

# Mathews Elementary School

## 2014-2015 AISD Student Climate Survey

Research indicates that school climate can either be a positive influence on students' learning environment, or can serve as a significant barrier to students' learning. Researchers have documented that positive ratings of student climate to contribute to factors that help high economically disadvantaged schools "beat the odds" (Voight, Austin & Hanson, 2013). Indeed, students at high-performing AISD schools with high levels of economic disadvantage had more positive ratings of behavioral environment and adult fairness and respect in Spring 2013 than did students at lower performing schools AISD with similar levels of economic disadvantage (Lamb, 2014).

The following tables show the total number of surveys students at Mathews completed in 2014-2015 (Table 1) and the response rate by grade (Table 2).

**Table 1. Number of Respondents in 2014-2015 for:**

	Mathews	All Elementary Schools
# of surveys returned	188	17,261
# of students	204	19,801
% of students represented	92%	87%

**Table 2. Response Rate by Grade for Mathews, 2014-2015**

grade	# of students enrolled	# of responses	response rate
3rd grade	55	51	93%
4th grade	57	49	86%
5th grade	52	48	92%
6th grade	40	37	93%

Note. Students' grade level was self-reported. Population data reflect enrollment as of the PEIMS snapshot date in October 2014.

Lamb, L. M. (2014). *2012-2013 Austin Independent School District (AISD) School Climate Update* (DRE Publication No. 12.94). Austin, TX: Austin Independent School District.

Voight, A., Austin, G., and Hanson, T. (2013). *A climate for academic success: How climate distinguishes schools that are beating the achievement odds (Full report)*. San Francisco: WestEd.

The following pages contain more detailed information regarding Mathews's student climate results from 2012-2013 to 2014-2015. Please review the individual items with particular attention to how Mathews's percentage of students providing favorable responses has changed or remained consistent over time. For items where longitudinal data are available, statistically meaningful changes are noted with up or down arrows. Please share the results of this report with all campus staff and your Campus Advisory Council to inform campus improvement planning.

Behavioral environment	Mathews			All Elementary Schools
	2012-2013	2013-2014	2014-2015	2014-2015
1. My classmates show respect to each other.	94%	95%	94%	88%
2. My classmates show respect to other students who are different.	90%	94%	91%	84%
3. I am happy with the way my classmates treat me.	89%	92%	91%	85%
