Assistant Superintendent
Elementary Academics

Dr. Susan Diaz
Assistant Superintendent
Secondary Academics

Krystal Colhoff
Director of MTSS

Multi-Tiered System of Support - MTSS Overview

MTSS is a system-level initiative that helps districts improve student outcomes through the use of

- screeners and multiple sources of data
- a continuum of tiered support
- progress monitoring
- data-based decision-making

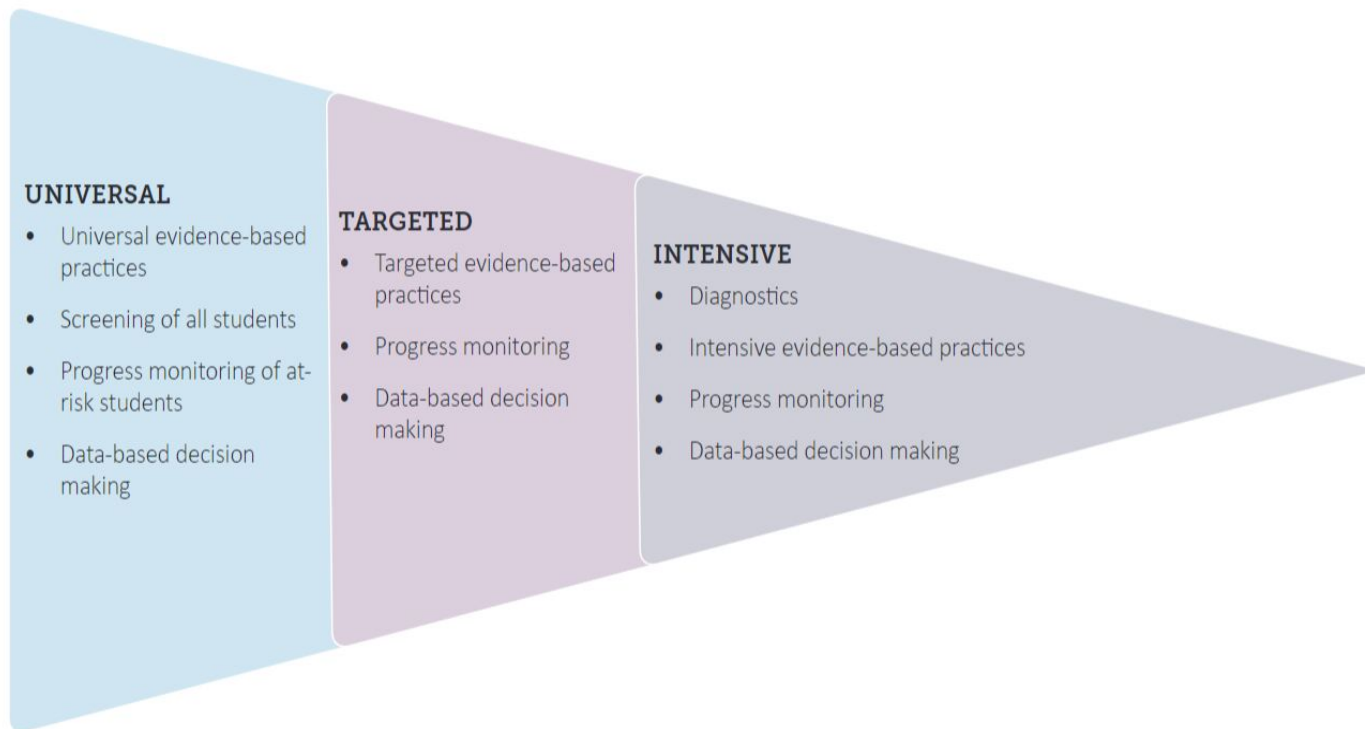

MTSS Tiers

Tier 1 Universal

Tier 2 Targeted 15-20%

Tier 3 Intensive 5-10%

Placement Across Tiers

Increasing level of support

Tier 1

High quality, effective instruction in academics and behavior for all students in the classroom.

Tier 2

In addition to high quality instruction, there is a need for targeted, consistent interventions to be on track for grade level success.

This increased level of support requires setting goals for students and tracking progress toward goals.

Tier 3

After high quality interventions in Tier 2 are delivered with fidelity, student is not progressing and needs more intensive interventions.

Classroom Walkthroughs

- All core teachers, interventionists, and inclusion teachers who spend at least 50% of their time in core classrooms received one walkthrough in Fall of 2024
- Teachers identified for additional support will receive coaching and two more walkthroughs in Spring of 2025

Classroom Walkthrough Forms

- MTSS walkthrough forms created for K-12 include all tiers of instruction
- Focus on math and literacy research-based practices
- Forms also include effective practices for intervention settings

Leadership Implementation Visits

- Campus leaders received one implementation visit in Fall of 2024
- Executive Directors of School Leadership conducted visits and rated various areas of MTSS implementation
- Leaders identified for additional support will receive coaching and two more visits this Spring

Walkthrough Completion

- 100% of walkthroughs were completed on time and this report was submitted to TEA
- Total number walkthroughs: 1,796 at elementary and 954 at secondary
- Total number of campus leadership implementation visits: 114

Additional Walkthroughs

- Teachers and campus leaders will receive coaching and additional walkthroughs/visits based on fall performance
- MTSS related coaching sessions are completed by Feb. 14th
- Additional walkthroughs will be completed by May 31st

Upcoming Fall Requirements

- **March 31st – Second data submission to TEA to include:**
 - Student universal screening reports in reading and math
 - Percentage of students identified for Tier 2 and Tier 3 intervention
- **May 31st**
 - Newly hired teachers and administrators for 2024-25 school year will complete condensed TIER module training (asynchronous course)
- **June 30th**
 - Comprehensive report to TEA and AISD Board of Trustees regarding Year 1 of MTSS implementation
 - Submit report to TEA regarding PEIMS coding for interventions
