Starting in **Spring 2026**, we will work closely with families and staff to merge school communities thoughtfully. The new, combined campuses should **reflect the best of each and honor what matters most** to students, families, and staff. This means keeping important programs, clubs, and traditions that people care about. We want to keep what makes each school special and build a new school community that shows the strengths of both. [See our Transition Plans section for more information.](#)

If your school is **not closing** and **your current program is staying the same**, your child can continue attending the school through the **final grade level it offers**.

**Any student can apply to transfer to another campus.** [See our proposed Transfer Policy changes](#)
