scaled score goals for Domain III components (Academic Achievement, Growth Status, ELP Status, and Student Success Status) for the 2025–2026 school year.	
Performance goals aligned with an overall rating of C and exiting Comprehensive support and improvement	In 2026 Eastside will have 80% of students earn CCMR credit. Eastside will achieve a graduation rate of 96% or higher. On Algebra I, English I & II Eastside will have 70% of students achieve academic growth using the Domain 2A methodology.
Enter the campus-wide goal for the Alg I, ELA I and ELA II EOC Meets Grade Level or Above STAAR Performance rate for the 2025-2026 school year.	The combined meets and above rate for Algebra I, English I & II will be 25% for SY 2025-26.
Enter the 2025-2026 Component Points campus goal for the Academic Achievement Component of Domain III.	Each group evaluated will exhibit minimal growth in both reading and math (1% higher than last year's rate). Component points earned 8 out of 32, <b>25%</b> .
Enter the 2025-2026 Component Points campus goal for Federal Graduation Rate	Each group evaluated will achieve expected growth in their Federal Graduation rate. Component points earned 8 out of 16, <b>50%</b> .
Enter the 2025-2026 Component Points campus goal for the ELP Status Component of Domain III.	28% of students will achieve composite growth on TELPAS. Component points earned 3 out of 4, <b>75%</b> .
Enter the 2025-2026 Component Points campus goal for the School Quality Component of Domain III.	All groups evaluated will achieve the 2025 target for School Quality (CCMR) Component points earned 12 out of 16, <b>75%</b> .

## V. School Improvement Strategy

**Guiding Question:** Is the proposed strategy likely to move the campus to a C or better OR CSI exit in two years or less?

What strategy or strategies will you implement for this campus?	<ul style="list-style-type: none"> <li>Improve Graduation Rate</li> </ul>

the master schedule for curriculum delivery, and does this amount of minutes meet the required/recommended number of minutes?	
How many instructional days are included in the 2025-2026 calendar?	169
If there are fewer than 165 instructional days in the 2025-2026 calendar, what steps will the district take to ensure a 165-day calendar is adopted and implemented in 2026-2027?	Not Applicable
Please describe the assessment plan for the impacted campus(es)	<p>Eastside ECHS implements a comprehensive assessment plan designed to monitor student growth, inform instruction, and ensure alignment with district and state expectations. The plan includes Beginning-, Middle-, and End-of-Year MAP Growth Assessments, Curriculum-Based Assessments (CBAs) aligned to HQIM, the Summit K12 Middle-of-Year Assessment for Emergent Bilingual students, and STAAR Interim Assessments. In addition, campus-level Common Formative Assessments (CFAs) are collaboratively developed by content teams for courses without district CBAs, and non-core classes utilize CFAs, exit tickets, and other checks for understanding.</p> <p>Assessment results are reviewed during PLCs with both content partners and vertical teams. Teachers collaborate with Instructional Coaches, Content Interventionists, Department Chairs, and Administrators to interpret data, plan instruction, and monitor progress toward goals. Teachers also use this data to set goals and confer with students, fostering student ownership of learning. Large-scale assessment administration is overseen by the Campus Testing Coordinator, while all instructional staff share responsibility for analyzing and responding to data to promote continuous improvement in teaching and learning.</p>
Will the campus(es) implement a PLC structure?	Eastside ECHS has an established and fully implemented Professional Learning Community (PLC) structure that serves as the foundation for collaboration, instructional improvement, and data-driven decision making. Each content area team meets twice weekly (once as a vertical team and once as content partners) to engage in data analysis, lesson planning, and

## Update DRAFT 10.31.25

	reflection aligned with district expectations and the campus's Falcon Four instructional priorities. The PLC structure is intentionally embedded into the master schedule to ensure teachers have dedicated time to analyze student learning, plan Tier 1 instruction, and align interventions. Facilitators, including department chairs, instructional coaches, and administrators, guide teams through a consistent, data-driven process that supports continuous improvement and promotes shared accountability for student outcomes.
How will PLCs be organized (by grade level, content area, etc.)?	PLCs at Eastside ECHS are organized by content area, including Math, English Language Arts, Science, Social Studies, Fine Arts, Dual Language, and Special Education. This organization allows teachers to collaborate with colleagues who share the same curriculum standards, assessments, and instructional materials. The structure promotes both horizontal and vertical alignment across grade levels, consistency in instructional delivery, and targeted discussions centered on student work, data, and the effective use of High-Quality Instructional Materials (HQIM).
How frequently will PLCs occur?	PLCs occur twice each week (approximately 90 minutes each) to provide ongoing opportunities for collaborative planning and instructional reflection. One PLC session is designated for vertical collaboration, which includes Tier 2 progress monitoring, assessment analysis, and alignment to district and campus initiatives. The second PLC session is held with content partners and focuses on lesson design, instructional adjustments, and development of Common Formative Assessments (CFAs). This dual-structure approach ensures both vertical and horizontal alignment while maintaining a consistent focus on data-informed instruction and student achievement.
Who will facilitate PLCs?	PLCs are collaboratively facilitated by the Department Chair, Instructional Coach, and the Assigned Administrator. Department chairs provide content-specific leadership and guide instructional alignment, the instructional coach supports teachers in data analysis and lesson design, and administrators ensure the work aligns with district goals and campus improvement priorities. This shared leadership model creates coherence, promotes accountability, and ensures each PLC functions as an effective professional learning system.
Who is required to attend PLCs?	All department teachers are required to attend PLC meetings, including Special Education teachers, instructional support staff, and assigned administrators.
Please describe the PLC protocol to be used	Eastside ECHS implements a data-driven discussion protocol to guide all PLCs. Each meeting begins with a structured welcome and Tier 2 progress monitoring check-in to address student interventions and supports. When recent assessments are available, teams collaboratively analyze Curriculum-Based Assessments (CBAs), MAP Growth data, and other formative assessment measures to identify trends, strengths, and areas for reteach. Teachers use High-Quality Instructional Materials (HQIM) such as

## IX. Graduation Rate

## Update DRAFT 10.31.25

**Guiding Question:** How will the campus provide individualized supports to students at risk of dropping out?

Please describe the overall strategy to improve the graduation rate at this campus/these campuses.	This comprehensive strategy, named the <b>Graduation Command Center</b> , is a data-driven, color-coded tracking model designed to guide every student toward graduation. It integrates crucial data points—academics, attendance, end-of-course (EOC) progress, and student status—to provide targeted support and interventions. The goal is simple: proactively identify students at risk and provide the right support at the right time.
What student level data points will the campus track?	<p><b>Transcript Audit &amp; Graduation Planning:</b> This involves a comprehensive review of student transcripts to identify missing course credits and develop a strategic schedule to ensure on-time graduation. This proactive approach helps students meet all requirements efficiently.</p> <p><b>Credit Recovery Programs:</b> We have established targeted programs to help students recover academic credits for courses they previously didn't pass, enabling them to stay on track toward graduation.</p> <p><b>Tutoring and Academic Support:</b> This includes various structured tutoring and support sessions.</p> <ul style="list-style-type: none"><li>○ <b>Panther Hour:</b> A campus administration-assigned tutoring block available before or after school hours, with a strong focus on <b>Texas Success Initiative (TSI) test preparation</b>.</li><li>○ <b>Delta &amp; Twilight:</b> These are specific academic intervention programs designed to support student learning and address academic gaps.</li></ul> <p><b>Data and Analytics Dashboards:</b> Our team uses several data-driven tools to monitor key student metrics.</p> <ul style="list-style-type: none"><li>○ <b>IGC &amp; Attendance Dashboards:</b> These provide real-time data to monitor student engagement and attendance patterns.</li><li>○ <b>Mobility Tracking:</b> A system to track student enrollment, including new students, returning students, and potential "leavers" to identify and address retention challenges.</li><li>○ <b>On-Data Suite:</b> Eastside staff will learn best practices for tracking PEIMS data using the On-Data Suite. This new system will ensure greater accuracy and compliance, allowing us to make more effective data-driven decisions.</li><li>○ <b>Cohort Data Report:</b> This report provides a detailed analysis of specific student groups to inform targeted support strategies.</li></ul>
