

Cultivating Tomorrow's Teachers

The Cultivating Tomorrow's Teachers program will create pathways for AISD students currently participating in the Ready, Set, Teach programs at Akins and Navarro Early College High Schools. Cultivating Tomorrow's Teachers facilitates students returning to AISD and serving the school communities where they received their own education. AISD will partner with universities, both local and throughout the state, to accelerate the teacher certificate process and bring former AISD students into our classrooms. They will be student teachers and fully certified teachers at Paredes Middle School and Burnet Middle School in as early as three years following high school graduation. Cultivating Tomorrow's Teachers will provide continued mentoring and support to novice educators.

Serving Students

Students who are inspired to become teachers themselves will have early exposure and high-quality teacher training that sets the stage for their professional careers. Getting their start in a supportive environment enhanced by strong partnership helps instill a commitment to urban education and the value it brings to the community.

Preparing Our Kids To Succeed By

- Increasing the diversity of our educators so students can see themselves reflected in their teachers.
- Allowing students to learn from educators who trained with the district's core values of equity, cultural proficiency, diversity and inclusion, student-centered learning, and social and emotional learning, and brain-based trauma-informed instruction.
- Growing the pool of bilingual educators.
