IV. Student Outcome Goals

Enter the campus-wide goal for the All Grades	Reason identified and what improvements need to be made to achieve a C. Upon the release of the 2025 State Accountability Ratings, Oak Springs has 3 consecutive unacceptable campus ratings (Fs). Campuses with two consecutive unacceptable ratings are required to write a turnaround plan (19 Tex. Admin. Code § 97.1064 (a)). Below is a path to achieve an acceptable (C) rating in school years SY26-28: 1. 70% of students achieve academic growth in Domain 2A, and by demographic groups evaluated in Domain 3. <and>

	<ol style="list-style-type: none">2. 45% of Emergent Bilingual students will achieve composite growth or advanced high on the TELPAS assessment. <and>3. All students earn 50% of points or more on every STAAR assessment they take. (Optional, yet highly recommended) <p>For 2025-26, Oak Springs Elementary will focus on the student growth metrics, outlined above, not specific achievement rates at meets and above.</p> <p>For SY2026-2028, X Oak Springs, will focus on the student growth metrics, outlined above.</p>
Enter the campus-wide goal for the All Grades Math & Reading Meets Grade Level or Above STAAR Performance rate for the 2025-2026 school year.	<p>In year one and two of the implementation of the campus turnaround plan, student growth will be leveraged in Domain 2A and Domain 3, in order to achieve a C rating. By year three, student academic growth should be significant enough so that student achievement in Domains 1 and 2B is at a C rating. Starting with SY 2027-28, the Domain 1 goal across all grades and subject areas would be 70% of tests at Approaches and Above, 30% of tests at Meets and above and 15% of tests at Masters.</p> <p>The Domain 1 goal across all grades and subject areas would be 70% of tests at Approaches and Above, 30% of tests at Meets and above and 15% of tests at Masters.</p>

If No above , what new curriculum will be adopted?	Not Applicable.
When will the district adopt the new curriculum?	Not Applicable.
How will the district ensure that each campus will meet the minimum instructional minutes required to implement the curriculum?	<i>The district will ensure compliance through multiple aligned systems. Campuses are required to follow the <u>2025–26 Master Schedule Guidelines</u>, the <u>Elementary Essential Areas Standards of Service</u>, and the <u>Elementary Instructional Minutes Guidance</u> when designing their schedules. To support implementation, the district provided professional development during summer 2025 on expectations for detailed and posted schedules. Ongoing monitoring will occur through principal supervisors and campus instructional leadership teams, who will conduct classroom observations and instructional rounds to verify adherence and provide support where adjustments are needed.</i>

XII. Capacity Building

Guiding Question: Does the plan ensure that administrators and teachers receive appropriate job-embedded training?

This development will occur biweekly, in alignment with the Learning Lab model.</p> <p>District Wide PD led by Academics team and TNTP:</p> <p>Monthly Principal Session: HQIM Implementation and MTSS</p> <p>Monthly AP Session: HQIM Implementation and MTSS</p> <p>Monthly IC Session: HQIM Implementation and MTSS</p> <p>Progress Monitoring:</p> <p>TNTP will support the district in monitoring progress toward literacy and math goals through formal classroom observations. TNTP will collect and analyze the progress monitoring data and facilitate two continuous improvement sessions to identify trends, guide strategy, and strengthen (Bi)Literacy instruction and math across the district and facilitate Continuous Improvement sessions for district leaders.</p> <p>Learning Labs:</p> <p>As Austin ISD and TNTP seek to expand the Lighthouse model in 2025-2026, all selected Lighthouse Schools will serve as sites for Learning Labs. To accelerate instructional leadership and improve student outcomes, Learning Labs are grounded in the belief that effective leader development must be strategic, consistent, and sequenced over time. Peer and cohort learning play a critical role in sustainable growth by fostering collaboration, shared problem-solving, and the exchange of best practices among leaders facing similar challenges. Differentiating leader development based on individual needs and school contexts ensures that learning is relevant, actionable, and responsive to each community's unique priorities. By engaging leaders in practical, real-time learning experiences within similar contexts and providing immediate opportunities to apply new skills, this approach not only deepens professional growth but also creates direct, positive impacts for students in their classrooms and school communities. Leaders participating in monthly Learning</p>

	<p>Labs will be supported with skill and knowledge building, authentic practice, and pre and post work.</p> <p>Executive Director Professional Learning: TNTP proposes a comprehensive approach to developing executive directors through monthly professional learning sessions and ongoing wraparound support. These sessions will focus on equipping executive directors to lead consistent cycles of support for their principals, grounded in data-driven coaching conversations, frequent instructional observations, and accountability for student outcomes. By building skills that are applicable across all content areas and grade levels, this learning will strengthen executive directors' ability to drive instructional leadership, support principal growth, and ensure every school maintains a clear focus on improving teaching and learning.</p> <p>Curriculum-Based Professional Learning: Teachers participated in professional learning sessions delivered by the academics department based on HQIM and the district adopted instructional resources. In literacy, math, and science, all K-5 teachers attended content area sessions during August teacher inservice days where they received in person learning on using HQIM, RBIS, and had opportunities to lesson prep and lesson practice with their teams. In September, teachers participated in a required session regarding PLC data protocols using beginning of year screening data and curriculum-based assessment data. In November, teachers will receive various sessions regarding Tier 2 and Tier 3 district adopted instructional materials for reading and math, including refreshers on the MTSS process for identifying students for interventions and progress monitoring students who are receiving interventions. Additional sessions regarding HQIM and RBIS will be ongoing during district and campus designated professional learning days per the AISD calendar (November, January, and April)</p>
How will you differentiate training for inexperienced (less than 2 years in role) and/or ineffective teachers/leaders ?	<p>Lighthouse Schools:</p> <p>Teacher Coaching: Throughout the school year, select teachers will receive biweekly one-on-one coaching with a TNTP staff member. These coaching sessions will focus on the effective implementation of high-quality instructional materials to ensure students receive systematic, explicit instruction and practice in foundational skills, both in and out of context. Additionally, teachers will be coached on delivering strong, comprehension-based lessons using high-quality texts to help students build knowledge. Teachers will also develop a deep understanding of best practices for center implementation, effective small-group instruction, and differentiation of materials.</p>

XIV. Performance Management

Guiding Question: Has the district outlined a performance management plan that ensures the strategy will be implemented with fidelity?

Please describe how district and campus leaders will monitor the successful implementation of this plan.	<p>District and campus leaders will monitor assessment results of universal screeners, curriculum based assessments, and STAAR Interim assessments.</p> <p>Principal supervisors will visit the campus weekly to observe instruction, PLCs, and ILTs and monitor meeting agenda record and observation and feedback trackers with principals.</p> <p>TNTP will collect progress monitoring data in the fall, winter, and spring on the implementation of HQIM as intended.</p>
Who will be responsible for reviewing progress towards the milestones described in the previous section?	<p>Principal</p> <p>Principal supervisors/DCSI</p> <p>Assistant Superintendent</p>
How frequently will progress toward milestones be reviewed?	<p>Bi-Weekly</p>

Draft 10.3.25

How will milestone progress data be collected?	Completion notes and artifacts will be linked in the shared campus TAP folder.
How will milestone progress data be shared with district leadership and other relevant stakeholders?	Completion notes and artifacts will be linked in the shared campus TAP folder.

XV. Resources

Guiding Question: Has the district identified all resources needed to implement the SI strategy?

Please share the required costs to implement plan and source of funds	<p>Cost associated with: TBD</p> <ul style="list-style-type: none"> • Staff: assistant principal, instructional coach (2), instructional coach behavior (1), content interventionist (2), teacher assistant, counselor (2), academic coaching specialist (shared) • Modified staffing formula
