

HIGH SCHOOL EXIT SURVEY REPORT FOR CLASS OF 2011, LANIER HIGH SCHOOL

The ninth annual Austin Independent School District (AISD) High School Exit Survey was administered online to seniors in every AISD high school during Spring 2011. On each campus, *Project ADVANCE* facilitators primarily were responsible for ensuring all seniors were given the opportunity to complete the survey. Campus-level special education staff identified those seniors cognitively unable to complete the survey. These were the only students deemed ineligible to take the survey. Special education chairs at each campus were tasked with providing eligible special education students with guidance and assistance in completing the survey. Funding for this report was provided by district local funds.

This report contains the results for the Lanier High School Class of 2011. Where available, data are presented from previous senior classes to compare with 2011 responses. In addition, district results are presented alongside campus results for comparison purposes. In total, 3,793 students in the Class of 2011 completed the survey, including 246 students from Lanier. Tests for statistical significance are not included in this report; such analyses will be included in the district report.

Table 1 presents adjusted yearly response rates by campus and by district. The response rates were adjusted such that students not eligible to complete the survey, and those who withdrew from a campus before survey administration, were removed from the total. Next, responses to the multiple choice items from the survey are presented. In some cases, two or more tables appear for a single survey item. In response to feedback from campus administrators and staff during data seminars conducted by the Department of Program Evaluation this school year, more detail is provided for 2011 responses.

Table 1. High School Exit Survey Adjusted Response Rates, Classes 2009–2011

	Class of 2009	Class of 2010	Class of 2011

Lanier	96.1%	92.8%	90.4%

INDIVIDUAL ITEM RESPONSES FOR LANIER HIGH SCHOOL

Seniors' responses to the multiple choice questions were organized into seven general topic areas: postsecondary intentions and family support; high school experiences and campus climate; instruction and technology; postsecondary preparation and advising; and additional results.

Notes. Results for this item may not match prior year reports. Prior to 2011, the results for this question were based on the total number of survey respondents. In 2011, the results are based on the number of respondents completing this particular question and are consistent with the way all questions on the survey are analyzed. Respondents could select more than one option, so percentages may not total 100%. Missing values, denoted by a period, indicate the item was not included on the respective year's survey.
