

2016-2017 COORDINATED SCHOOL HEALTH DISTRICT SUMMARY REPORT

Results

Coordinated School Health (CSH) Program implementation data were collected from each Austin Independent School District (AISD) campus in Spring 2017. Campus results are reflected in the District’s strategic scorecard and the House Bill 5 ratings, i.e., the School District Evaluation of Performance in Community and Student Engagement for wellness and physical education (TEC §46 (C) 39.0545).

Schools were rated on their Coordinated School Health Implementation on a 4 point scale (Unacceptable, Acceptable, Recognized, or Exemplary) based on identified activities that support coordinated school health efforts. The rating scale was different at each level¹, based on the overall number of required and supplemental activities available at each level.

Table 1
 Summary of Coordinated School Health Opportunities and Campus Ratings by Level
