

2004-2005 AISD Parent Survey Results

Anderson High School

The following report contains the results of the 2004-2005 AISD Parent Survey for your campus and all AISD schools at your level. The first section of this report provides a comparison of the campus demographics and the demographics reported by parents who responded to the survey from your campus. The next section describes the percentage of parents selecting specific responses for each survey item, and the final section indicates the actual number of parents who selected each response option. Campus survey results should be examined for areas of strength and opportunities for improvement. Results for all AISD schools at your level are presented to provide a reference for comparison.

Note: Student population data are based on Fall 2003 and Fall 2004 PEIMS data submitted by the district to TEA, and may differ from the official AEIS report. Parents may have selected grade levels that are not applicable to your campus; this is likely due to confusion with the placement of bubbles on the scan form.

2004-2005 AISD Parent Survey Item Responses

Each survey item is presented below, followed by a bar graph containing results for your campus and for all campuses at your level.

Please examine the results below to determine areas of strength and opportunities for improvement. Large percentages of "Strongly Agree" and "Agree" indicate areas in which your campus staff excel, and large percentages of "Disagree" and "Strongly Disagree" indicate areas for possible improvement.

In addition, please compare the percentage of parents from your campus selecting each response option with the percentage of all AISD parents selecting each response option. If your campus percentages are very different from the percentages reported districtwide, please consider potential reasons for discrepancies.

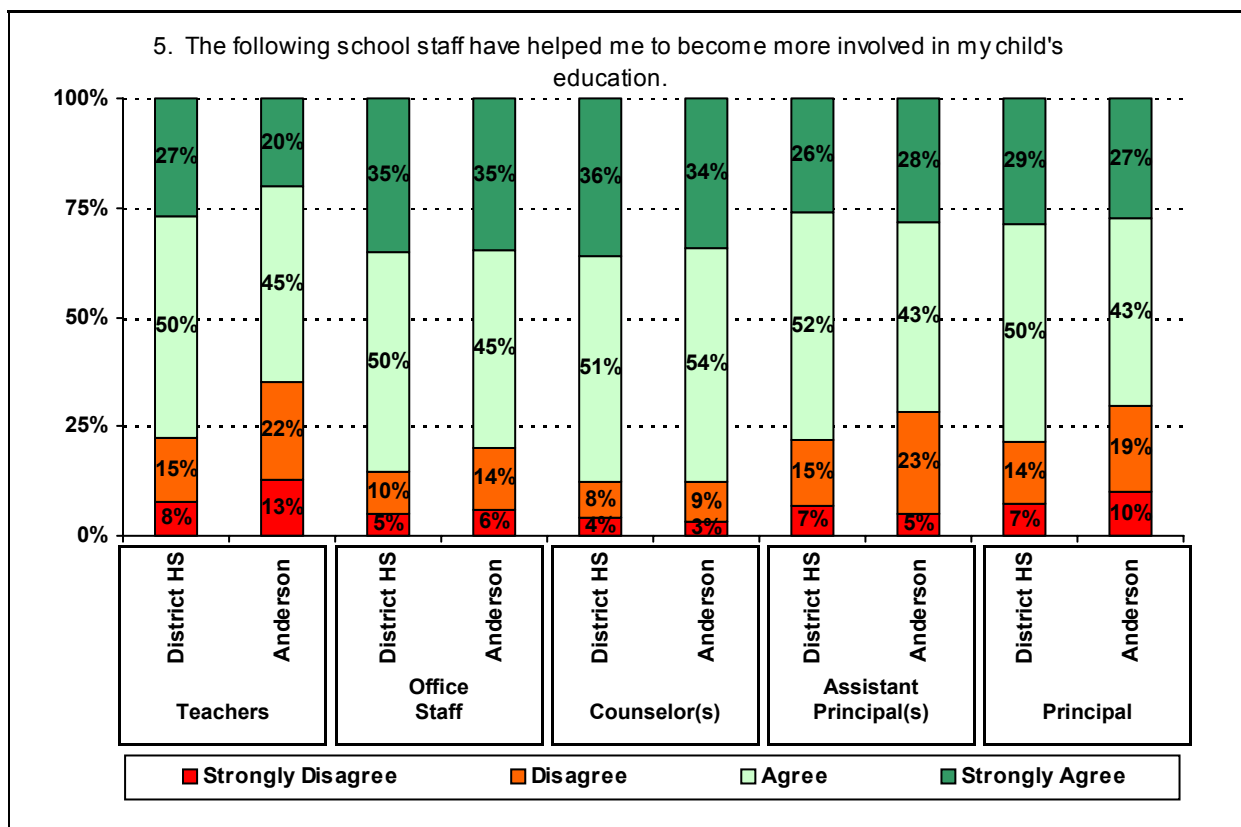

Please also review the results below for staff categories with consistently positive or negative responses. These responses may be used to identify opportunities for praise and areas for professional development.
