What We Heard...

East side lacks
space for
community to
congregate

Need more green
space

Need affordable
housing for teachers
and families

Need affordable
space for nonprofits
that serve area
residents

Need for childcare
services

What We Learned...

- Displacement of Hispanic population by new White residents
- Average household income within 1-mile of Coy is 37% less than the City-wide average (\$47,538 vs. \$75,752)
- New apartment buildings cater to young professionals and non-family renters
- Affordability
 - Rising Rents
 - For Sale housing more expensive than similar rental options

Site Factors

Zoning (P-NP): Allows public uses, but other uses require City approvals.

FEMA Flood Zone: Restricts construction on approximately 1.7 acres.

Compatibility Requirements: Restricts building height based on nearby single family homes.

Heritage Trees: Numerous large protected trees located across the site.

Existing School Facility: Occupies a significant portion of the site, limiting development opportunities.
