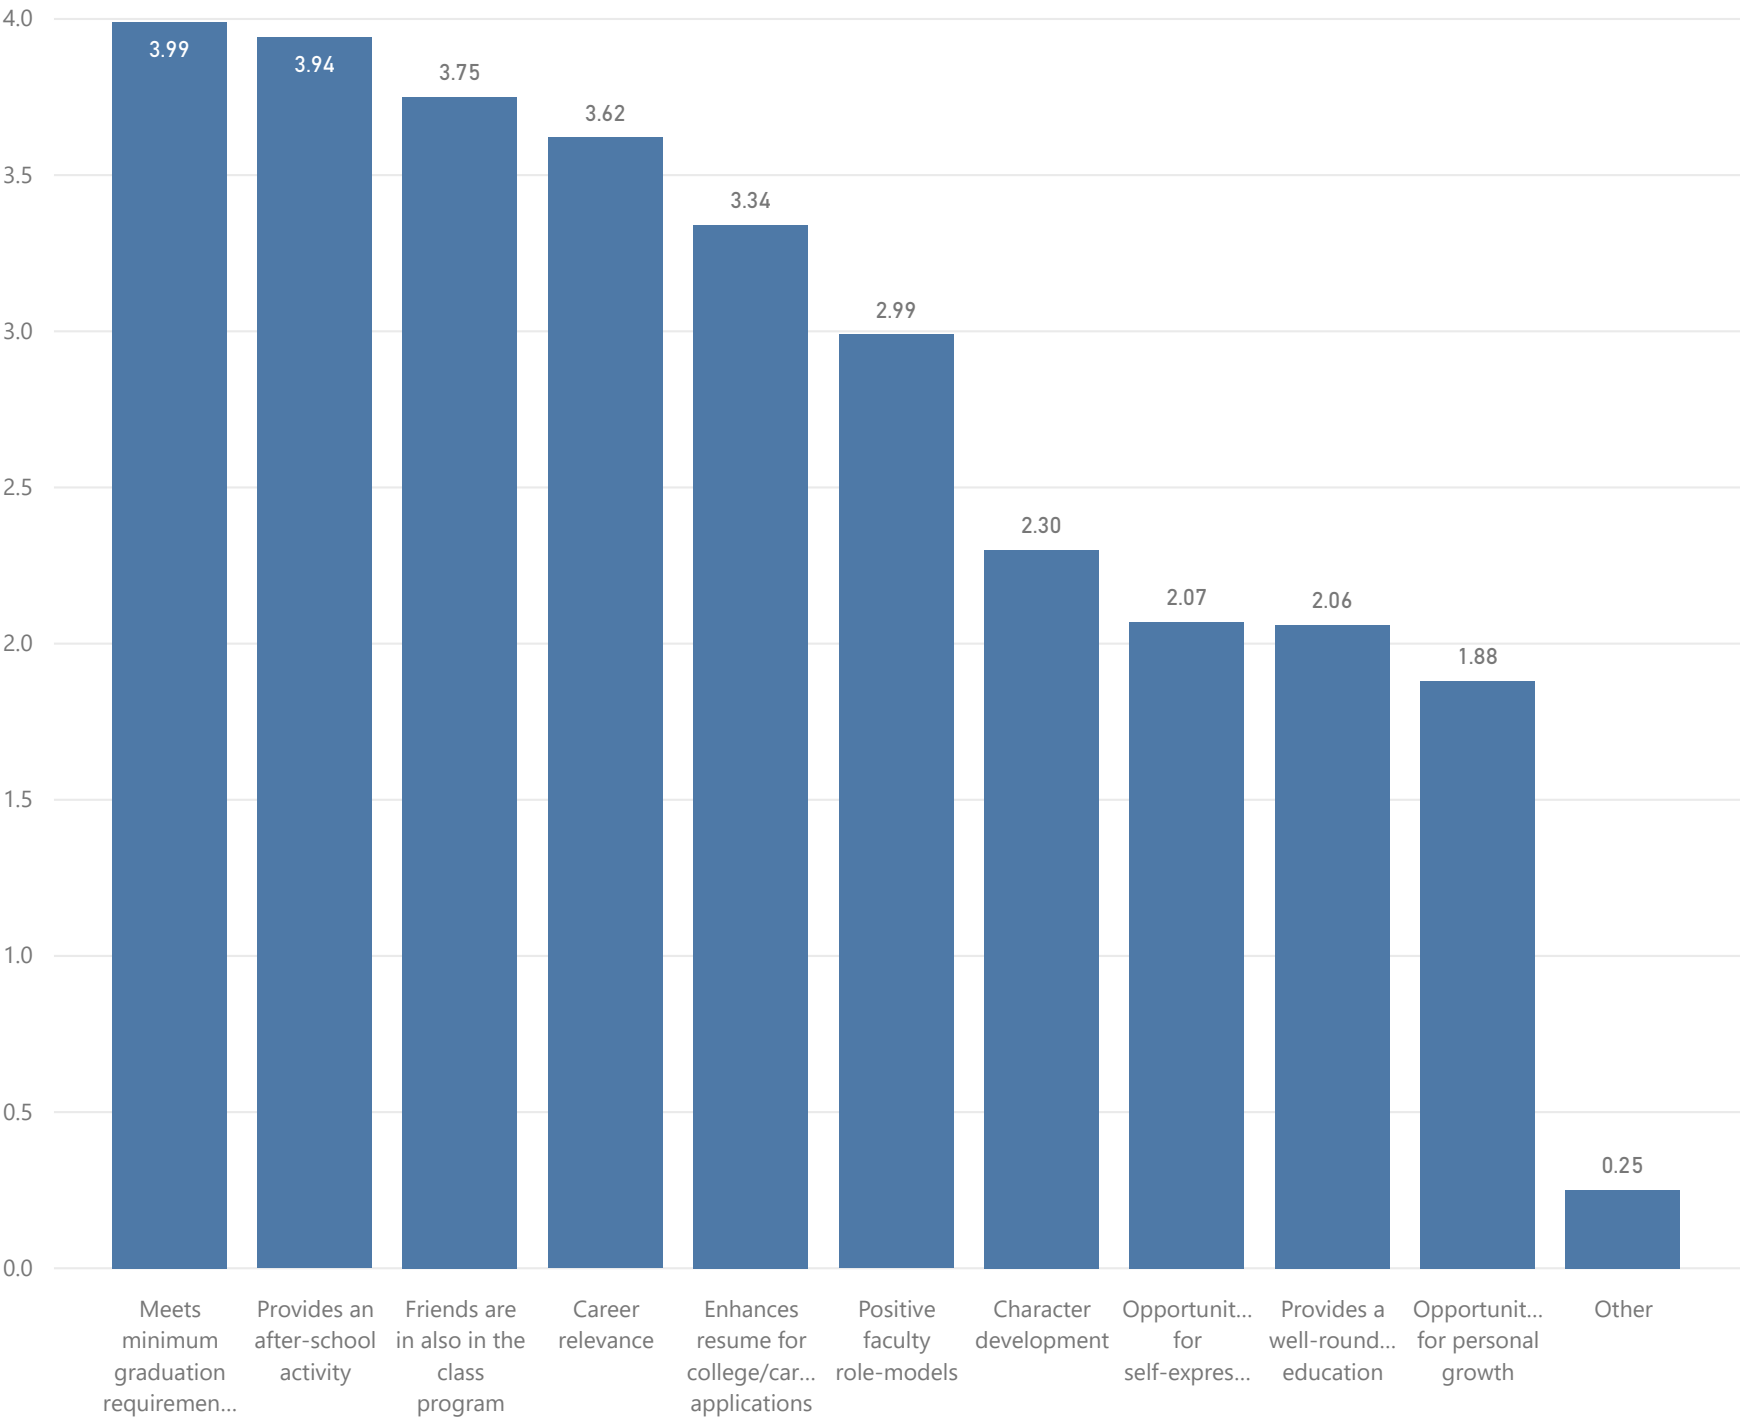

Themes:

- 1. Lack of Funding
- 2. Poor quality

Q8.8_4_TEXT - Needs major improvement. If needs improvement, please explain	^
Your band directors are cobbling together instruments to keep things going, you need money for new stuff	
we purchase to supplement our school's supplies	
we need more funds!!	
we need facility improvements at Bowie	
we con't have enough teachers or money outside of music	
We as the parents have to pay for all supplies for fine arts classes	
Very uninteresting supplies for fine art	
updating! access to materials!	
	v
updated equipment. facilities that provide excellent working environments	

Q8.8_3_TEXT - Needs minor improvement	^
always need more funding	
always need more instruments	
art teacher have to buy supplies	
Art teacher uses own money for supplies, music supplies havenâ€™t been updated in years	
Better quality art supplies	
better quality instruments and supplies	
better school instruments and storage	
Booster organizations have to raise funds	
Budget has improved, but is still not quite enough to maintain the level of musicianship expected by the district	
classroom teachers should be provided basic art supplies	
Consumable supplies for studio art and computers for nontraditional graphics/film are always a challenge	
could use some new instruments	v

Q8.9 - How important are the following factors in your decision to participate in or attend fine arts programs? Rank from 1-10. (1=most important, 10=least important)

Themes:

- 1. Learning
- 2. Life Skills
- 3. Outlet

Q8.9_11_TEXT - Other

we need the arts more than ever

Technology

teacher, rarely attend

Reason to go to school

Quality of work, performance.

Provide an opportunity to develop or ignite a passion

Plans to go into music as a career choice

personal interest

opportunities to socialize/ make friends outside of academics

no opinion

na

Music is a core academic subject

Many important. I am not a parent

likes singing

Learning self-discipline

It's fun!

Is inclusive to students with disabilities

Involvement in school community

Interest

intellectual development

innovative

Fun, enriching and inspirational

Fantastic and relevant questions but the fact that the same aren't asked for athletics shows just how big a blind spot the district has where sports are concerned. Kind of maddening really.

Q8.10 - Please list three words that would describe your long term vision (5-20 years) for the future of fine arts at AISD.

Q8.10 - Please list three words that would describe your long term vision (5-20 years) for the future of fine arts at AISD.

would like to see a south location like PAC

Would hope more options will be available for younger children, not just at middle school level.

- 1. Funded (93)
 - 2. Inclusive/Diverse (58)
 - 3. Creative (27)

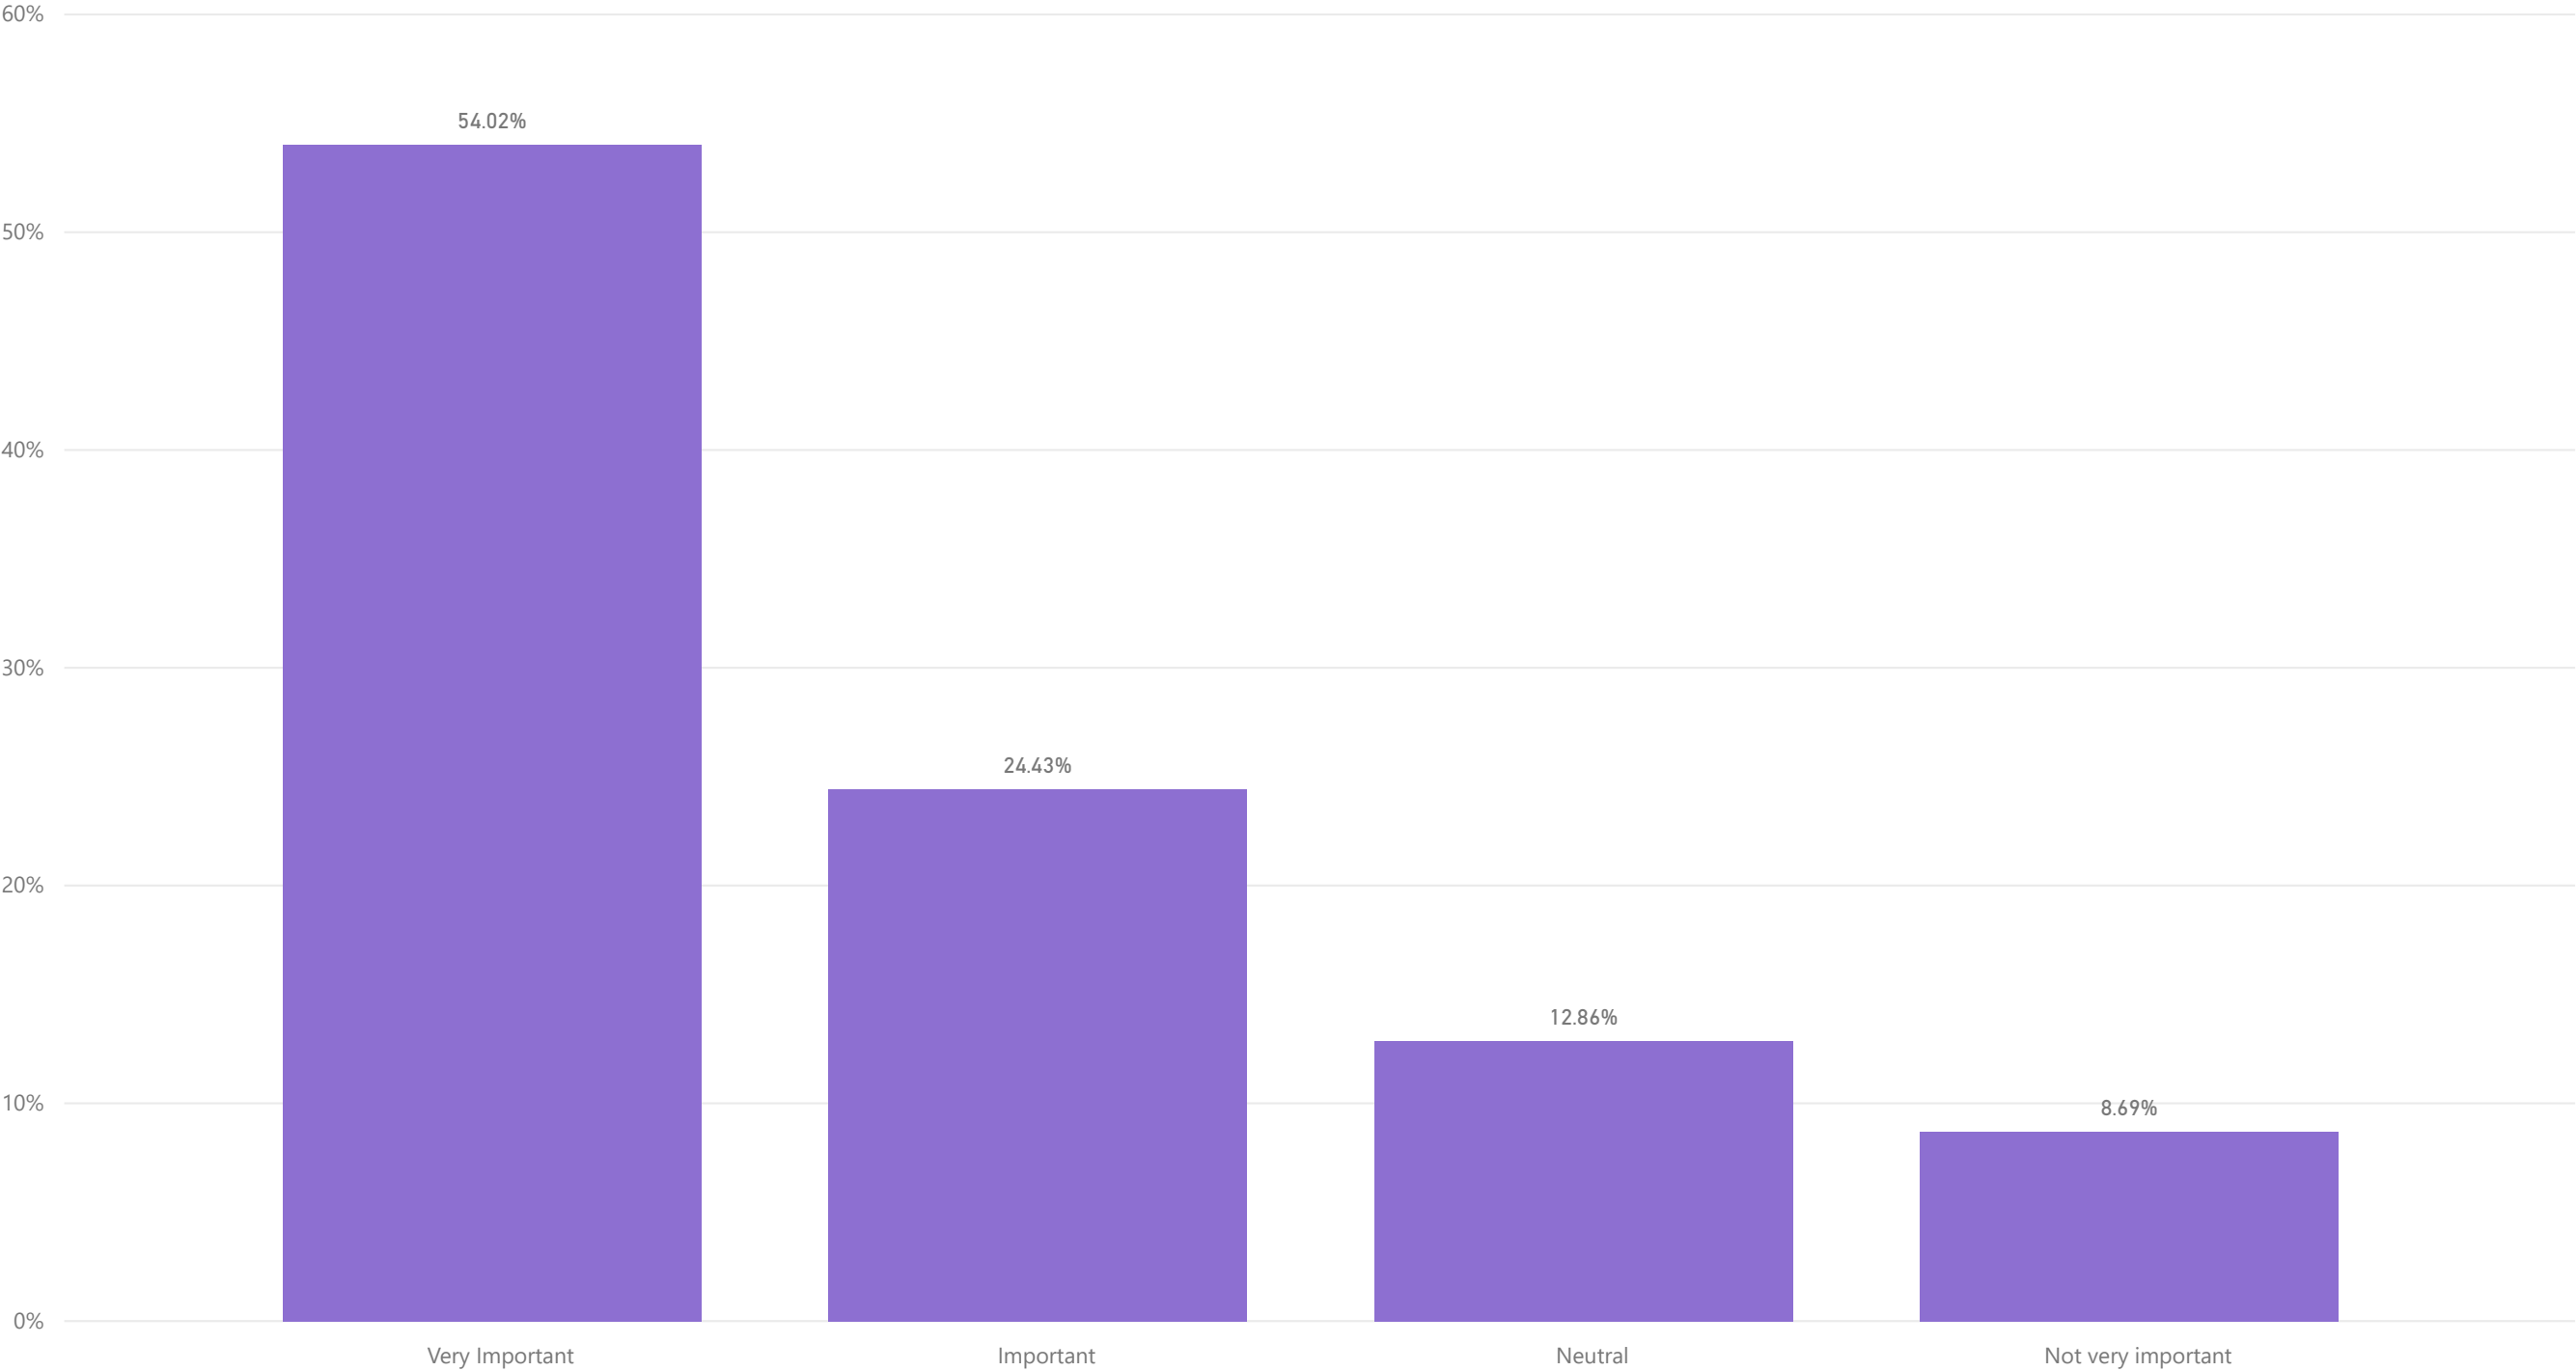

Q8.11 - Is there anything else you would like to share about AISD fine arts programs or facilities?

Q8.11 - Is	^
Creative minds makes excellent citizens.	
The music teachers at my kids schools LOVE what they're doing and it shows!	
?	
Across AISD there is a wide variety of fine arts facilities. Students across the city should experience facilities that meet the standards for safety, technology, and comfort. Each fine arts program should be set up for success with proper funding and facilities. It shouldn't matter what the economic status of our students is.	
Additional AISD PAC located near the South schools - perhaps in the fine arts district of Austin	
Additional central facility like the PAC is desperately needed since it opened and was immediately overbooked. It's very difficult to reserve it for use. Facility condition varies WIDELY among schools which contribute to perceptions of inequity.	
AISD Fine Arts facilities are generally excellent across the district from what I have seen.	
AISD fine arts needs to get more funded than AISD athletic department. If money is an issue, we can think of more creative ways to spend.	
Aisd fine arts programs needs to involve more students in their programs.,	
AISD has an excellent fine arts curriculum that develops the whole child, reduces stress caused by over-testing and other factors, and leads to excellent career choices	
AISD has the longest running music programs for elementary students west of the Mississippi. Continuing the tradition of these outstanding programs for students are vital to our community. Funding and administrative support are crucial to the success of the wonderful programs that now exist. Care needs to be taken to see that no programs are diminished in the future.	
AISD is failing to adequately fund and invest in the programs that matter to secondary students - arts and sports. I know that we are financially in a hole - but the only reason NOT to go to a charter school are electives, and special education. And now local charters are making better facilities for arts and sports and offer transportation. AISD is going to look like HISD in 5-10 years and that is NOT a compliment.	
AISD is not competitive in arts when stacked up against other texas districts. When you look at funding and staffing it is clear that the formula's in AISD are not adequate. AISD board members and leaders need to have a constant presence at the capital demanding school finance reform and advocating for adequate funding of AISD schools.	
And please be careful and thoughtful about early college programing - this is a great opportunity for our students but not if it means they cannot participate in their beloved arts programs. Do not make students choose between two great things - be more creative in scheduling etc so that students can benefit from all of our opportunities and programs.	
AISD's development of commitment to the Creative Learning Initiative has received national and global attention and recognition for innovative excellence. The program has made a real difference in teachers' and students' sense of self-efficacy and engagement learning.	
ALL students can benefit from arts, few benefit from sports- the greatest benefit is derived for the most students by funding arts programs	
Almost no school in AISD has appropriate facilities for the music programs. Temperature controls and mold are also issues for keeping very expensive inventories of district property safe. I appreciate that AISD does have band, orchestra, choir, and guitar in every school, however am frustrated at how un-equally these programs are supported both with staffing and compensation. Stipends for music teachers are FAR below the average stipend for similar teachers in other districts in Texas and because of that AISD does not attract the best teaching talent from around the state. Not to mention the stipends that are paid are wildly un-equal between band, orchestra, and choir. For example a head band director earns a stipend that is almost twice as much as a head orchestra director in Middle School. There is no factual or data-driven basis for this, especially since both have basically the same commitments. Also the staffing formulas are historically un-equal and many parents and families are taking notice in schools where the bands and orchestras have about the same amount of students, but the orchestra is way understaffed. Basically the inequality built into the system is noticeable and demeaning. It is unfair to students and to teachers and to families in AISD. There also are no good platforms to voice these concerns, especially in a system where the district fine arts office can find itself understaffed as well. Which is why I am writing it here. Thank you!	
Although current supplies and equipment may be satisfactory at present, improvement and keeping current with new trends and innovations are important. Something lacking is the ability to be expressive in a creative sense with regards to technology in the secondary setting. Some reevaluation of the current course offerings should be done.	
Amazing, dedicated educators. Needs more support. Love CLI. Relevant to so many fields, careers, industries.	
Anderson high school too few options	
Anderson High Theater is way too small	
Art in dark dingy portablesâ€” yuck! Art should be in brightly lit high-ceilinged rooms that open onto a courtyard. :-)	
Artists become the managers and creators of new ideas and inventions, they use the core academics and take them into the job world and excel at their jobs. It is the artists that run the world and the things we have in it, architecture, furniture, engineering, books, entertainment, clothes, shoes, city design, advertising design, greeting cards, and so much more. The importance of the arts is way underrepresented. especially the arts not related to music.	
Arts can be as important as STEM.	v
Arts in education are undervalued in general, and yet they are essential to growing human potential and empathy.	

Q9.1 Do you now or have you ever had a class located in a portable? Or, if you are a parent, do you now or have you ever had a child that has had a class located in a portable?

Q9.2 - How important is it for AISD to reduce the number of portable classrooms at the school(s) you are most closely affiliated with?

Q9.3 - What is your biggest concern about AISD portables, if any?

Q9.4 - What is your biggest concern about AISD portables, if any?	^
appearance	
easy targets for criminals	
Less safe and secure than inside the main building, subject to harsh weather, problems with heating/cooling system (this happened in my child's class).	
1. Long-term (VERY long-term) use has sent a clear message to students and parents in our area that AISD does not invest in them. 2. As campuses add equitable, permanent, facilities, existing portables can be used to jumpstart programs in our area that will later be permanently housed in city-, central health-, or integral care- funded buildings.	
A comfortable setting for learning. Sufficient space for portables.	
a veces estan muy separados de los demas salones	
A/C double classroom (noise)	
A/c double classroom noise	
AC doesn't usually work properly. Classroom cramped, toilets are terrible.	
AC/Heat and safety walking to/from main building	
active shooter	
Actually, I think our school needs more. We only have one, and we have classes that meet in the hallway, the cafeteria, etc.	
adequate heating, cooling, teacher morale and safety.	
Adequate space for students	
Aesthetics does impact learning. I hated portables when I was a kid. With declining enrollment aren't portables just going to go away anyway?	
After elementary, there are no bathrooms. This is a hardship for students and facility.	
Age	
Age and circulating air health.	
Age and condition	
Age and condition of portables.	
age and condition of structures.	
age and potential hazmat/mold	
age and safety	
Age and size	
Age of portable.	
Age of portables-they reek of mold, are rickety, and are NOT the permanent solutions they've been allowed to become.	
Age of the portable, space (too cramped).	
Age of the portable. Otherwise they are quite classrooms away from the distractions of the main campus	
Age of the portables. The "permanent" nature of most portables in schools in northwest Austin.	
Age! Some of them look like they are falling apart, inside and out!	
Age, air quality, natural light, safety during inclement weather, safety getting into main building	
Age, air quality. HVAC	
Age, cooling and heating and safety in extreme weather and in general - they are too easy to access.	
Age, mind and dust, lack of safety, nowhere to hide in lockdown	v
