2017-2018 COORDINATED SCHOOL HEALTH REPORT

Principal: Monica Woods
Physical education teacher: Molly Rogers
CSH team member: Angie Wong

Results

Coordinated School Health (CSH) Program implementation data were collected from each Austin Independent School District (AISD) campus in Spring 2018. The results indicated that Oak Springs Elementary School received a rating of **Recognized** for the CSH Program implementation in 2017–2018. Campus results will be reflected in the District’s strategic scorecard and the House Bill 5 ratings, i.e., the School District Evaluation of Performance in Community and Student Engagement for wellness and physical education (TEC §46 (C) 39.0545).

CSH IMPLEMENTATION SUMMARY	2016-2017 SCORE/RATING	2017-2018 SCORE/RATING

Source. 2018 AISD CSH Program Report

The rating scale⁵² was based on identified activities that support coordinated school health efforts. There were 19 required and 77 supplemental opportunities for elementary campuses to meet or exceed the AISD CSH Program standards. All campuses submitted enough data to be rated. Oak Springs Elementary School completed 19 required and 34 supplemental items during the 2017–2018 school year.

One component of the supplemental credit earned was for yearly Fitnessgram improvement. The Fitnessgram measure includes a variety of health-related physical fitness tests that assess aerobic capacity, muscular strength and endurance, flexibility, and body composition. Scores from these tests are compared with healthy fitness zone (HFZ) standards to determine students’ overall physical fitness.

AISD campuses are encouraged to use their results to set goals for their Campus Improvement Plan.

⁵² Elementary school rating scale: unacceptable – achieved less than the 19 required items; acceptable – achieved all 19 required and 25 or fewer supplemental items; recognized – achieved all 19 required and 26-48 supplemental items; exemplary – achieved all 19 required and 49 or more supplemental items
