IV. Student Outcome Goals

Enter the campus-wide goal for the All Grades	<p>Reason identified and what improvements need to be made to achieve a C. Upon the release of the 2025 State Accountability Ratings, Martin Middle School has 3 consecutive unacceptable campus ratings (Fs). Campuses with two consecutive unacceptable ratings are required to write a turnaround plan (19 Tex. Admin. Code § 97.1064 (a)).</p>

	<p>Below is a path to achieve an acceptable (C) rating in school years SY26-28:</p> <ol style="list-style-type: none">1. 70% of students achieve academic growth in Domain 2A, and by demographic groups evaluated in Domain 3. <and>2. 35% of Emergent Bilingual students will achieve composite growth or advanced high on the TELPAS assessment. <and>3. All students earn 50% of points or more on every STAAR assessment they take. (Optional, yet highly recommended) <p>For 2025-26, Martin Middle School will focus on the student growth metrics, outlined above, not specific achievement rates at meets and above.</p> <p>For SY2026-2028, Kealing Middle School will focus on the student growth metrics, outlined above.</p>
Enter the campus-wide goal for the All Grades Math and Reading Meets Grade Level or Above STAAR Performance rate for the 2025-2026 school year.	In year one and two of the implementation of the campus turnaround plan, student growth will be leveraged in Domain 2A and Domain 3, in order to achieve a C rating. By year three, student academic growth should be significant enough so that student achievement in Domains 1 and 2B is at a C rating. Starting with SY 2027-28, the Domain 1 goal across all grades and subject areas would be 70% of tests at Approaches and Above, 30% of tests at Meets and above and 15% of tests at Masters.

If No above, what new curriculum will be adopted?	Not Applicable.
When will the district adopt the new curriculum?	The curriculum has been adopted.
How will the district ensure that each campus will meet the minimum instructional minutes required to implement the curriculum?	<p>The district will ensure compliance through multiple aligned systems. Campuses are required to follow the 2025–26 Master Schedule Guidelines when designing their schedules. To support implementation, the district provided professional development during summer 2025 on expectations for detailed and posted schedules. Ongoing monitoring will occur through principal supervisors and campus instructional leadership teams, who will conduct classroom observations and instructional rounds to verify adherence and provide support where adjustments are needed.</p> <ul style="list-style-type: none">• ELAR 450 minutes per week• Math - 450 minutes per week• Science - 270 minutes per week• Social Studies - 270 minutes <p>Bell Schedule</p>

Please describe your planned training/PD sessions (and who delivers and attends) for: -Principal manager -Principal -Other campus admin (assistant principals, instructional coaches) -Teachers	<p>Lighthouse Schools:</p> <p>School Leader Professional Learning and Embedded Coaching Supports: TNTP will provide school leaders (principal, assistant principal, instructional coach) with opportunities to develop their instructional leadership skills including understanding the district-adopted literacy and math curriculum, leading instructional rounds, and providing teachers with high-quality coaching through observation & feedback cycles. This development will occur biweekly, in alignment with the Learning Lab model.</p> <p>District Wide PD: Monthly Principal Session: HQIM Implementation and MTSS Monthly AP Session: HQIM Implementation and MTSS Monthly IC Session: HQIM Implementation and MTSS</p> <p>Progress Monitoring: TNTP will support the district in monitoring progress toward literacy and math goals through formal classroom observations. TNTP will collect and analyze the progress monitoring data and facilitate two continuous improvement sessions to identify trends, guide strategy, and strengthen (Bi)Literacy instruction and math across the district and facilitate Continuous Improvement sessions for district leaders.</p>

	<p>Learning Labs: As Austin ISD and TNTP seek to expand the Lighthouse model in 2025-2026, all selected Lighthouse Schools will serve as sites for Learning Labs. To accelerate instructional leadership and improve student outcomes, Learning Labs are grounded in the belief that effective leader development must be strategic, consistent, and sequenced over time. Peer and cohort learning play a critical role in sustainable growth by fostering collaboration, shared problem-solving, and the exchange of best practices among leaders facing similar challenges. Differentiating leader development based on individual needs and school contexts ensures that learning is relevant, actionable, and responsive to each community's unique priorities. By engaging leaders in practical, real-time learning experiences within similar contexts and providing immediate opportunities to apply new skills, this approach not only deepens professional growth but also creates direct, positive impacts for students in their classrooms and school communities. Leaders participating in monthly Learning Labs will be supported with skill and knowledge building, authentic practice, and pre and post work.</p> <p>Executive Director Professional Learning: TNTP proposes a comprehensive approach to developing Executive Directors through monthly professional learning sessions and ongoing wraparound support. These sessions will focus on equipping Executive Directors to lead consistent cycles of support for their principals, grounded in data-driven coaching conversations, frequent instructional observations, and accountability for student outcomes. By building skills that are applicable across all content areas and grade levels, this learning will strengthen Executive Directors' ability to drive instructional leadership, support principal growth, and ensure every school maintains a clear focus on improving teaching and learning.</p> <p>Curriculum-Based Professional Learning: Teachers participate in professional learning sessions delivered by the academics department based on HQIM and the district adopted instructional resources in language arts and math. 6-8 teachers began attending content area sessions in September, where they received in-person learning on using HQIM, RBIS, and had opportunities to lesson prep and lesson practice with their teams. These sessions will be ongoing during district and campus designated professional learning days per the AISD calendar (November, January, and April). In November, teachers will also be offered various sessions regarding Tier 2 and Tier 3 district adopted instructional materials for reading and math, including refreshers on the MTSS process for identifying students for interventions and progress monitoring students who are receiving interventions.</p>
How will you differentiate training for inexperienced (less than 2 years in role)	<p>Lighthouse Schools</p> <p>Teacher Coaching: Throughout the school year, select teachers will receive biweekly one-on-one coaching with a TNTP staff member. These coaching sessions will focus on the</p>

and/or ineffective teachers/leaders ?	effective implementation of high-quality instructional materials to ensure students receive systematic, explicit instruction and practice in foundational skills, both in and out of context. Additionally, teachers will be coached on delivering strong, comprehension-based lessons using high-quality texts to help students build knowledge. Teachers will also develop a deep understanding of best practices for center implementation, effective small-group instruction, and differentiation of materials.
What tool will be used to evaluate implementation of the training (for example, classroom walkthrough tool, leadership coaching tools)? What look fors will be included in this tool?	<p>MTSS Literacy Walkthrough Tool</p> <p>The AISD Literacy Classroom Walk Through tool is designed to support instruction in both Tier I and Tiers II & III to align with AISD's definition of excellent (b)literacy instruction. Instructional leaders should use this form when observing in K-5 literacy classrooms and intervention. Note that there are separate indicators for Foundational Skills and Reading Comprehension as instruction should look very different in these settings.</p> <p>MTSS Math Walkthrough Tool</p> <p>The AISD MTSS Math Classroom Walk Through tool is designed to support instruction in both Tier 1 and Tiers 2 & 3 to align with AISD's definition of excellent math instruction. Instructional leaders should use this form when observing in K-5 math classrooms and intervention. Note that there are separate indicators for Numeracy Skills and Core Math Instruction as instruction should look different in these settings.</p> <p>PLC Leader Feedback Tool</p> <p>This form is used to plan, observe, and give feedback on PLC meetings ensuring they are well-organized, focused on learning goals, and centered on instruction, collaboration, and data analysis. It guides reflection, supports actionable next steps, and helps leaders provide feedback that strengthens teaching and improves student outcomes.</p> <p>Critical Deliverables Review and Feedback</p> <p>This form is used to track campus progress on key instructional leadership deliverables such as core calendars, PLC planning, coaching caseloads, and instructional rounds and to provide targeted feedback and next steps to ensure consistent implementation and improved teaching and learning outcomes.</p> <p>Principal Supervisors will observe campus PLCs and gather data on this tool to guide support at the district level.</p>
How frequently will each teacher receive an observation from an instructional leader or coach, and receive feedback?	Each teacher will receive frequent, structured observations paired with timely feedback to ensure consistent growth and alignment with instructional goals. Teachers will be observed by an instructional leader or coach on a bi-weekly basis (every two weeks), with priority for weekly observations for new teachers (less than two years of experience) or those identified as ineffective. Each observation will be followed by a feedback conversation within 48 hours,

DRAFT 10.3.25

	<p>focusing on one or two high-leverage action steps that can be implemented immediately.</p> <p>In addition, informal walkthroughs will occur multiple times per week to provide real-time coaching and monitor progress on previously identified goals. This rhythm of frequent observation, immediate feedback, and follow-up monitoring ensures that professional learning is ongoing, actionable, and directly tied to improved student outcomes.</p> <p>Each teacher will receive a total of 5 observations per year:</p> <ul style="list-style-type: none">• 4 informal walkthroughs – two in the fall and two in the spring• 1 formal observation <p>This means each teacher will receive feedback at least five times per year, following each observation (4 informal + 1 formal), typically delivered through Perform and with their assigned appraiser.</p>
What capacity building supports related to supporting students in special populations will teachers and administrators receive?	<p>Teachers and administrators will receive targeted capacity-building supports to strengthen their ability to meet the needs of students in special populations, including English Learners (ELs), students receiving Special Education services, and those identified as gifted and talented. Professional development will focus on differentiated instructional strategies, including scaffolding, use of visuals and language supports for ELs, and accommodations and modifications for students with IEPs. Staff will also be trained on Universal Design for Learning (UDL) and culturally responsive teaching practices to ensure lessons are accessible and inclusive for all learners.</p> <p>In addition, teachers will receive coaching on data-driven decision-making, learning how to analyze student progress monitoring data, disaggregate results by subgroup, and use that information to plan interventions. Administrators will be trained in compliance and program monitoring, including ARD/IEP implementation, 504 supports, and requirements under federal and state law, while also developing their capacity to provide effective feedback to teachers around inclusive practices.</p> <p>Both teachers and leaders will also participate in collaborative planning sessions with specialists such as interventionists, special education teachers, and ESL coordinators to ensure consistency of all supports and shared accountability for student growth. Finally, the school will prioritize ongoing coaching cycles and peer observations where staff can see effective inclusive practices in action, reinforcing professional learning and building a sustainable culture of support for special populations.</p>
